# FIVE EMPLOYEES TO RETIRE DECEMBER 31

Retirement projects will probably be included in the New Year's resolutions of the five BNL employees who will retire on December 31, 1964. Four of the group are pictured above (left to right): J. Giordano, L. Golsong, M. Johnson and E. Webster.

John Giordano and Lawrence Golsong, both of Plant Maintenance, began work at the Laboratory in 1948 and 1953 respectively. Malcolm Johnson of the Physics Department has been with us since 1949. The Information Division will lose Vladimir Rimsky-Korsakoff who started at the Laboratory in 1948; and Edith Webster, who has been with the Laboratory since 1947, will retire from the Director's Office.

On behalf of all BNL employees, we wish them good luck and happiness in 1965 and the years to come.

## IT'S T.P.O.!!

That's "show biz" for "Three Penny Opera," the BNL Theatre Group's first attempt at a musical production. It is scheduled to be presented in early May, but we've got to start now to make it the best ever. There will be a cast of twenty, which means lots of help is needed. Do you have a yen to be a costume designer, a Mack the Knife, a prompter, a Jenny the Pirate, a Tiger Brown, a member of the stage crew, or a Polly Peachum? If so, bring your voice and enthusiasm to the tryouts on **January 11, 13, and 14** at 7:30 p.m. in the Recreation Hall, or call Director Tony Nappi on extension 2374. Let's make "Three Penny Opera" a million dollar success!

## Merry Christmas

## 1964 FISHING CONTEST

Now that the rods and reels have been stowed away for the winter, it is time to proclaim the winner of the BNL fishing contest for 1964. This has been an exciting year with some outstanding fish entered, several striped bass in the 30 lb. class, a 12 lb. blue fish, and in the freshwater division, a largemouth bass close to 6 lbs. Then there was Fisherman's Night, which was so successful that it bids fair to become an annual event. All in all, it has been fun.

I would like to thank George Sabine and Kurt Jellett for the assistance they have given me in making this year's contest the success it has been.

## BNL PAY CHECK DISTRIBUTION

For those who may have been absent or wish to reread it, the BULLETIN BOARD is repeating the following announcement, which appeared last week.

An improved system of weekly employee pay check distribution is being inaugurated by the Laboratory in January.

Beginning Thursday, January 7, 1965, BNL weekly employees will no longer have to travel to the on-site Peoples National Bank facility in order to pick up their pay checks. Instead, employees' checks will be distributed through their departments to the vicinity of their work stations or at some convenient central department location. Pay checks for weekly shift employees will continue to be available as in the past, when so requested by the employees' supervisors. The method of monthly pay check distribution will remain unchanged.

It is expected that the new check distribution plan will be helpful to all Laboratory employees since it will eliminate the queueing at the bank on Fridays. There will, of course, be no change in the on-site banking facilities. The privilege of using these services will continue to be available to employees within reasonable limits subject to the needs of their work schedules and the permission of their supervisors.

All employees are reminded of two special services provided for their convenience:

#### Your Check may be Mailed Directly to the Bank of Your Choice

You may have your check mailed directly for deposit to any bank you designate. Checks will normally be mailed to banks no later than Thursday morning. (Checks slated for the Peoples National Bank will arrive there on Thursdays.)

#### You may Make Savings Account Deposits by Automatic Deduction

You may arrange to have deductions from your pay check for deposit directly to your Payroll Savings Account in the Peoples National Bank.

To arrange for either or both of the convenient services outlined above, simply complete the appropriate authorization form on page four of the BULLETIN BOARD and mail to Payroll Supervisor, 37 Brookhaven Avenue.
