VOLUME 11 - NUMBER 42

MAY 21, 1958

## SPRING HAS SPRUNG!!

Even though winter put up a tough fight, spring is here and summer is crowding in, and the Laboratory Residents Association has ordered perfect weather for the evening of June 24. To take full advantage of this perfect day plan to attend the **Barbecue** to be held outside the Recreation Hall in the apartment area.

They'll be hamburgers, frankfurters, potato salad and baked beans. Also liquid refreshment in either soft or foamy variety.

Most important, this is a family affair. Bring the kiddies and let them in on the fun too. There will be organized sports for their enjoyment and to keep them out of mama's and papa's hair. So come with the kids and an appetite. We won't have room for your troubles, so leave them behind. Watch the Bulletin for further information. M.K.

## ATTENTION DANCERS!

Commencing on Tuesday evening, June 17, another dancing class will be formed in the gymnasium at 8:30 p.m. for a period of ten weeks ending August 19.

We hope this activity will attract the attention of our summer students, plus any BNL employee and guests, who wish to avail themselves of this interesting offer. As in the past, Mr. James Fairchild and his partner from the **Arthur Murray Studio**, will be on hand to instruct classes in **elective dances** by the group. The charge will be \$12.50 for ten lessons provided a group of at least 21 people sign up; otherwise, a slightly higher price will be made.

A pleasant evening may be enjoyed by incorporating a dip in the swimming pool followed by your dancing class next door at 8:30. Mark your calendar for JUNE 17 if you want to meet some new friends and learn some new interesting dance steps. E.D.

## PLAY BALL 1958

# PHOUBAR SPECTACULAR STARTS SOFTBALL SEASON

With a motorcade, pretty girls, a Brass Band, banners flying and hot dogs and beer, the Phoubars, BNL's 1957 Softball Clowns, triumphantly took the field. Doctor R.C. Anderson threw in the first ball and the 1958 season was officially underway. The Phoubars along with the ADD Dirty Sox (who were also supported by some dazzling fans) then started to slug it out against Hurricane force winds. But despite Mother Nature, Steve Garrett tucked his first win under his belt and the Phoubars squelched the Dirty Sox 18-6. (The Dirty Sox would rather you thought of it as 3 to 1 - sounds better.) 150 spectators turned out for the festivities.

**Wednesday** night - Red Carstens of Biology, inspired by his first game of the season, let loose with 12 strike outs to shut out Nuclear Engineering. However, NE didn't fare too poorly holding Bio. to only 3 runs.

**Thursday** night - Mother Nature again showed her persnicketyness and the rains came. Yet, Metallurgy took on the Cosmotron and enjoyed the moisture so much they played an extra inning to damp out the Cosmotron 8-6. Now after such an interesting set of opening games we are all looking forward to an even more exciting season than last year.
