Peterson Delivers AUI Lecture

Doug Humphrey

"We must lift up our eyes and look to the future." With these words, Russell W. Peterson, noted environmentalist and President of the National Audubon Society, summarized the thrust of his talk at the 23rd AUI Distinguished Lecture last Thursday, November 13. Peterson's topic was "Some Directions for Science and Technology: Setting a Course That Will Benefit Humankind and Preserve Our Ecosystems." As a top priority, Peterson said, "We scientists and technologists must learn to apply the ethical litmus test – to constantly question the wisdom of what we are doing in light of our obligations to posterity." Discussing the ramifications of these ideas are (from left) Warren Winsche, Deputy Director, BNL; Russell W. Peterson; and Dick Watson, Chairman of the AUI Lecture Committee.

Special Gifts For Special People

With Hannukah very early this year and Christmas coming up as quickly as ever, many BNL'ers may be wondering where they'll find the time to shop for those special gifts for those special people. All that running around. . .

But wait! The Exhibit Center is opening the doors to its Science Shop, Monday through Wednesday, December 1-3.

Ranging in price from 5¢ to $6.00, the wide variety of items at this year's sale were carefully selected by Science Shop Manager Janet Tempel. Some are practical, some are fun, but all are sure to please the lucky recipient, whatever his or her interests.

The Mini-Lab Kit may be just right for that budding scientist. For the executive, why not choose a lucite desk thermometer that "glows" the correct temperature. A book on *Long Island History* should grace the library of any local history buff. How about a kit for making sun prints for that talented craftsman? And the collector

in the family would probably love a colorful Exhibit Center button, one of several items sporting the Exhibit Center logo.

For convenience and a good selection of inexpensive but creative gifts, visit the Science Shop. Start that holiday shopping spree early – supplies of some of the items are limited. The Science Shop is located on the west side of Bldg. 701 and will be open on sale days from 10 a.m. to 3 p.m.

NYC Train Trip

The Hospitality Committee is planning a group railroad trip to the city on Wednesday, December 3. Departure will be at 7:55 a. m. from the Patchogue LIRR station. Round-trip fare for adults is **$3.25,** children under six years ride free.

Reserve a ticket by sending your fare through the U.S. mail to P.O. Box 322, Upton, New York 11973, no later than **Wednesday,** November 26. Make checks payable to "Brookhaven National Laboratory." Your tickets will be given to you on the train. Refunds will be made only if cancellations are received by the Friday preceding the scheduled trip.

Take A Closer Look!

See the difference? This article was computer phototypeset. Compare it to all the items outside the box, which were mechanically phototypeset.

The *Bulletin* is printed on site by the Photography and Graphic Arts Division, which recently acquired new computerized typesetting equipment. It's faster, easier and more versatile. In the next few weeks, we will gradually make the transition from mechanical to computerized typesetting.

In the meantime, the *Bulletin* may not look the same to you every week. This issue, for example, is "thinner" because the new equipment was not yet totally de-bugged when we went to press. You'll also notice it's printed half one way and half the other.

We'll tell you more about it in a later issue.

BNL Highlights

Brookhaven Highlights 1978-79 is now available to BNL staff and affiliates of DOE, AUI, and NRC. Staff members interested in obtaining a copy should contact Bronislas Orlowski at Ext. 3484 or Bldg. 477B and request report BNL 51200.

Those not affiliated with the above groups may purchase the report for $11.00 from the National Technical Information Service, U.S. Department of Commerce, 5285 Port Royal Rd., Springfield, Virginia 22161.

In Memoriam

Warren G. Behie, Technical Supervisor I in the Accelerator Department, died unexpectedly on November 17. Fifty-two years old, he had been with the Lab since 1957. Behie, who lived in Centereach, is survived by his wife Lucy and his three sons, Greg, Gary and Steven.

I.B.E.W. Meeting

Local 2230, I.B.E.W. will hold its regular monthly meeting on November 24, 1980, at 5:30 p.m. in the Knights of Columbus Hall, Railroad Ave., Patchogue. There will also be an afternoon meeting at 2 p.m. for shift workers in the Union office at 31 Oak Street, Patchogue. On the agenda will be regular business, committee reports and the President's report. **Please Note Time and Date.**

Cooking Exchange

Very soon we will be contemplating what to do with our Thanksgiving "leftovers." Join us at the next Cooking Exchange meeting on Wednesday, November 26, and we will demonstrate some ways to use that extra turkey, mashed potatoes and cranberries, as well as a few other recipes.

Cooking Exchange meetings are held at the Recreation Building from 12:30 to 2:30 p.m. and are open to all people affiliated with the Laboratory and their family members. There is a charge of $1 per person and babysitting is provided at 25¢ per child.

For more information call Ruth Fernow, 928-8465.

Holiday Candy

BERA would like to help you with your Christmas shopping by making it possible to buy all your holiday candy and cookies right here on site. Swersey's products, which you received so enthusiastically during the Mother's Day sale, will again be available at the BERA Film Service Office.

Orders will be taken starting Monday, November 24. To insure delivery in time for Christmas, the deadline date for taking orders will be Friday, December 12. Payment will be required at the time an order is placed. (Checks payable to BERA.)

The Film Service Office is located in Berkner Hall (adjacent to the cafeteria) and is open between 9:00 a.m. and 1:00 p.m. each workday.

To Your Health!

Andrea L. Brand, M.D., and Caroline Kramer, R.N., Occupational Medicine Clinic, are co-authoring a series of articles dealing with current trends in the medical field. These articles will be published in the *Bulletin* so that employees can gain a better understanding of health maintenance and prevention of disease.

If you are interested in having a particular topic covered, please send your suggestion to: Andrea L. Brand, M.D., and Caroline Kramer, R.N., c/o To Your Health!, Occupational Medicine Clinic, Building 490.

This week's column deals with common problems.

Night Cramps

Severe leg cramps can waken a sleeper at night. This simple exercise carried out a few minutes three times a day may prevent night leg cramps.

While facing a wall, stand barefoot with feet flat on the floor, arms outstretched and palms touching the wall. Lean forward slowly until a pulling sensation is felt in the calf muscle. Hold this position for 10 seconds and repeat once. Try this as a first line defense against night leg cramps, but if they persist, seek medical help.

Microwave Hazard:

Jelly Donut Burn

Placing a frozen donut, meat or fruit pie, or other such item in the microwave oven will comfortably warm the outer crust. However, the liquid center may heat to a much higher temperature, causing local burns if injested.

To avoid this hazard, cut open the crust and let the center cool before eating!

– Caroline Kramer, R.N.

"Potpourri" Party

"Potpourri" was the theme of the Fall Tea & Sherry Party sponsored by the BNL Hospitality Committee last Thursday, November 13. The committee, which is chaired by Betty Mazarella and Ginny Thien, invited all women employees and wives of employees to visit with them at the Brookhaven Center.

Party attendees had the opportunity to learn about some of the BERA clubs, witness demonstrations on the arts of cake decorating and Japanese flower arranging, and enjoy the homemade breads prepared by the BNL Cooking Exchange.

Doug Humphrey

Ikebona – the art of Japanese flower arranging – was featured at the BNL Hospitality Committee's party.

Placement Notices

The Laboratory's placement policy is to select the best-qualified candidate for an available position, with consideration given to candidates in the following order of priority:(1) present employees within the department, with preference to those within the immediate work group; (2) present employees within the Laboratory as a whole; and (3) outside applicants.

The determination of the best-qualified candidate for available positions will be based upon education, experience and other job-related criteria. Such factors will be evaluated and measured against the demonstrable requirements of the available vacancy, as well as the Laboratory's Affirmative Action objectives.

The Laboratory is committed to a policy of Equal Opportunity in its selection and placement of personnel. Its objective is equality of opportunity in employment, training, and promotion without regard to race, color, religion, national origin, sex, age or handicap.

Each week, the Personnel Office lists new personnel placement requisitions. The purpose of these listings is, first, to provide open placement information on all nonscientific staff positions; second, to give employees an opportunity to request consideration for themselves through Personnel; and, finally, for general recruiting purposes. Because of the priority preference policy stated above, each listing does not necessarily represent an opportunity for all candidates. As a guide to readers, the listings are grouped according to the anticipated area of recruitment, as indicated below. Except when operational needs require otherwise, positions will remain open for one week following publication date.

For further information regarding a placement listing, contact the Personnel Placement Supervisor, Ext. 2882.
