The meeting opened at 12:05. It was noted that Arnie had submitted the September minutes for approval in October.

Information was received that Joyce Tichler had been re-hospitalized. A sympathy card was sent to the McAlary family.

A treasurer's report was forwarded by Ken Mohring and reported that there was \$751 in checking, \$4,390 in savings and \$8,190 in a Certificate of Deposit, for a total of \$13,330 in assets.

The December Newsletter was reviewed with Graham Campbell and had just been mailed out to members.

Arnie Peskin reported on his meeting with Mike Holland, DOE Site office regarding the re-negotiation of the BNL contract. He asked on BREA's behalf, that we be kept in the loop as an 'interested party'; all stakeholders are to be informed via the BNL website. It was noted that the solicitation criteria for the Fermi Lab contained 605 pages (they are one year ahead of BNL in the process). The BREA commitment to the process will be to maintain the status quo for retirees.

BREA will also try to maintain formal contacts with other DOE laboratory retirees.

The meeting ended at 1:10 pm. The next meeting is scheduled for Tuesday, 12 December 2004 in a room at Berkner Hall.
