1.0 POLICY

In order to maintain a safe and effective clinical research environment, CRC Clinical Staff shall participate in training and educational programs appropriate to their duties and assignments. Such training and education shall be considered by the Credentialing Committee when considering recommendation of approval for membership on the CRC Staff.

2.0 ORIENTATION OF NEW STAFF MEMBERS

All new members of the CRC Clinical Staff shall report to their supervisor for an orientation session prior to meeting with their training coordinator. Training and education requirements must be completed before participating in research activities.
