

## Department of Energy

Brookhaven Site Office  
P.O. Box 5000  
Upton, New York 11973

Mr. Jack Anderson  
Brookhaven Science Associates, LLC  
Brookhaven National Laboratory  
Upton, New York 11973

JUN 26 2017

Dear Mr. Anderson:

SUBJECT: CLARIFICATION OF EXPECTATION OF BROOKHAVEN SITE OFFICE  
(BHSO) NOTABLE OUTCOME, GOAL 7 OBJECTIVE 1

The Prime Contract, Section J, Appendix B entitled "Performance Evaluation and Measurement Plan FY 2017" contains the Notable Outcomes for fiscal year (FY) 2017. Notable Outcomes are important initiatives for the Laboratory to focus on during the FY. The Department of Energy's FY 2018 budget request to Congress does not identify funding for the Science and User Support Center (SUSC). Therefore, the Science Laboratories Infrastructure program is considering adjusting the schedule for CD-1 approval and does not expect Brookhaven Science Associates (BSA) to achieve the following Performance Evaluation and Measurement Plan, Goal 7 Objective 1, Notable Outcome:

- Provide adequate and sufficient documentation in a timely fashion to support CD-1 approval for the SUSC project by the end of FY 2017.

The delay in accomplishing the above Notable Outcome does not relinquish BSA's responsibility to proceed with project development. To address the essence of the notable, it is BHSO's expectation that BSA will accomplish the following in FY 2017:

- BSA will continue to make progress in the development and design of the Upton Square facilities, inclusive of the SUSC. Planning will proceed in the areas of environment, land lease, security and infrastructure, to ensure that at such time as the decision on the SUSC project is made, BSA is in a position to provide timely and adequate support for CD-1 approval.

If you have any questions, please contact John Meadows at extension 3430.

Sincerely,

Evelyn Landini, Director  
Business Management Division  
Contracting Officer
