Dear Ms. Healey:

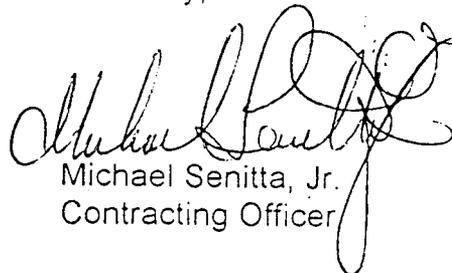

SUBJECT: INTER DOE WORK ORDER PRIOR APPROVAL THRESHOLD

In accordance with Article 104 of the prime contract all Inter DOE Work Orders whose total value exceed \$1,000,000 will require DOE's prior approval. In implementing this direction you shall use procedures and document the file as if you were submitting an action to this office for approval in accordance with the requirements of Appendix G.

The following exception applies to this direction: where DOE has previously approved an action greater than \$1,000,000 any incremental funding of that action that is greater than \$1,000,000 will not require DOE's approval. An example of this is the annual funding of the collaborations for the STAR and PHOENIX detectors at RHIC.

Should you have any questions concerning this partial rescission please call me at extension 5920.

Sincerely,

Michael Senitta, Jr.
Contracting Officer
