VOLUME 11 - NUMBER 23

JANUARY 8, 1958

## NAVAL RESERVE RESEARCH MEETING

Naval Reserve Research CO. 3-9 will hold an open meeting at 1930, 8 January 1958, in the Research Staff Lounge. The lecturer will be Dr. Frederick H. Pough a consulting mineralogist. His subject will be "The Volcanoes of Central America". All members of the Laboratory staff are invited to attend.

## SKI TRIP

Anyone interested in going on a ski trip the weekend of January 25th, call Eugene Raka, Ext. 310.

## "FEARSOME FOURSOME" RIDE AGAIN

The Fearsome Foursome (Higinbotham, Christofferson, O'Laughlin and Duff) have agreed to play for a B.E.R.A. square dance, Tuesday evening, January 21. It will be held in the Recreation Hall in the apartment area. Those who attended last year had lots of fun dancing to the lively antics of the four boys. Don't miss it! Reserve the 21st as square dance night and, of course, invite your friends.

Refreshments will be available and admission is free.

Make a date **now** to be on hand for some lively entertainment and a grand time.

## BERKNER TALK RE-SCHEDULED FOR JANUARY 15

On Wednesday evening, January 15, Dr. Lloyd V. Berkner will speak on "Earth Satellites." The lecture was postponed in December because of inclement weather. It will be held in the Lecture Hall at 8:30 p.m.

Dr. Berkner was a member of Admiral Bryd's Antarctic Expedition in 1928-30 and built the first radio station of the Great Ross Ice Barrier. He was also one of the early workers on the proximity fuse and during the war directed the radar section of the Navy's Bureau of Aeronautics. He is president of the International Council of Scientific Unions and vice-president of its special committee for the International Geophysical Year. At present Dr. Berkner is also head of Associated Universities.

The Federation of American Scientists cordially invited all employees to come and bring their interested friends. Exit passes will be available for non-employees. If further information is desired, contact M. Kugler, Sec.-Treas.

## ALBENERI TRIO TO PERFORM TUESDAY

The Albeneri Trio will present the next concert of the BERA series on Tuesday, January 14. As usual, the concert will be given in the Research Staff Lounge, and will begin at 8:30 p.m. The trio, which consists of Ward Devenny (piano), Giorgio Ciompi (violin), and Benar Heifetz (cello), will play the Haydn Trio in E flat major, the Ravel Trio in A major, and the Beethoven Trio in B flat major, Opus 97 ("Archduke").

The Albeneri Trio was organized a dozen years ago, and in the intervening years it has become the foremost piano trio in the country. Ward Davenny, the newest member of the trio, has performed extensively as a soloist and with chamber ensembles. At present he is Director of the Cleveland Institute of Music. Giorgio Ciompi studied with Georges Enesco, and played in the NBC Symphony before he became head of the violin department at the Cleveland Institute of Music. Benar Heifetz was a member of the very famous Kolisch Quartet, and then came to the United States, where he has played in the Philadelphia Orchestra and the NBC Symphony. He has continued to perform with the Symphony of the Air.

This group has been enthusiastically acclaimed by audiences and critics throughout the country. Here are some samples of recent press reviews:

"Judging by last night's performance, there would seem to be no aspect of musical culture that the Albeneris have not searched out, held up to the lights of feeling and reason, and developed to a point of utter refinement. Their ensemble tone is uncannily perfect, yet no detail of beauty is lost." —N.Y. HERALD TRIBUNE

"A large audience — one of the season's largest — assembled last night in Town Hall to listen to an evening of chamber music by Beethoven. The Albeneri Trio was host, — altogether admirable in its musicianly phrasing, its clean ensemble and the spirit with which the work was set forth." —N.Y. TIMES

"The reaction was tumultuous — in fact it can be described as an ovation." —WASHINGTON TIMES HERALD

Those who do not have series tickets may obtain tickets at the door for \$2.00 (\$0.75 for children.)

RALPH E. WESTON

## BOWLING BITS

**Thursday Bowling League No. 1 - Games of 12-19-57:** The Mixers paced by Capt. W. Walsh 201 game maintained their lead by taking 3 points from the Metalliks although Tremel and Klamut starred with a 204 and 224 games respectively. The Technicians and Latticites battled to a 2-2 tie to maintain their second and third place standings. Hildenbrand was outstanding with a 224 game 575 series and the Technicians had a high second game of 905. Kosiba of the Latticites had a good series of 515 which kept his team in there fighting all the way. S&M ran into some surprise competition from Fiscal No. 2 and lost three points to the cellar club. Van der Voort had a good 206 game and Benedict a 513 series for the winners. L. Adamec (S&M) rolled a 209 game and S. Palermo a 522 series for the losers. The T-Totals nudged Biology for 3 points paced by C. Boulins 208 game to move themselves into 4th spot. G.T.

**Thursday Bowling League No. 2 - Games of 12-19-57:** The Bismuth Kings dropped 3 points to the Wood Butchers thereby putting themselves into a tie for first place with the Loopers who also lost 3 points to the Nuclides. The T209 and Hot Lab game was postponed by mutual consent of both teams. Nifty bowling by H. Shipley (469) and J. Rowland (491) led the way for the "Cellar Dwellers" Joy Riders to take 3 points from Al Mangers' stunned Tool Makers. Nocar was high man for the losers with a 520 series. G.T.

League bowling for the Monday and Wednesday night leagues will be postponed until the week of January 20. The Patchogue Recreation Alleys are in the process of converting to automatic pin-setters. On January 15, 16, and 17 the alleys will be open for free bowling for league bowlers. These three days are being used to adjust the machines. If you wish to take advantage of this opportunity, call Bob Maggio.

All other leagues will continue their schedule this week.

## TRYOUTS

### THEATRE

JANUARY 13, 15, 16 8:15 P.M.

For the early Spring production

### EDWARD, MY SON

By Robert Morley and Noel Langley

Copies of the play may be obtained at the main desk of the library.

The play, Edward, My Son, which ran for more than 2 years on Broadway, spans more than 20 years in the lives of the Holts, as seen thru the eyes of the father - a man motivated by his love for his son.

Every lab theatre production has had roles, both leading and supporting, played (and ably played at that) by lab people or members of their families who never acted before. LEE GRODZINS

## GYMNASIUM REOPENS

**Tuesday - 7:00 p.m.** B.N.L. Basketball League will feature a double-header. Biology takes on Nuclear Eng. in the opener. The Phoubar Phive and Health Physics will battle to avoid last place honors in the second game.
