## BERA FILM SERIES

### THE SEVEN DEADLY SINS

Thurs., Sept. 5 — 8:30 p.m. — Lecture Hall

Rarely have so many distinguished talents been joined in the production of one film — seven leading French and Italian directors, top screenwriters, and a host of star performers contribute the fine work that makes "The Seven Deadly Sins" two hours of richly satisfying entertainment.

Eight episodes are presented in the film: Anger, Avarice, Sloth, Envy, Gluttony, Lust, Pride, and the Eight Sin. Each of the seven classic sins is represented in a short story, topped by an unexpected epilogue which introduces an eighth deadly sin.

Provides fare for practically every taste . . . Director Claude Autant-Lara and scenarists Bost and Aurenche, who fashioned that outstanding French drama, "Devil in the Flesh," have combined their talents with rare sensitivity in the Pride episode. . . . Françoise Rosay and Michele Morgan, playing an impecunious but genteel mother, illustrate with great sensitivity the dire effects of pride." (NEW YORK TIMES)

"Adult subject matter, literate treatment, and a love of irony . . . something to fit every taste."

NEW YORK HERALD TRIBUNE

"Witty, amusing, ironic, satiric, dramatic . . . each anecdote, sketch, or drama is a gem, complete within itself — well written, sharply pointed, faultlessly performed and directed." CUE

PLEASE NOTE: Thursday's film should not be confused with the 1962 release, "The Seven Capital Sins."

## ATTENDANCE HIGH AT OPPENHEIMER LECTURES

As had been anticipated, attendance at the three lectures given last week by Dr. J. Robert Oppenheimer broke all previous records for the annual George B. Pegram Lecture Series. Dr. Oppenheimer's lectures, the fifth in the Series, were given on the nights of August 26, 28 and 30. Due to the great demand for tickets, the first two lectures were held out of doors on the field adjacent to the Theatre. The attendance on these two dates was about 1600 and 1400, respectively. Fortunately, the weather conditions were ideal. The third lecture, attended by some 800, was held in the Theatre. Following the last lecture, a reception for Dr. and Mrs. Oppenheimer was held at the Brookhaven Center.

Dr. Oppenheimer's lectures are expected to be published in book form by Columbia University Press. THE BULLETIN BOARD will carry an announcement of the availability of the book, when it is published.

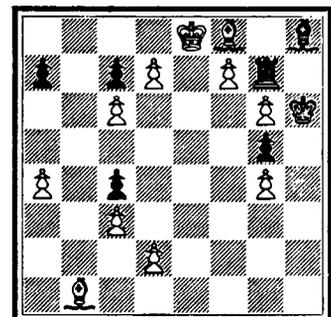

## BNL VISITORS

An international conference on weak interactions will be held at the Laboratory on Sunday evening, September 8, and will continue through Wednesday, September 11.

A number of scientists from European laboratories are expected to attend.

## CHESS PROBLEM

This week's problem won a commendation in a tourney held by The Weekly Westminster. It is White's move and win in four. Answer elsewhere in the BULLETIN BOARD.

## BULLETIN BOARD NOTICE

For all future Bulletin Board questions, please contact Janet Whitehead or Marianne Clasen at the Personnel Office, Ext. 2109 or 2513.

## SOFTBALL WINNERS

John Binnington, President of B.E.R.A., presented awards last week to the members of the BNL league-winning softball teams. John is pictured above (second from left) making the presentations to the victorious managers (left to right): L. Derosa — Blue Jays, Brookhaven League; W. Scott — Medical, National League; and P. Vosganian — Chamber Chaps, Laboratory League.

### FISHING CONTEST: MANITOU FOR CAMPBELL?

Dean Campbell, of the Physics Department, is the July Salt Water Fishing Champion of Industry. In the national contest, sponsored jointly by the American Fishing Tackle Manufacturers Association and the National Industrial Recreation Association, Dean's fifty-pound striped bass amassed the highest number of points (685) in the contest's history.

For his monthly win, Dean will receive a merchandise prize from the Shakespeare Company.

The contest features three monthly winners (June, July, and August). The overall winner will receive a free, three-day fishing trip to North Manitou Island in Lake Michigan. Last year's winner had a point total of 534 points. So far, Dean has topped this accumulation by 151 points and is leading the field. The contest ends August 31. If Dean beats the August entries, it's another national championship for BNL and Manitou for Campbell!

### SHUTTLE BUSES DISCONTINUED

The "A" and "B" on-site bus service was discontinued on September 1. The number of passengers using the service had steadily decreased to the point where the service was no longer worth its cost.

### SPLASH PARTY

The sixth annual Splash Party, held last Tuesday at the pool, marked the conclusion of the Children's Summer Program for both instructional swimming and on-site recreation participants. Nearly 135 youngsters took part in the splash party activities, while 60 parents and guests viewed the water spectacle.

Many novelty events were presented. Among these were a lighted candle race, a three-legged race, and a paper plate race. Also presented in the program were underwater balloon-blowing, penny fetching, and other contests. The highlight of the program was the traditional watermelon scramble — this year, the South team was victorious over the North in what turned out to be an extremely hard-fought battle. Perhaps the most enjoyable event was the watermelon feast, in which everyone was a winner!

Prizes were awarded to the first-place winners, and all other participants received grab bag specials.

During the festivities, nearly 350 swimming certificates were awarded.

### ZEBRA HIGH

Carol (Mrs. Len) Baker rolled a 209 game in the BNL Mixed Summer Bowling League at the Port Jeff Bowl last Tuesday evening.

### AROUND THE BASE PADS

The grand finale of the softball season was played on August 28 with over 100 spectators and players on hand to enjoy the evening. Some excellent ball playing was seen as the National League All Stars came out on top with 9 runs to 7 Laboratory League runs and 2 Brookhaven League runs.

The Brookhaven defense fell apart in the bottom of the third which enabled the Nationals to score twice and win that round, 3-1. The Laboratory League met the Brookhaven All Stars in the second round and dropped the decision 1-0. Lab. All Stars had a bid to score in the 4th when a long fly ball hit out to left field bounced off the glove of the left fielder and landed in the short fielder's glove before hitting the ground. Talk about Yankee luck?!

The final round between Lab and National Leagues went to the Laboratory All Stars, 7-6. The Lab scored 5 times in the bottom of the 9th, not quite enough to overcome the 3 runs scored by National in the first round.

All in all, a good time was had by all with plenty of refreshments and plenty of good ball playing. Once again - National 9, Laboratory 7, and Brookhaven 2.
