

Required Reading for ATF linac operators

(AD-ATF-LINAC)

Listed below are the procedures and guides that comprise the “required reading” list for ATF Linac and Duty Operators. Completion of all items is required annually. Links to all OPMs and Guides can be found on the C-AD and ATF websites. The online version is the official version.

For each item, fill in the revision number of the online document and your initials/date. When completed & signed, submit this form to the ATF Operations Coordinator.

1) Collider Accelerator Dept. Operations Procedures Manuals (OPM)
