

**Office of Intellectual Property
and Sponsored Research**

**Online Funding Search
Request Form**

A primary function of the sponsored programs unit within the Office of Intellectual Property and Sponsored Research is to identify appropriate funding opportunities available to BNL scientists. This Online Funding Search Request Form is designed to aid both the scientist and our office in the effort. This form is especially targeted to those researchers who may be unable to break away from their current work to participate in immediate one-on-one discussions. However, this form is intended only as a starting point – an opportunity to begin our efforts – and is normally followed by individual consultations.

Use of this form is requested but optional. Please forward your request to: Tom Murphy (tmurphy@bnl.gov), Bldg 475D.
