Saxophone Recital At Berkner Hall

The second BERA concert, to be held on Wednesday, December 2, at 8:30 p.m. in Berkner Hall, will feature a saxophone recital by James Houlik. A native of Long Island, Mr. Houlik has been a student of the renowned master Saxophonist, Sigurd Rascher. He is a member of the artist faculty of the School of Music at East Carolina University. James Houlik's performances have brought enthusiastic approval from audiences and critics alike. He presents a familiar musical instrument in an artistic role, realizing fully the potential of the saxophone for noble music making.

Accompanied on the piano by Charles Stevens, Mr. Houlik will present a varied and stimulating program.

Press quotes: "remarkable reputation - formidable flexibility - sensitivity to phrasing and articulation" - The Washington Post.

"Among the century's greatest innovators in musical instruments - the name Adolphe Sax of Belgium bears the crown of fame today in the Saxophone. How beautifully it can be used in what some call serious music was demonstrated by an expert, James Houlik. In spite of the newness of the instrument, we were shown how well it can portray the strains of an earlier day in Lully's 'Phaeton.' As is currently in vogue nowadays, Mr. Houlik decorated his program with delightfully enlightening remarks concerning his instrument, its history, its capabilities and limitations." - The Southampton Press.

Remember that season tickets are still a bargain and will remain so even if you attend only four concerts (we think you'll want to come to all!). Tickets may be purchased at the Recreation Office or from any of the Department ticket sellers. They are priced at \$13 for employees and family members, \$15 for visitors, and \$6.50 for children under 18.

Individual concert tickets may be purchased at the door the night of each concert or in advance at the Recreation Office. Prices are \$3.50 for employees and family members, \$4.00 for visitors, and \$1.75 for children under 18.

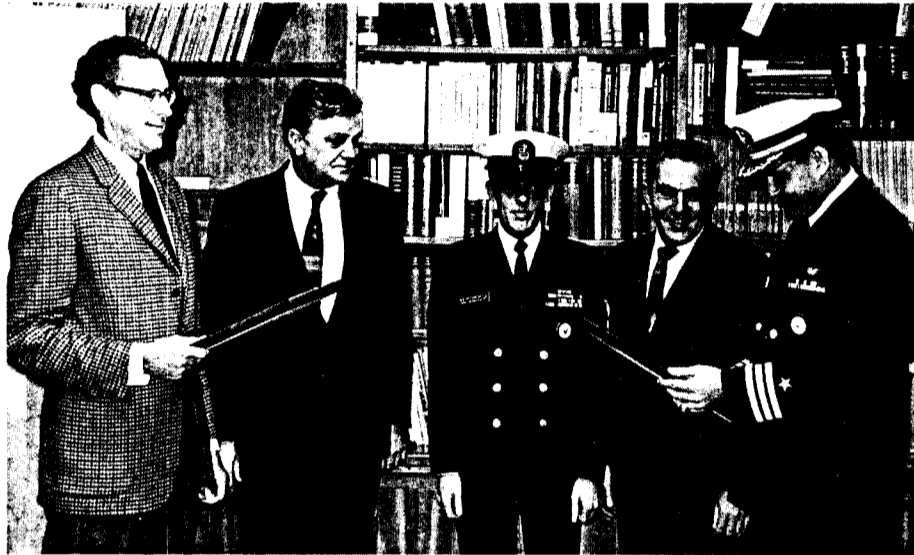

A Suggested Thanksgiving Menu -

- Hot Spiced Wine
- Liver Paté on Crackers
- Bleu Cheese Burger Balls
- Roast Turkey with Sage Dressing
- Pineapple Carrots - Potatoes w/Cheese
- Baked Sweet Potatoes w/Apples
- Pickled Beets - Cranberry Salad Mold
- Mince Pie - Pumpkin Pie - Grasshopper Pie
- Coffee - Tea - Milk

This menu is unique because all the recipes are taken from the new Cooking Exchange cook book, and we're happy to tell you that you can pick up a copy this afternoon and be ready to prepare all these goodies tomorrow.

The books are one sale at the Recreation Office and are priced at \$2.00 plus tax. Normally, the Office is open from 9 to 1. However, in order to give you all more time to dash over and make your purchase, we'll stay open till 4:30 this afternoon.

Navy Certificates To BNL

In recognition of their help in facilitating an exhibit of BNL's Lunar Sample at Hicksville for the Navy Recruiting Service, Alf Christoffersen and Norb Dernbach received Certificates of Appreciation on behalf of Brookhaven National Laboratory. Deputy Director George Vineyard (left) witnesses the ceremony which was performed by Chief Ken Petchesky (center) and Commander B.L. Fish (right).

Red League

While the rest of the League were watching the "legs," Harold Marshall had his mind on turkey legs, winning the turkey shoot with his 644 gross series. A few others gave it a try though - R. Jones 213, S. Kiss 207, R. Adams 205, H. Marshall 205, J. Richter 202. Better luck next week fellows!

Green League

R. Larsen won the turkey with a fabulous 204, 220, 259/683 scratch series. Other highs were J. Walker 200, E. Sperry 203, R. Meier 204, L. Jacobson 203.

Pink League

First place in the Pink League, still in a close run, has changed hands again. The Hopefuls moved into first literally clobbering the Pinsplitters and dropping them back to third. Ellie Murgatroyd was instrumental in so doing with her high game of 185/520. Her teammate Audrey Bangel 165 and Marion Mayhew 159 helped her along. Pinsplitters' only claim to fame was Marge Stoeckel 156. Jo Gazzola won the bird.

Black and Blue League

"Handsome Bud Pollack" won the turkey with a 243/630 and invited all the women to join Dot and himself for dinner. No changes in the standings. The AR's are still in first place.

Feynman Lectures Will Be Presented Weekly

A filmed physics lecture series on "The Character of Physical Law" by Professor Richard P. Feynman, Nobel Laureate and Professor of Physics at the California Institute of Technology, will be shown for the next seven Mondays at Berkner Hall from 1 to 2 p.m.

The seven films which make up this series were presented as the Messenger Lectures at Cornell University. They were delivered to an audience of students who wished to know in general terms more about "The Character of Physical Law." The lectures were not given from a prepared manuscript, but were delivered extempore from a few notes.

Professor Richard P. Feynman, the distinguished physicist and educator, was formerly a professor at Cornell and is now Professor of Theoretical Physics at California Institute of Technology. He is noted not only for his contribution to present day understanding of the laws of physics, but also for his ability to bring his subject alive to the nonphysicist.

The lectures were presented to a packed audience from a large stage which allowed Professor Feynman uninhibited expression of speech and movement. He has international prominence as a lecturer, and is known for his exciting platform manner.

While the technical recording of the lectures is not always of the best quality, the lecture content is top-notch.
