

RED LEAGUE**Loopers (14-6) 4 -**

Metalliks (12.5-7.5) 0
The Loopers went to first place in the fifth week of our bowling season. R. Sick had a 501 series for the winners. High for the losers was Pollack (508), Galen (511).

Nuclides (8-12) 4

Woodbutchers (11-9) 0
Walt Milian had a 520 series for the Woodbutchers, but it wasn't enough to take any points from the Nuclides. High for the winners was J. Varela, with a 455 series.

Seven-Tens (10-10) 4 -

Bismuth Kings (7-13) 0
Capt. Cermak bowled a 496 series, and led his team to a glorious victory over the melting Bismuth Kings. N. Carter had a 183 game for the losers. I hear they farmed out a couple of their bowlers.

Gnats (10-10) 3 -

Hot Lab (7.5-12.5) 1
Two Hot Lab groups tangled in this match and W. Austin knocked over 496 pins, but the Gnats had Ruge with 495 and a bit of help from his teammates gave them 3 points.

BLUE LEAGUE**Techs (14-6) 2 - Cosmos (8-12) 2**

High man for the Techs was E. Heims with a 481 series, and for the Cosmos Dexter had a 204 game and a 526 series.

Thumpers (11-9) 4 - Skins (11-9) 0

The Skins were skinned tonight, bowling below average and losing all to the Red hot Thumpers. Brouwer (509) and Reams (498) were high for the Thumpers.

Biology (10-10) 4 -

Fire Dept. (8-12) 0
Biology took one game by forfeit and the rest by skill and moved up to fourth place. B. Steele hit a 206 for the winners.

Irregulars (10-10) 3 -

Down Unders (8-12) 1
In a very even match that only involved two points as a handicap, the Down Unders managed to bowl worse than the Irregulars.

CLASSIFIED ADS**FOR SALE**

HOUSE - Patchogue, near Bay. 10 rms., 5 bedrooms, oil hot water heat. City water and gas. Plot 50x136. Needs decorating. \$8,500. J. Plonski, SElden 2-3839.

HOUSE - Bay Ave. Patchogue. Cape Cod. 4 bedrooms, large kitchen-dinette, living room, 1½ baths, attached garage, blinds, screens, storm sash throughout. Many built-ins. Oil hot water heat. Chain-linked fence. Landscaped, large trees. \$14,300. Call GROVER 5-0813.

BICYCLE - blue Montgomery Ward 26 inch girl's model. Used very little. A bargain at \$15. Phone Ext. 529 afternoons or evenings.

RICHARDSON 26 FT. - 1956 100 h.p. Gray. Flying bridge, dual controls, pulpit. Recanvassed and recaiked in '56. Sleeps 4, head, formica galley. \$2600 firm. ATLantic 1-8087 after 6 p.m.

ART EXHIBIT NOVEMBER 11 - 18**VISITORS' DAYS DRAW 13,029****BALCOMB GREENE, ARTIST**

The first art exhibit to be held at Brookhaven under the auspices of BERA will present paintings by the well-known contemporary artist Balcomb Greene. The exhibit will open Wednesday evening, November 11, in the Research Staff Lounge and can be seen from eight to ten. Mr. Greene, who lives in Montauk in a self-built studio, will be present on opening night. We hope you will come to enjoy the paintings and meet and talk with the artist.

The exhibit will run until November 18th. The paintings can be seen during the day from 9 to 5 and also Friday evening, November 13, from 8 to 10. The exhibit will not be open during the weekend. All Brookhaven staff members, their families and friends are invited to attend the exhibit. There will be no admission charge.

Balcomb Greene's rise in the art world in recent years has been spectacular. ART NEWS magazine listed his one-man show in 1958 as one of the ten best shows of the year. Three of his paintings are in the new exhibit entitled "Images of Man" now being shown at the

With the completion last Saturday of the 1959 visitors day program, it is appropriate to convey a message of appreciation to all those on the BNL staff who have worked to make these events a success. Since the Laboratory held its first Visitors' day in 1950, when approximately 2000 persons attended, these annual "open house" days have grown steadily to the impressive total for 1959 of 13,029 visitors during the three days, for college students on October 23, for high school juniors and seniors on October 24, and the general public on October 31. This means of acquainting school students and the taxpayer public with our major research programs and facilities has called for considerable effort on the part of many people on our staff. They have given their efforts unstintingly in this very important aspect of the Laboratory's responsibility toward the public. It is a pleasure to be able to express the Laboratory's congratulations and thanks to all these people for the well-organized and smoothly conducted program. —LELAND J. HAWORTH

FRINGE PATTERN

We are sorry to report that Dr. Fitts has been called abroad. The column, however, will be continued by Personnel Services.

QUESTION: Will I be at a disadvantage in collecting benefits under our major medical plan if I incur medical expenses late in the year?

ANSWER: No, because of the "three month setback" for computing the \$100 deductible in major medical.

Major medical coverage starts when you have incurred out-of-pocket medical expenditures in excess of \$100 of covered expenses for a single cause per individual within a calendar year. Then 80% of the balance of medical costs for this illness during a two year period (with a maximum payment of \$10,000) is reimbursed under our major medical plan.

Until January 1, 1959 the \$100 deductible had to be satisfied within a 3 month period. The plan was then liberalized so that the \$100 deductible could be accumulated within a whole calendar year.

It was evident that employees whose illness began late in a year could be penalized by the new plan and could be at a disadvantage in satisfying the \$100 deductible in a calendar year. A person who became ill at the beginning of November, for example, would have only a two-month period to satisfy the \$100 deductible. In effect, he would be in a worse position than he was before the period for accumulating the \$100 deductible was liberalized from 3 months to a calendar year.

To correct this situation, the period was further extended so that covered expenses relating to an illness incurred during October, November, and December may be used to reduce the \$100 requirement for the same cause in the next calendar year.

For example: an employee breaks a leg skiing during November of this year. His total out-of-pocket medical expenses during November and December are \$85. In order to get his leg back into shape he must have physiotherapy treatment in January and February of 1960 costing him \$75. Under our policy the employee's \$100 deductible will be

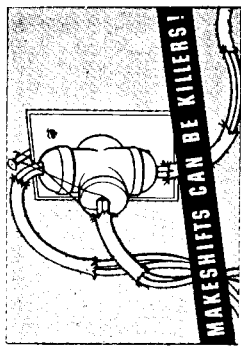

ART EXHIBIT (continued)

University, Mr. Greene and his wife, Gertrude Greene, painter and sculptor, lived in Europe where he studied psychology in Paris and in Vienna under Freud. Not until the early thirties when he returned to this country did Mr. Greene start to paint. After another year of living and painting in Paris, he trained at New York University in Art History. Since 1942 Mr. Green has been painter and professor - the latter at Carnegie Institute of Technology where he taught courses in the history of the arts and their interrelationship and in Philosophy.

A three-week exhibit of Mr. Greene's paintings has just come to a close at the Bertha Schaefer Gallery in New York. One critic called it "... an exciting show of light and movement." Emily Genauer of the New York HERALD TRIBUNE wrote, "By 1951 Green evolved the highly personal style in which, with further developments, he still works... [His figures] are sculptural, even heroic in effect."

Miss Genauer concludes her review of Mr. Greene's exhibit, "Could this, then, be what Greene's low-pitched voice heard solo is saying: that human beings are a confounding mixture of weakness and strength; that flesh however mortified will still endure; that courage and compassion can endow man with dignity even when he is confronted by the frightening unknown?"

BNL SAFETY RECORD

27 Days Since Last Disabling Injury (Oct. 6, 1959 - Nov. 1, 1959)

satisfied by his expenditure of \$85 during November and December and the first \$15 of expenses for physiotherapy treatments in the new year. Then major medical coverage begins and 80% of the balance of his expenses is returned to the employee through his Laboratory insurance.

CHESS EXHIBITION - COMPETITION

G. Koltanowski, chess expert, will be at the Recreation Building Friday, November 6 at 7:00 p.m. to demonstrate his skill by taking on all comers. Admission \$1.00 for players, 75¢ for spectators.

SAILING ANYONE?

Movement is under way to form a BNL Sailing Club. No boat or sailing experience is necessary. If enough are interested, the Club can rent boats cheaply at the local marinas for both summer and winter sailing. Those interested call N. Peter Rathvon, Ext. 2371.

CAMERA CLUB

There will be a meeting of the Camera Club at 7:45 p.m. Tuesday, November 10 in the Recreation Building at which color slides and black and white pictures will be selected by club members to be sent to the North Shore Hospital Fifth Annual Photo Contest.

Members are requested to bring in four of their better color slides and six 8x10 or larger, black and white prints, mounted or unmounted. Artistic and technical discussion will follow the showing.

SKI CLUB MEETING

There will be a Ski Club organizational meeting Thursday, November 5, at 1200 in the Gymnasium. All those interested are invited to attend. For information call G. Sabine, Ext. 391 or John Walsh, Ext. 455.

WASTE DISPOSAL

The Health Physics Waste Disposal Group should be contacted for special disposal of non-radioactive hazardous waste, including compressed gas cylinders no longer fit for service. A snow fence enclosure has been provided at the dump area for such materials awaiting disposal, but no materials should be placed in this area without first contacting S. Pearsall on Ext. 588. In particular, **nothing** should be removed from this enclosure as some materials may be quite hazardous.

SKIN DIVERS MEMO

An invitation is extended to all those interested in the underwater world to attend the next meeting of the Brookhaven Divers Club, scheduled for Monday, Nov. 9 at 8 p.m., at the Recreation Hall on York Lane. Along with the regular order of business, movies and slides of this year's dives will be on tap.

Whether your interest is in spearfishing, exploring, photography or just learning to dive, plan on being there. The club is organizing a beginners' course in skin diving and aqualung diving, which will begin about December 1. Come on out and sign up. Remember: MONDAY, NOVEMBER 9, 8 P.M. AT THE RECREATION HALL.

POLICE BRING HOME TROPHY

Eleven sharpshooters, from our Police Department, members of the Pistol team captained by Capt. F. Bugala, journeyed to Hempstead October 16th to enter the 6th Annual Newsday Long Island Police Pistol Championships.

Shooting against sixty other teams, one of our 4-men entries won third place honors in the Class C competition.

Posting a 275 score, D. Hettrick led the victory, backed up by S. Parks (262), J. Conley (261) and J. McMahon (246). Members of the team received individual awards in addition to a team trophy which is now being proudly displayed at Headquarters.

ADULT SWIM CLASSES

Once again, instruction will be offered to employees wishing to learn or improve their swimming. If you live in the vacation paradise of Long Island and can't take advantage of it because you can't swim - do yourself a favor and learn this winter.

Classes will be held on Tuesdays at 5:15 p.m. Each session will be one hour long, once a week, for a period of seven weeks. The cost for the entire season will be \$4 per person. Classes will begin as soon as enough employees sign up. Sign up now! Registration fee must accompany your application. Send or bring to G. Sabine T-461, Recreation Office, Ext. 391 (or make checks payable to BERA).

CHILDREN'S SWIM CLASS

We have received requests to provide swimming instruction for children during the winter months. Arrangements will be made (similar to those for the adult class) to provide proper instruction if enough employees are interested. Classes will be held at 5:15 on Wednesdays.

UPTON RIFLE AND PISTOL CLUB

Frank German's "gunsmith know-how" paid off at the Medford range last Sunday when he copped top honors with his personally sporterized 03-A3 service rifle. In what turned out to be another close competitive match, he was trailed by P. Colombo and R. Domish who tied for second place.

The highlight of the match was a perfect score fired in the prone position by "Lefty" Galanter.

The next scheduled match will take place on Sunday, November 8. At the next monthly meeting, November 5, a demonstration will be given on reloading of various cartridges. All those interested can become acquainted with our new reloading equipment and techniques.

Due to the unforeseen conflict with the BERA dance on November 13, the Upton Rifle and Pistol Club will postpone its annual dinner and dance to a future date.

PURPLE LEAGUE

The Phobars with four 500 men walked into third place by taking the Bowl Aids 4 to 0. Tom Marrior had 195-554, Ole 202-502, Dick Vogt 196-511 and Bob Brown 181-533. The Bowl Aids just suffered.

The Designers still stayed in second as they took four points from the Toppers. Ed Sperry led with a 178-514, Scatton 142, Chirco 185 and Cuccia 183. The Toppers had Reamy 180 and Green 173.

The Fiscal team managed to squeeze three points from the Chain Gang. Bohn had a 199-516 while for the losers Hagelberg had a 166 and Whittaker 164.

The Prais and Dirty Birds were postponed.

GREEN LEAGUE

The Fire Dept. moved into first place by beating the Teasers 3-1. P. Peter's 501 series and Strier's 195 last game decided total wood by 11 pins. The Reefers taking second place winning over the Electrons 4-0; P. Ratsya rolled 209-212 598 series, J. Lucas 178-185 518 series for the winners. Chemistry beat the Shamrocks 3-1; J. Rielly 180-182, D. Adams 178-178, and Tierney's 190 just weren't enough help.

Standings

	W	L
Fire Department	14	6
Reefers	13	7
Shamrocks	12	8
Chemistry	8	12
Electrons	7	13
Teasers	6	14

LADY KEGLERS COLUMN

The Ladies League has begun to bowl great guns, with a two way tie for first - Allthumbs and Medical, and a two way tie for second - Odds & Ends and Sam's Gals. This Wednesday night saw Dot Carpino of the Chemistry team try valiantly to save her team with a 475 series, however the Nightingales proved too strong for them and took three points. Theresa Barbato helped the Strugglers take three points from the Frisbees with a 474 series, with Kathy Brennan of the Frisbees rolling a 424 series.

High games: R. McCann, 185; D. Hodgdon, 176; T. Barbato, 170-164; B. Garnier, 164.
