I. INTRODUCTION

The Laboratory establishes and maintains recreation facilities on the site and encourages a varied program of activities that is administered by the Staff Services Division. The supervision of all activities is the responsibility of the Manager, Staff Services.

The Brookhaven Employees' Recreation Association (BERA) assists in the administration of the overall program. All employees as defined in Article III, Section 1, of the Constitution, are automatically members and are eligible to vote in the annual election of Executive Board Members. The Board consists of eight members whose main functions are to recommend policies, rules, procedures and a budget, which are submitted to the Manager, Staff Services for Laboratory approval.

The purpose of this manual is to assist those employees associated with the administration of the recreation program. Suggestions and recommendations to make this manual more helpful are encouraged.

B. FINANCE

Budget Policy

It is the policy of BERA to promote and assist new activities as much as possible with the hope that the activities will tend to become self-supporting as they progress, thereby enabling the Association to sponsor a greater number of activities and offer a more varied program to all employees.

Realizing that some activities can never become self-supporting, the BERA Board tries to evaluate the interest, participation, needs and costs of such program in an effort to determine the extent of BERA support which should be given. It is obvious, because of the many differences and variables involved in each activity, that no set formula can be developed to apply to each case.

Laboratory Support Income

Effective January 1998, Appendix A to the Prime Contract (DOE) was approved to provide that the Laboratory would support BERA with annual funds not to exceed an amount equal to \$10.00 per employee based on the total number of employees (excluding temporaries) as of January of each year.

Account Procedures

General

The Association Treasurer will maintain the accounting records on a cash basis. Capital equipment purchases will be fully reserved (cash value written off) in the period in which they are acquired. Items purchased for resale are not recognized as inventory.

1. Budget Accounting

Each activity requesting a budget allocation must have a constitution/By-laws on file in the Recreation Office and must submit a completed activity questionnaire and a budget request form prepared by the activity chairman, itemizing expenditures and estimated income (if any). These forms must be submitted to the Recreation Supervisor two months prior to the beginning of the new fiscal year. The BERA Board, with the assistance of the Recreation Supervisor, will then prepare the proposed budget and submit it to the Manager, Staff Services for approval.

The Association Treasurer will assign a BERA account number to each activity, which will be used as a means of identifying the appropriate activity when funds are expended.

Budget revisions may be requested by an activity or may be ordered by the Board. Revision requests approved by the Board must be submitted to the Manager, Staff Services for final approval.

Expenditures over the authorized budget, necessary to continue a program or the operation of a facility, may be authorized without budget revision by the approval of the Board President and the Recreation Supervisor with the following limitations:

- a) such overage does not exceed 15% of the activity's budgeted amount, or \$250.00;
- b) such annual overage does not exceed \$1,000.00 of the overall budget.

Such approvals must be reported to the Manager, Staff Services and to the BERA Board at the next meeting.

2. Accounting Records

The Association Treasurer will maintain all records necessary to account properly for the Association funds. These records include, but are not limited to, the following:

- a) Ledger. This will be an operating ledger with individual accounts for each activity. Such accounts will show the activity budget, expense and income with appropriate available balances.
- b) Cash Journal. This record will show monthly deposits and a detailed record of all withdrawals. Monthly footings will establish cash balances for reconciliation with bank statements.
- c) Checkbook. Checks should be prenumbered. One signature will be required for checks up to \$3,000.00. Checks for amounts over \$3,000.00 will require two authorized signatures. The following persons have signature authorization:
Christine Carter
Elliott Levitt
Steven Gill
Mark Israel
- d) Voucher File. Invoices supporting payments other than Payroll shall be kept in the office of the Supervisor, BERA/Recreation.
- e) Payroll Records. These should include individual payroll cards and earnings for each BERA employee. All payments must be supported by completed W-4 withholding tax certificates, properly approved time cards, and rate authorizations.

3. Hiring and Payroll Procedures

Applicants for employment will be processed through Staff Services in accordance with current BNL hiring procedures. The rate of pay for all BERA employees is the responsibility of the Manager, Staff Services.

The Recreation Supervisor is responsible for the supervision of all BERA employees. Time cards will be approved by the Recreation Supervisor and forwarded to the Treasurer, who will prepare the payroll in accordance with current statutory requirements.

4. Purchasing

Purchases require the following Laboratory approval:

- a) up to \$3,000.00 - Recreation Supervisor
- b) over \$3,000.00 – Manager, Staff Services

Purchase requisitions are not required for material and services unless deemed necessary by the Recreation Supervisor. Purchase requisitions are prepared by the Staff Services Division and forwarded to the Division of Contracts and Procurement for processing.

Delivery of material is first made to the Receiving Section of the Supply & Material Division and then to the Recreation Office. Items of capital equipment are indicated, identified, and included in the master inventory file (see section of Facilities and Equipment).

5. Payment to Vendors

After being approved by the Recreation Supervisor, invoices are forwarded to the Treasurer who will:

- a) draw and sign (with countersignature, if required, as indicated in signature authorization procedure) a check in the amount due;
- b) attach check to invoice;
- c) forward check with invoice to the Recreation Supervisor.

The Recreation Supervisor will then mail check to the vendor and file the paid voucher in the appropriate activity account folder.

6. Petty Cash

A Petty Cash Fund of \$100.00 shall be maintained by the Recreation Supervisor and shall be available for petty cash expenditures. The Recreation Supervisor or the Board President shall approve all petty cash expenditures. All expenditures must be supported by a receipted bill or certified petty cash voucher.

Periodically, these bills and vouchers shall be summarized and forwarded to the Association Treasurer for reimbursement. Reimbursement shall be by check, in the exact amount as supported, payable to the Recreation Supervisor.

C. INSURANCE

General Liability

BNL carries an automobile and general liability policy in which BERA is the named insured. This insurance protects BERA against bodily injury and property damage claims. Included are reasonable expenses for medical services for bodily injuries (Insurance Reference Manual 5.2). **Persons injured in the course of BERA activities must immediately report their injury to the Occupational Medical Clinic and complete the accident reporting form prior to any submission of claims for medical expense reimbursement to the Workmen's Compensation Administrator.**

Other Insurances

BERA carries a New York State Workmen's Compensation and Disability Insurance policy for BERA employees.

The New York State Unemployment Law and the Federal Social Security Act are applicable to BERA employees.

- b) Concerts, Plays, Special Events, Movies, etc. A budget and admission schedule for each presentation shall be set by the Recreation Supervisor and the activity chairperson.

If tickets are to be used, BERA members should be offered a right to purchase in advance of any public sale. Since BERA's numerous activities are considered to be conducted primarily for the benefit of members and secondarily for others, visitors' ticket prices may be higher than those for members.

3. Spouses of Deceased BNL Employees

Spouses of deceased BNL employees are considered "Special Members" under this Admission Policy. This special membership entitles them and their dependent children to free admission to the swimming pool. Fees charged for any other activity would be the same as fees charged to employees. The Human Resources Division will inform spouses of deceased employees of BERA's policy and issue a "Special Member" identification card, which will permit entrance to the Laboratory and to the activity.

4. Retired BNL Employees

The Human Resources office will present retirees with a BERA identification card that will entitle them, with one guest, to attend any BERA social-cultural function on site admission-free; e.g., movies, plays, and concerts. The retired person will also be entitled to the use of the swimming pool at no charge. The BERA Board, however, reserves the right to set an admission fee on certain occasions; e.g., Special Events. Retirees may participate in any facet of the Recreation Program with the same privileges and at the same fees applicable to active employees.

Ticket Sales

1. Posting of Ticket Price Schedule

It is the responsibility of the chairperson of BERA activities conducting sales for an event to see that the proper BERA price schedule is posted at ticket offices at the time tickets go on sale.

2. Ticket Sales Procedures

- a) Tickets for Lab-wide BERA events will be printed, numbered, and issued upon request by the activity to the Recreation Supervisor. Tickets will be issued to the activity chairperson or ticket committee chairperson who is requested to comply with the following procedures:
 - (i) Record the Numbers of the Tickets issued on a master sheet.
 - (ii) Record on the master sheet the number of tickets distributed to each ticket seller.
 - (iii) Have ticket sellers return money from sales and record sales on master list as soon as possible.
 - (iv) At the conclusion of the sale period, ticket sellers must return all unsold tickets to the chairperson.

- (v) Money collected must be turned in to the Recreation Supervisor for deposit in the bank as soon as possible. If the Recreation Office is closed, money must be left at Security Headquarters for safekeeping.
 - (vi) Return all unsold tickets and completed master sheet to the Recreation Supervisor as soon as possible following the event.
- b) A master ticket ledger will be maintained by the Recreation Supervisor indicating the number and prices of tickets printed, issued, sold, returned, and destroyed.
 - c) No expenditures, under any circumstances, shall be made from cash received from ticket sales.
 - d) Upon turning in receipts to the Recreation Supervisor, the ticket chairperson shall receive a signed deposit slip.
 - e) The Recreation Supervisor will forward a duplicate bank deposit receipt to the Association Treasurer who will credit the proper account.
 - f) A financial statement shall be prepared and signed by the ticket chairperson as soon as all expenses and income figures are available. This statement will be forwarded to the BERA Board for its information.

Requests for New Activities

The BERA Board is always willing to consider employee requests for sponsorship of new activities. However, the following preliminary requirements must be satisfied prior to the time such requests are addressed to the Board:

1. Make certain no less than twelve employees have expressed interest in the activity being introduced. Suggestion – interest can be generated by word-of-mouth, or by placing an ad in the classified page of the Bulletin.
2. Prepare a written proposal to the BERA Board including such activity information as:
 - a. Purpose
 - b. Goals
 - c. Tentative program of events or course of instruction
 - d. Projected budgetary needs
 - e. Participation requirements, if any.

NEWLY APPROVED ACTIVITIES

1. After an activity is approved for BERA sponsorship, members of the activity (especially elected officers) should become familiar with the BERA Constitution, By-laws and procedures. A copy of the BERA Administrative Manual will be issued to the activity for study and reference. With Board approval, start-up and/or support funding may be available for new clubs, not to exceed \$100.

Particular attention should be given to:

- a. Budget Accounting, (sample copy of Activity Questionnaire and Budget Request attached).
- b. Participation Policy
- c. Ticket Sales Policy

GUIDELINES – BERA ACTIVITIES

1. It is desirable that each BERA activity be governed not only by the policies and procedures established in the BERA Administrative Manual, but also by its own constitution and/or by-laws. Therefore, as soon as possible after an activity is approved, a draft of a governing document should be written and submitted to the BERA Board for review. The purpose of this review is to make certain the rules and regulations proposed by the activity do not conflict with those in the BERA Manual.
2. **Any and all instructors, advisors, consultants or contractors must have a sponsored connection and/or be invited to perform a service on behalf of a BERA activity, BNL, BSA, OMC, or any other designated body at BNL.**
3. **Under no circumstances shall any service or consulting be provided or performed on Laboratory grounds for a fee that is not connected to a BERA activity or BNL by specific invitation or sponsorship.**
4. Members of new activities are sometimes bewildered about prescribed protocol when a problem arises within an activity. As a BERA activity, all complaints and/or problems must be directed to the President of the BERA Board, who in turn will discuss the matter with the full Board for a decision. If, however, the Board feels the matter requires a, so to speak, “decision by a higher court”, it will be directed to the Recreation Supervisor or the Legal Office.
5. If an activity is planning a special event, i.e., party, dance, concert, the BERA Board must first be notified. All plans thereafter, must be coordinated with the Recreation supervisor. This includes the signing of contracts or letters of agreement between the activity and an outside second party. Most times, these contracts are signed by either the Recreation Supervisor or the Staff Services Manager.
6. All Bulletin articles and mailings pertaining to BERA activities must first be routed to the Recreation Supervisor for approval.
