

**Brookhaven Science Associates
Science & Technology Steering Committee
2006**

Dr. Charles Baltay
Department of Physics
Yale University

Dr. Barbara A. Baird
Dept. of Chemistry & Chemical Biology
Cornell University

Dr. Karen Berman
Chief, Section on Integrative Neuroimaging
National Institutes of Health, NIMH
Intramural Research Program

Dr. David J. Galas
VP and Chief Scientific Officer
Biological and Life Sciences, Lab Ops
Battelle Memorial Institute

Dr. Wayne A. Hendrickson
Dept. of Biochemistry & Molecular Biophysics
Columbia University

Dr. John Huth
Department of Physics
Harvard University

Dr. Barbara Jacak
Department of Physics & Astronomy
Stony Brook University

Dr. Robert Jaffe
Department of Physics
Massachusetts Institute of Technology

Dr. Robert Liebermann
President, Consortium for Materials Properties
Research in Earth Sciences
Stony Brook University

Dr. David Litster
Department of Physics
Massachusetts Institute of Technology

Dr. Peter B. Moore
Department of Chemistry
Yale University

Dr. David Rubin
Department of Physics
Cornell University

Dr. Frans Spaepen
Div. of Engineering & Applied Science
Harvard University

Dr. Gerald Stokes
VP, International Partnership, Lab Ops
Battelle Memorial Institute

Dr. Ali Yazdani
Department of Physics
Princeton University

Prof. William Zajc
Department of Physics
Columbia University
