## Film From Italy on Monday, August 27

BERA's final summer film "The Flesh is Weak" is a humorous and romantic story of a man who (with the assistance of his wife) pretends to be dead in order to collect a large insurance policy. Played by a famous trio of actors: Vittorio de Sica (as the husband), Isa Miranda (as the wife), and Gino Cervi (as a hopeful suitor of the "widow"), the film promises an evening of delightful entertainment.

Lecture Hall at 8:30 p.m. Adm.: \$.50.

## Learn Math

College Freshman course in algebra and trigonometry will be available at BNL through the Hofstra College evening program as soon as there are a minimum of 15 people who will sign up to take it. We have 5 commitments already. Contact Joe Walker, Ext. 667 or George Hummer, Ext. 2160. Enrollment deadline is September 7. Also contact Eleanor Pratile, Ext. 493. Call this to the attention of anyone you know who could benefit by knowing more algebra or geometry.

## Graduate Physics Courses

Those interested in taking quantum mechanics and advanced electricity and magnetism through the Hofstra College extension program at Brookhaven starting this September please call ext. 369.

## Softball Status
