

Stacyann Nelson

ASAP Member at Large

I am a doctoral candidate in the College of Science and Technology, Department of Physics at Florida A&M University, Tallahassee, Florida. Currently, I am in the Particle and Nuclear Physics Group in the Physics Department. My research focuses on analyzing UPC J/ψ PHENIX Run10AuAu and Run14AuAu data. I working on the 20 ps TOF detector R&D for future detector upgrades.

I have always participated in many activities both socially and professional as it helps in our maturity and development. I hope in the future to assist in the growth of ASAP.
