

# BROOKHAVEN NATIONAL LABORATORY *Accelerating to a Bright Future*

Brookhaven National Laboratory is pleased to host “Accelerating to a Bright Future,” a free and open-to-the-public event to showcase how the Lab’s particle accelerator facilities can assist you with your R&D needs. If your organization is interested in the numerous particle accelerator capabilities Brookhaven Lab can provide and the various opportunities there are to partner with the Lab, you are encouraged to attend. Lab staff will be on hand to discuss your R&D needs as well as a variety of funding mechanisms to support technology-transfer activities. This is a unique opportunity for the community to interact with Brookhaven Lab scientists and staff from the Lab’s Strategic Partnerships office. Please note that all visitors age 16 and older must show a government-issued photo ID.
