## PULESTON TO ADDRESS B.N.L. NAVAL UNIT

Dennis Puleston, head of the Technical Information Division, will speak on the Development and Use of the Amphibious Dukw. Puleston was involved in this work during World War II and is considered an outstanding authority in this field. Stills and movies of these craft in action will supplement the program.

Everyone is invited to attend and they are promised a very interesting talk plus the added attraction of seeing a bulky truck shaped like a boat take waves 20 feet high.

This meeting is sponsored by the Naval Research Reserve Unit 3-9 and will take place at 7:30 P.M. on Wednesday, February 20, in the Research Staff Lounge. Bring your family and friends.

## NEW BOOKS

My Cousin Rachel - deMaurier  
 Spark of Life - Remarque  
 Jefferson Selleck - Jonas  
 Jane Hadden - Marshall  
 The Swimming Pool - Rinehart  
 Celestial Escape - Kirby  
 Others  
 Mysteries

## B.E.R.A. SPRING PLAY

This Spring the Theatre Group will present Arthur Miller's play, "All My Sons." Jean Snover and Mary Jane Sears, co-directors, will start holding try-outs for the ten parts in a week's time. Meanwhile, copies of the script may be obtained from either girl; it is hoped that those who come to try out will have found time to read the entire play.

## B.E.R.A. SALE

A clothing manufacturer has offered to B.E.R.A. a work shirt and trouser combination, which they have discontinued to manufacture. The price to employees is less than the manufacturing cost. A sample may be seen at the Recreation Office. Orders accompanied by payment will be taken through Friday, March 7.

Since the ten roles offer such a wide range of characterizations, a large group will be needed from which to cast. The staging presents a particular challenge and an ingenious and hard-working crew will be required. It is hoped that people from all parts of the Lab will want to get into the act.  
 Jean Snover, Ext. 424  
 M.J. Sears, Ext. 2235
