JUNE 30, 1965

AWARD OF MERIT

The following letter was received by Mr. E.L. Van Horn, Manager of the Atomic Energy Commission's Brookhaven Office, from Mr. R.E. Hollingsworth, General Manager of the Atomic Energy Commission.

"It is a pleasure to forward to you an AEC Award of Merit to be presented to the Brookhaven National Laboratory for having completed 1,789,848 continuous man-hours from January 28, 1965 to April 28, 1965 without disabling injury of an employee.

"We are pleased with the fine safety record that Brookhaven National Laboratory has established in having received previously four Awards of Merit. The Commission relies upon such performances to maintain its leadership in industrial accident prevention.

"Please extend the appreciation of the Commission and my personal congratulations to the employees concerned for these outstanding safety performances."

The safety awards are now on display in the Cafeteria.

NOTICE FROM PAYROLL

Due to the official Laboratory holidays on July 5 and 6, all weekly pay checks will be distributed to the applicable departments on Friday morning, July 9. Shift workers scheduled to pick up their checks on Wednesday or Thursday may have them mailed to their homes on Friday, July 9, by advising Payroll of their mailing address no later than Thursday noon, July 8.

POOL NOTICE

The pool does not open for general admission until 2:30 p.m. daily. Parents bringing children to the Laboratory to swim are requested **not** to do so before **2:15 p.m.**

Further Facts Forthcoming

THREE MARSHALL ISLANDERS AT BNL

Three people from Rongelap in the Marshall Islands of the Pacific have been brought to our Medical Research Center for examination and treatment. They have nodules in their thyroid glands which appear to be the result of exposure to fallout radiation from a nuclear detonation eleven years ago.

A total of 82 people of Rongelap Atoll were accidentally exposed to fallout radiation from a thermonuclear device tested on March 1, 1954. The average whole body exposure was approximately 175 roentgens, and additional amounts of radiation resulted from absorption of radio-iodine in the thyroid glands. Since that time the Atomic Energy Commission and the Trust Territory of the Pacific Islands have sponsored annual medical surveys of the exposed people. The surveys are carried out by a BNL team headed by Dr. Robert A. Conard from our Medical Research Center.

Immediately after exposure the people were evacuated to Kwajalein Atoll for treatment and were subsequently on Majuro Atoll until 1957 when they were returned to Rongelap. On their return to their home atoll, the United States provided them with a new village and other facilities and services to assist their reestablishment. The current population of Rongelap is about 228 persons. On April 30, 1965, Congress appropriated \$950,000 as "compassionate relief" payment to the 82 persons who were exposed.

Medical examination in March, 1964, revealed that three girls 13 to 14 years old had developed nodules in their thyroid glands. Following surgery at the U.S. Naval Hospital on Guam, the girls were returned to Rongelap. The nodules were not malignant. A medical report based on the six cases appeared in a May, 1965, issue of the "Journal of the American Medical Association."

The three recent cases were detected in March, 1965. Two of them are in boys 12 and 17 years old, and the other in a woman aged 41. The latter case is the first reported for the adult population. The Marshallese are accompanied during their trip by Dr. John Iaman, a Marshallese practitioner, who is serving as interpreter. It is anticipated that they will be in this country about a month.

YOUTH OPPORTUNITY CAMPAIGN

The President has announced a Youth Opportunity Campaign to find summer jobs for boys and girls who are looking for work now that school is out.

Some two million young people, aged 16 through 21, will enter the labor force. About half of these young Americans will be taking their first big step toward independence, toward economic self-reliance. The balance will be seeking temporary summer employment, and in many cases the money they earn will be needed to continue their education.

The President has appealed to all levels of government and to the private community of our Nation for help in providing jobs for these young people. He has asked that extra work-training opportunities be provided this summer over and above those that would normally be offered.

In accordance with the President's Youth Opportunity Campaign, the Laboratory was pleased to be able to offer temporary employment to six young people who started work last Monday. Additional young people will be employed during the first week in July. The Brookhaven Office of the U.S. Atomic Energy Commission is also participating in this campaign.

TWENTY-YEAR SERVICE PINS

On June 22, 1965, Mr. E.L. Van Horn, Manager of the Atomic Energy Commission's Brookhaven Office, awarded twenty-year service pins to Daniel F. Brennan, Finance and Administration Division, and Alice W. Krauss, Patent Group.

BERA FILM SERIES

There will be no film shown this Thursday due to the upcoming long weekend.

On Thursday, July 8, we will be showing "The Guest" which is based on Harold Pinter's play, "The Caretaker." The Broadway cast recreates its role: Donald Pleasence as the guest and Robert Shaw and Alan Bates as the brothers into whose domain the bedraggled guest stumbles.

The comic and colorful short subject, "Paladini," will also be shown.

That's July 8, 8:30 p.m. at the Lecture Hall. Pinter's "The Guest" and "Paladini."

SIX EMPLOYEES TO RETIRE SOON

A bit more rest and relaxation will probably be included in the schedules of the six BNL employees who will soon be retiring. Five of the group are pictured above (left to right): O. Reading, J. Constant, A. McGuire, W. Becker, and J. Hattrick.

Peter Van Ree of Biology and John Hattrick of Central Shops have been with their departments since 1948 and 1949 respectively. Jerome Constant of the Instrumentation and Health Physics Department has been with us since 1947, as has Walter Becker of Plant Maintenance. Mechanical Engineering will lose Oliver Reading who has been with them since 1957. All the above employees will be retiring on June 30.

Amanda McGuire, who has been with the Medical Department since 1956, will retire on July 7.

On behalf of all BNL employees, we wish them good luck and happiness now and in the years to come.

ATTENTION B.G.A. GOLFERS

The First Handicap Golf Tournament will start July 1, 1965. Every B.G.A. member with an established handicap (based on 54 holes or more) is eligible to enter. There will be no entry fee.

Rules for the tournament:

1. The tournament will be Medal play (total strokes minus handicap).
2. The tournament round of 18 holes must be played with another member who is entered in the tournament. A list of eligible golfers with their handicaps is posted in the Recreation Office and at the Golf Course.
3. The posted handicap will be used for the entire tournament.
4. The tournament will be played on the Dogwood and Oak Tree Courses.
5. Signed and attested scores must be submitted to J. Weiss, Building 830, by 5:00 p.m. on July 12.
6. On July 14 the **four** lowest net scorers will be notified to play a second round to determine place winners. The BERA Golf Association will pay the green fees for the final round.
7. The final round must be played with at least one other finalist.
8. In addition to merchandise awards, a trophy will be awarded to the winner. The number of awards will be based on the number of entries, as in past tournaments.

No entry blank is required. Just find an eligible golfer and go out and play!

ATTENTION LADY GOLFERS

The B.G.A. would like to run a ladies' tournament, but we must have your cooperation. The tournament will be a Callaway type so that anyone can win - you don't have to be a good golfer.

The tournament will start on July 8 and run until July 22. Just play nine holes on any of the three Middle Island courses with another B.G.A. member (male or female). Have your score attested by your playing partner, and send the card to J. Weiss, Building 830, by 5:00 p.m. on July 22.

At least ten entries are required to run the tournament, so please fill in the form below and send it to J. Weiss.

Name.....Life No.....

Lab Address.....

Membership Card No.....

(Return to J. Weiss, Bldg. 830)

NURSERY SCHOOL TEACHERS NEEDED

The nursery school which will start at the Lab this fall is seeking experienced teachers. Anyone who wishes to have further information and obtain application forms should write to Mrs. Moon, in care of the Medical Department, or telephone Ext. 2785.

CHILDREN'S SWIMMING INSTRUCTIONS

Beginning July 7, the children's summer swimming program will be in full swing. The program, handled by four authorized swimming instructors, will run for seven weeks with each classification scheduled for one lesson a week. Posting of dates, times, and regulations will be in the swimming pool and Gymnasium as of June 30. To date, 250 children are registered for lessons.

Children should bring bathing suits, towels, and 35 cents for admission. Girls are required to wear bathing caps. Children should not bring watches, rings, or other valuables with them. If these items are brought, they should be checked with the lifeguard.

It is suggested that a light lunch be eaten by children no later than noon and that they arrive at the pool no earlier than 12:50 p.m. Lessons will begin at 1:00 p.m., and the children will be dismissed at 2:30 p.m. Off-site children must remain in the pool area until picked up by parents. On-site children may leave only to go directly to their apartments.

The classes have been scheduled as follows:

*Monday	Class A	Beginners
*Tuesday	Class B	Beginners
Wednesday	Class C	Adv. Beginners
Thursday	Class D	Intermediates
Friday	Class E	Swimmers
Friday	Class F	Beginners

*Because of holidays on July 5 and 6, the first session for Classes A and B will be on July 12 and 13 respectively.

All reservations must be made in person at the Recreation Office at least three days in advance. Payments must be made by check, payable to the Gateway Playhouse, and must accompany order.

1965 TENNIS TOURNAMENT

The 1965 BNL Tennis Tournament is scheduled to get underway in the early part of July. Entries are now being accepted for Men's and Ladies' Singles, Men's Doubles and Mixed Doubles.

Simple elimination (one loss and out) will be held in each event, provided enough entries are forthcoming. Participants are scheduled to play one match each week, with the date, time and courts to be mutually agreed upon by the opponents.

The Tournament will officially begin the week of July 12. The **deadline** for entries is July 8. A fee of fifty cents per person for each event entered must accompany the registration.

Register now at the Recreation Office.

CAST ANNOUNCEMENT

At the Theatre Group meeting on Wednesday, June 30, the cast for "Summer and Smoke" will be announced. Also on the program are a prepared reading from "The Brig" and voting on two constitutional amendments. As noted last week, the meeting will be held at the Theatre, not in the Apartment Area Recreation Hall.

SEMINAR NOTICE

Computer Control Company, Inc. will present a seminar on Thursday, July 8, 1965 at 10:00 a.m. in the small seminar lounge (behind the lobby) of the Physics Building (No. 510). The seminar will be for the purpose of introducing their new line of Micro Circuit Modules and will consist of a formal presentation followed by a question and answer period.

HIGH GAME

Lew Jacobson bowled a 265 game in the BNL Summer Mixed League on Tuesday night, June 22. He must be doing something right!
