

## The Director's Corner

G.H. Vineyard

On Wednesday afternoon this week I met with the scientific staff of the Laboratory to discuss developments in Federal policy on energy research and some proposed governmental reorganizations, together with their implications for the Laboratory as far as they can be foreseen at this time. Further information on energy research at Brookhaven will appear in subsequent articles in the *Brookhaven Bulletin*. These are highlights of what I talked about Wednesday.

In his energy message of June 22 the President announced, among other things, that he is asking Congress to create a new and independent Energy Research and Development Administration (ERDA) which would have most of the present functions and resources of the AEC, except licensing and regulatory functions, as well as the present energy research and development programs of the Department of the Interior. The licensing and regulatory functions of the AEC would be placed in an independent Nuclear Energy Commission.

The President also proposed an enlarged Federal energy research and development effort totaling \$10-billion over a five-year period starting next year (Federally supported energy research is now proceeding at a rate a little below \$1-billion per year; such work is included in the total). To give impetus to the program, the President announced that an additional \$100-million would be made available for energy research and development in this fiscal year. The President also asked the Chairman of the AEC to undertake an immediate review of energy research and development and recommend to him an integrated program for the nation.

In order to implement the President's request, AEC Chairman Ray has set up a task force under Gerald Johnson, Director of the AEC's Division of Applied Technology. The task force includes the Director of the Office of Coal Research, of the Department of the Interior, and a representative of each National Laboratory. Ken Hoffman is the BNL member and Frank Salzano is an alternate. On July 12 the initial meeting of the task force took place, and Directors of the AEC Laboratories, including your own, were present. Programs for which supplemental funding may become available were discussed. They consist of a series of major programs having to do with use of coal (the production of clean liquid fuels from coal, improved mining techniques, coal gasification, and improved combustion systems), and programs related to other forms of energy (advanced energy conversion systems, solar energy, geothermal energy, energy conservation, environmental control, and gas-cooled nuclear reactors). Much of the work contemplated would be developmental and the largest part of the spending over the five-year period will be for expensive pilot plants and demonstration plants embodying new technologies.

At the meeting Wednesday I discussed with the scientific staff the broad array of energy research projects now underway at Brookhaven, and some new projects we have been thinking about. Although it is much too early to be sure, there is a real possibility of augmented funding for energy research at Brookhaven in this fiscal year and in years to come.

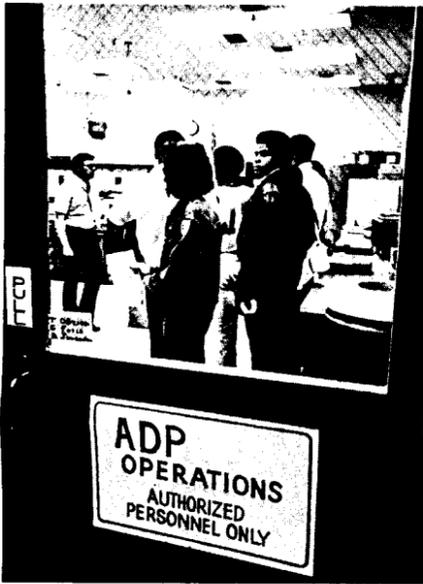

The proposed reorganization which would carry the AEC into an Energy Research and Development Agency, and thus broaden its scope, is exciting. Representative Chet Holifield and Representative Frank Horton have jointly introduced the administration's reorganization bill into the House. It has been referred to the House Committee on Government Operations, and a subcommittee will commence public hearings on the bill next week. The reorganization and many of its details depend on Congressional action. This will require some months, at least, and could easily take much longer.

## YOC Tour And Lecture

In addition to their normal work and learn situations, Youth on Campus participants attended other activities this past week. They toured the computer complex in Building 510 and in the ADP Building, where Cliff Fredrickson explained the Laboratory's data processing program (above, and below left). The YOC program also featured a slide lecture by BOCES area counselor Vincent Murphy (below right). He presented a detailed view of opportunities open to the students through the Board of Cooperative Educational Services program.

## Radio Network Links Ambulance Services In Suffolk County

Dr. George E. Leone, Suffolk County's Commissioner of Health, announced recently that 49 local fire department ambulance services and 26 independent volunteer ambulance companies serving Suffolk County have now been linked together by a new two-way network. This network provides direct voice communication, ambulance-to-ambulance and ambulance-to-emergency room communication with Suffolk County's thirteen general hospitals.

In announcing this new program, Dr. Leone went on to say that this will allow ambulance crews anywhere in the County to be in immediate contact with an emergency room physician if they need patient care advice.

Funded under a federal highway safety grant of \$141,000 through the Suffolk County Traffic Safety Department, this radio network was developed by the Health Department's Emergency Medical Services Committee. Joseph F. Jaret, the Committee Chairman, stated that this new communication system also provides a link to hospitals in the County during times of natural disaster when regular telephone communication could be interrupted.

Mr. Holifield in the remarks he made in connection with introduction of the bill, said "... ERDA will be a focal agency for research and development of energy in all forms, not just nuclear... It makes good sense, in my opinion, to build a new research and development agency for energy upon the broad technical base of the AEC's existing laboratories and facilities, its experienced industrial contractor organization, its trained scientists, engineers, and technicians."

## Nixon To Nominate W.A. Anders To AEC

On July 19, the President announced his intention to nominate William A. Anders of McLean, Virginia to be a Commissioner of the Atomic Energy Commission for the term expiring June 30, 1978. He succeeds James T. Ramey whose term has expired after 11 years of service on the Commission.

Mr. Anders has been Executive Secretary of the National Aeronautics and Space Council, which is part of the Executive Office of the President, since 1969. From 1964 to 1969 he served with the National Aeronautics and Space Administration. He was the lunar module pilot for Apollo 8, the first lunar flight, and was also the back-up command module pilot for Apollo 11, the first lunar landing.

Mr. Anders was born in Hong Kong on October 17, 1933 and raised in California and Texas. He attended the United States Naval Academy at Annapolis, Maryland, from 1951 to 1955 and was commissioned in the United States Air Force on graduation. Following jet pilot training, Mr. Anders did graduate work in nuclear and aeronautical engineering at the Air Force Institute of Technology, Dayton, Ohio, and Ohio State University from 1960 to 1962.

He is married to the former Valerie Elizabeth Hoard; they have 6 children.

## 25th Anniversary Of Clinical Chemists

On July 15, members of the American Association of Clinical Chemists met in New York City to mark the organization's 25th anniversary. Its formation in 1948 brought professional recognition of the valuable contributions of this relatively new branch of medical science in the diagnosis and treatment of disease.

One of the clinical chemistry's pioneer contributors was Donald D. Van Slyke. At the time of his death two years ago, Dr. Van Slyke was Senior Scientist, Emeritus, at Brookhaven National Laboratory, and could be found almost daily working at the Medical Research Center. He left a legacy of nearly four hundred papers, books and monographs encompassing the several major areas of clinical analysis. Known for his work in the chemistry of proteins and amino acids, in blood analysis, in the action of enzymes, Van Slyke developed practical methodology for many laboratory determinations.

Clinical chemistry is also somewhat indebted to him for its name. Van Slyke collaborated on the two-volume work "Quantitative Clinical Chemistry," published in 1931, which first applied the term "clinical chemistry" to this field.

Van Slyke was an example of a truly creative scientific mind. In his work on blood gasses, he recognized the need for a proper analytical instrument and designed and built the manometric apparatus that bears his name. Today's clinical chemists continue to carry on the fine tradition of Dr. Van Slyke in the application of chemistry to clinical and investigative medicine.

## IBM Film To Be Shown Next Wednesday 8/1

A 20-minute film describing the activities of IBM science centers in various countries will be shown at 12:30 on Wednesday, August 1 in Berkner Hall. Those interested in a well-made film describing the use of computers in solving problems in Tokyo, Pisa, New York, and other cities around the world are urged to attend. The film runs approximately 20 minutes.

## IBEW Meetings Cancelled

Local 2230 has cancelled its General Meetings for the months of July and August. The next regular monthly meeting will be held on September 27, 1973 at 8 p.m. in the K of C Hall in Patchogue.

## Movie Tonight

This week's offering of the BERA Summer Film Festival is *Rachel, Rachel*, directed and produced by Paul Newman, and based on the novel "A Jest of God" by Margaret Lawrence.

New York Film Critics Awards were given to Paul Newman (Best Director) and Joanne Woodward (Best Actress) for their work on *Rachel, Rachel*. The film is set in a small New England town. Rachel (Joanne Woodward) is a 35-year-old elementary school teacher who has never been able to allow herself a full emotional involvement. At a revival meeting, she discovers the intense emotions which she is capable of experiencing.

She rejects the romantic overtures of a colleague (Estelle Parsons), and has her first love affair with an old schoolmate (James Olson). When she is abandoned by her lover, Rachel lives with the hope that she is pregnant; but once again she is let down. Determined not to regress to her former sheltered life, Rachel decides to move to another town.

Although Newman in his directorial debut uses fantasy and flashback scenes, the film is essentially a realistic, straightforward portrait of a spinster's attempts to come to grips with her neurotic fears. According to Arthur Knight of the *Saturday Review*, "... a tender and moving film... quite properly, it is Miss Woodward who carries the picture, and makes it the affecting thing it is..."

Show time is 8:30 p.m. in Berkner Hall. Tickets are available at the door and are priced at \$1.00 for adults, and 50 cents for those under 18. Employees, families, friends, and the general public are invited.

Next week's presentation will be *The African Queen*, an adventure-romance starring Humphrey Bogart, Katherine Hepburn, Robert Morley, Theodore Bikel, and Peter Bull.

**Medical Department Service Awards**

Members of Brookhaven's Medical Department were recently presented with Service Awards by Department Chairman Dr. Eugene P. Cronkite. Left to right, seated: Christina Bortscheller, 10 years; Marie Susa, 10 years. Left to right, standing: W.A. Finn, 25 years; Charles Goldman, 25 years; Dr. George Cotzias, 20 years; Theodore Johnson, 20 years; and Dr. Cronkite.

**Cafeteria Menu  
Week Ending August 3, 1973**

<b>Monday, July 30</b>	
Tomato Soup	
Spanish Omelet & 1 Veg.	.85
Baked Macaroni au Gratin & 1 Veg.	.90
Boiled Beef w/Beet Relish & 1 Veg.	1.05
<b>Tuesday, July 31</b>	
Vegetable Soup	
Manicotti w/Tomato Sauce & 1 Veg.	.90
Sliced London Broil & 1 Veg.	1.05
Pork Chow Mein on Rice w/Crisp Noodles	.95
<b>Wednesday, August 1</b>	
Turkey Noodle Soup	
Corned Beef & Cabbage w/Boiled Potato	1.05
Spaghetti w/Italian Sausage & Peppers	.95
Grilled Chopped Beefsteak & 1 Veg.	.90
<b>Thursday, August 2</b>	
Onion Soup w/CROUTONS	
Pizza Pie & 1 Veg.	.95
Braised Chicken Leg & 1 Veg.	.90
Baked Stuffed Green Pepper & 1 Veg.	.99
<b>Friday, August 3</b>	
Manhattan Clam Chowder	
Roast Beef w/Brown Gravy & 1 Veg.	1.05
Broiled Halibut w/French Fries	.95
Barbequed Breast of Lamb & 1 Veg.	.99

**Adult Swimming Instructions**

Registration for adult swimming classes are now being accepted at the Swimming Pool between twelve and one o'clock. Registrations will end on Wednesday, July 25. Classes will be held for a six-week period on Tuesday and Thursday evenings between six and seven o'clock. The fee for the full instruction series is \$10 per person. Act now, class numbers are limited.

**Softball**  
 Dick Ruffing

**Brookhaven League**

In a real come-from-behind ball game, the Blue Jays defeated Metallurgy 11-9. Metallurgy scored 9 runs in the first inning, then were shut out the rest of the game. With the score tied at 9 all in the seventh inning, Tom Prach hit a two-run homer to win it for the Jays. Sam Miller had a 4 for 4 night in the hitting department for the Blue Jays.

In another thriller of the evening the Dirty Sox defeated, or I should say outlasted, the Old Timers 12 to 11 in eleven innings. The Dirty Sox scored 2 runs in the sixth inning to tie the game at 11 all. Both teams played good defensive ball until the eleventh inning when the Sox scored an unearned run to win the game.

**National League**

The Six-Pax defeated EAO 17-2. Al Mack and Ed Hein had homeruns for the Six-Pax.

In a 5-inning make-up game later on in the evening, the Six-Pax defeated the Circuits 6-3.

In the other regular scheduled game of the evening, the Circuits played one of their best games of the season as they defeated the previously unbeaten S&M team 9-7. A very good game for the Circuits.

**Laboratory League**

No scores reported.

**University League**

The Odd Couples defeated the Gotchas 11-7. Ron Weider had a solo home run for the Gotchas.

In the second game of the evening, the Oh Kays defeated the Different Strokes 15-5. The Oh Kays had a shutout going for them until the sixth inning, when the Different Strokes scored 5 runs.

**PAF Of LI Presents  
Salute To Gershwin**

The Performing Arts Foundation of Long Island will present Martin Josman's National Chorale in a special salute to George Gershwin and his music on August 11 at the PAF Playhouse, 185 Second Street, Huntington Station, N.Y.

Entitled "An Evening with Gershwin," the concert will focus on the composer's most popular film and stage songs. Included will be selections from "Of Thee I Sing," "Porgy and Bess," and "Girl Crazy." Among the songs the Chorale will offer are such favorites as "I Got Rhythm," "Lady Be Good," "Embraceable You," "Somebody Loves Me," "The Man I Love," and "S'wonderful."

The National Chorale with Martin Josman as director is the only professional choral repertory company in the United States. During the past several years, it has performed to critical acclaim at Philharmonic Hall and for more than 150,000 young people in schools and colleges throughout the metropolitan New York area.

Featured in the PAF concert will be Jeanne Lehman, soprano; Linda Echard, contralto; Jim Ferrier, tenor; Herb Berberich, bass; and pianist Mel Wade.

Tickets for "An Evening with Gershwin" are \$6.50. The performance is scheduled to begin at 8:30 p.m. Reservations and information can be obtained by calling (516) 271-8282.

**Nursery School  
Registration**

The Upton Nursery School is now registering children for the 1973-74 school year. The School offers three- and four-year old children a variety of opportunities in social activities, art, dramatic play, music, outdoor activities and experiences that build readiness for work in elementary school. Classes are held in the Recreation Building in the Apartment Area. Professional teachers are in charge of all classes.

There are two sessions of the school - one meets on Monday, Wednesday and Friday and the other meets on Tuesday and Thursday. Within each session there is a three- and four-year old class. The school term begins after Labor Day and ends in mid-June. Classes begin at 8:30 a.m. so that children can be dropped off by their parents on their way to work. The school day ends at 11:30 a.m.

The School is a non-profit, self supporting, cooperative BERA activity operated for the benefit of pre-school children of BNL employees. The parents of the students contribute some of their time to the School's operation so an excellent program is provided with minimal tuition fees.

Openings are now available for next year's classes. Inquiries should be directed to Diane Casey at 473-0770 or Ken Mohring at Ext. 2495.

**Stony Brook Events**

A bicycle tour, art exhibit and concert highlight events for the last week of the summer session at the State University of New York at Stony Brook. Unless otherwise noted, all events are free and open to the general public. There are no further events scheduled until the fall term.

**Friday, July 27**

A Brown Bag Bicycling Tour leaves the Stony Brook Union main entrance at 3:30 p.m. for the Thompson House. Dinner will be at 5:30 p.m. at Frank Melville Memorial Pond.

A folk dance will be held in the courtyard of the University's Stage XII Residential Quad beginning at 8 p.m.

**Monday, July 30**

The June Blum-Ilise Greenstein art exhibit continues this week, through August 3, in the Stony Brook Union Art Gallery from noon to 5 p.m.

**Tuesday, July 31**

A concert by Peter Wharton on the electrified tamborine will be presented at 4 p.m. in the Stony Brook Union courtyard. In case of rain the concert will be held in the Stony Brook Union Main Lounge.

A Duplicate Bridge Tournament will be held in Room 226 of the Stony Brook Union at 8 p.m. Admission is \$1.

**Wednesday, August 1**

Japanese calligraphy will be the crafts session from 11:30 a.m. to 1:30 p.m. in the Stony Brook Union's Courtyard.

Wednesday Night at the Theater presents Dances of India - Classical and Folk by Padmini Ramachandran at 8 p.m. in the Stony Brook Union Theater. Admission is \$1.

**Tennis Clinic**

The final two sessions of the tennis clinic will be held on Saturday, July 28 and August 4. In the event of rain on either day, that session will be re-scheduled for the following Sunday.

A program of instructional films has been arranged for next Tuesday evening (July 31). The films will be shown at 8:30 p.m. at the Recreation Building. Clinic participants and other interested members of the BNL tennis community are welcome.

**Tennis Tournament**

The first round of the annual BERA tennis tournament has been completed and results posted in the gym. The deadline for the second round is July 29. Players are urged to keep to the schedule.

**Kickboard Race At Pool**

Front to Back: Elizabeth Montgomery, Cliff Long, and Clint Robins.

**BERA Swim Program  
Awards Ribbons**

The BERA Summer Recreation Swimming Program held its weekly special event last Friday. Once again, the swimming pool was alive with youthful splashing and thrashings as children competed in the inner-tube and kick-board races.

Over twenty children above the age of eight lined the edges of the pool's deep end awaiting their chance in the inner-tube runoffs. The tubes were run in five heats, each consisting of three widths of the pool. Winners from each of these heats then competed in the finals. The competition was tight. Hoping his opponents would flip over or spin helplessly in circles, each racer splashed furiously across the water. Some did flip over, and a few spun for a while, but none would let even the cruelest of adversities (a limp and leaking tube) keep them down. Until the last, it was anyone's race.

Meanwhile, the younger children competed in a similar manner on kick-boards at the other end of the pool. The BERA staff coordinated the speedsters in elimination heats, making certain that no one was improperly eliminated. Once the waters had again calmed, the winners, still wet behind the ears, were awarded first, second, and third place ribbons.

**Inner Tube Derby Winners**

Front - Ken Robins; left rear - Chris Degen; right rear - Damian Emery.

**Crazy Hat Contest Winners**

Ugliest - Peter Kaufman

Prettiest - Rosemary Sherwood

Most Creative - Jennifer Sherwood

Most Creative - Mike Schermer

Most Original - Laura Huber

Smallest - Cathy Shpiz

Tallest - David Kray

Craziest - Lynn Guertin

**Pageant of Pageants Staged By BERA**

With the Miss Universe pageant attracting its perennial attention, it was only appropriate that BERA stage a contest of its own. And so it was that, last Friday, July 20th, the children in the Morning Recreation Program presented their own showy parade of design and color with the Crazy Hat Contest.

At nine in the morning, the contestants filled the hall, each with his special hat. The hats, representing nearly every shape and color in the known world, were displayed on large tables as the judges were seated and the parents' review section was readied. The room filled with excitement as

each child donned his creative headpiece and left for the lounge, where the multitude was assembled and organized.

"Ohoos" and "ah's" and a few snickers greeted the parade as it wound its way around the room. There were big hats and small hats, splendid hats and wild hats, tasteful hats and gauche hats. The judges were faced with quite a task trying to choose just the right hat for each category. Finally, Rich Parsons and Randy Alford reached an accord and honored the lucky winners with their ribbons. "Miss Universe, eat your heart out"!

**Classified Advertisements**

**Placement Notices**

Each week, the BROOKHAVEN BULLETIN lists personnel placement requisitions currently being processed. The purpose of these listings is, first, to give notice of all non-scientific staff positions being filled and, second, to give employees an opportunity to request consideration for themselves or others whom they wish to recommend to BNL. In filling vacancies, the Laboratory's objective is to give first consideration to present employees, as follows: employees within the immediate group having the vacancy, employees within the department or division, employees within the Laboratory as a whole.

For further information regarding a placement notice, please contact Employment Supervisor, extension 2879 or 2882.

SECRETARY - Full time position. Directors Office.

SECRETARY - Purchasing Division.

PHYSICS ASSOCIATE - Bachelors degree or equivalent in physics or electrical engineering. Experience in electronics and computer physics. Physics Dept.

SCANNER - Temporary position. Physics Department.

TECHNICIAN - A.A.S. degree or equivalent in electronics. Instrumentation Division.

FIREFIGHTER (1) - Health Physics & Safety. Application deadline: August 2, 1973.

SEWAGE TREATMENT PLANT OPER. B (1) - Plant Engineering. Application deadline: August 2, 1973.

**Autos & Auto Supplies**

BSA MOTORCYCLE - 650 cc, excel cond. Ext. 2382, 878-1915.

59 CHEVY PANEL TRUCK - Built-in bunks, all set for the beach. \$250. Ext. 2382.

69 TOYOTA - Excel cond, 70,000 mi. \$675. 286-0934.

59 JAGUAR MK IX SEDAN - Lee, Ext. 2375.

69 FORD FAIRLANE - V8, ps/pb, good cond. 727-7843.

66 CHRYSLER NEW YORKER - Gold & blk, good cond. \$300. Ext. 3303, 585-4040 after 6.

63 BUICK LE SABRE - 2 dr hdtp, 2 new front tires, excel motor & trans. As is, \$140. 732-3338.

68 ROAD RUNNER - 4 spd, excel cond, low mileage, many extras. \$1500. 475-7272 after 5.

15" CHEVY WHEELS & TIRES - Good for spares, \$10/pr; 14" wheels, lg Pontiac & Ford, \$5/pr; 12v GM gen, \$5. Bob, Ext. 4652, 289-0357.

69 FORD CUSTOM - 4 dr, auto trans, pb, good cond. \$600. 878-1237.

69 CHEVY NOVA WAGON - 6 cyl, std shift, 66,000 mi, very good cond. Quick sale, \$850. Jody, 473-1180.

65 VW BEETLE - Low mileage, rebuilt, new clutch, body OK, runs well. \$400. Walt, Ext. 3418, 588-3779.

66 CHEVELLE MALIBU - Good cond, very dependable 2nd car. \$450. Ext. 3180.

64 CHEVY - 2 dr, 383 eng, needs tires & some body work. \$200. 588-6724.

66 DODGE CORONET - Ps/pb, V8, auto trans, 4 dr sedan, good cond. \$450. Ben-Hur, Ext. 3395.

68 DUCATI SCRAMBLER - 350 cc, good running cond. \$275. 928-1230.

36 HP VW ENG - Compl rebuilt, compl w/all access, new exhaust sys. \$135. R. Meyer, Ext. 4615, LT9-5757.

68 CHEVY IMPALA SUPER SPORT - New rubber. \$850. W.S. Webster, 286-3647.

72 PINTO - Air cond, 27,000 mi, new rubber, good cond. \$1795. Ext. 2564.

63 OLDS CUTLASS - Conv, auto trans, r/h, V8, \$150. 286-8210.

**Boats & Marine Supplies**

SAILBOAT - Blue Jay, w/main, jib, spinnaker, extras, w/trailer. \$675. Jack, Ext. 2467, 286-3944.

25' OWENS - FW cooled, approved head, sleeps 4, ideal family boat, many extras, must be seen. 589-2648 after 6.

23' LUHRS JERSEY SKIFF - 109 Graymarine inboard, sleeps 2, elec bilge, radio/telephone, immaculate, fully equipped, ready to go, forced to sell. \$1995. 931-4500, Ext. 280 days; 872-0826 eves.

17' FIBERGLASS DEEP VEE - 1970-85 hp Evinrude motor, tilt trailer. 928-2954 after 5.

PROP - RH 12x10, good cond. \$25. Jerry, Ext. 3434, HR2-1097.

15' THOMPSON LAPSTRAKE RUNABOUT - Fiberglass bottom, morse controls, w/35 hp Evinrude, in water, will demonstrate. \$300. Nauman, Ext. 3381, 286-3764.

**Miscellaneous**

IRISH SETTER PUP - Choice of litter. 929-4631.

UNIVERSITY 15" SPEAKER - In mod enclosure, 5-10" speakers in homemade enclosure. J. Guthy, Ext. 4764.

PORTABLE TV - Needs minor repair; old (78) phonograph records. O. Booker, Ext. 4719.

PWR RAKE - For redoing lawns. \$35. Rich, Ext. 2982.

TENT - 10x12 blue & yellow; portable bottle gas stove w/20 lb bottle; \$60/both. Ext. 4278, 475-3632.

4 TRACK REEL/REEL TAPE RECORDER - Sound-on-sound, bulk eraser, access, \$50; 12" coaxial spkrs, enclosures, \$75/pr. 878-0079.

SEARS REFRIG - 2 drs, excel cond. \$95. Frank, 929-8317.

27" PARKER LAWN SWEEPER - \$10. Morris, Ext. 4312.

AIR COND - Fedders 5000 BTU, window mounted model, good working cond. \$25. C. Goodzeit, Ext. 4711, 286-0271.

1967 NORTON - Atlas 750 cc, new eng, new tires. \$900. G. Murdock, Ext. 4688.

TABLE - 4x4 masonite top, folding legs. \$10. 744-5871.

BOX SPRING & MATT - Foam rubber, excel cond, \$35; antique white vanity, Eng. Chippendale, \$20. Arbeit, Ext. 4118, 928-5714.

PORTABLE TYPEWRITER - Sears Celebrity, executive type, excel operating cond. \$20. Tom, Ext. 3397, 475-2595.

CREE TRAVEL TRAILER - 18', self-contained, gas heater, refrig, stove w/oven. \$1195. 325-1961.

ELEC MOTOR - GE 1 1/2 hp, 1750 rpm, continuous duty, ballbearings, 3 phase. \$25. Ext. 4240, 286-0295.

LG BIRD CAGE - W/legs, like new, 16 pkgs unopened parakeet supplies, also smaller bird cage & misc. \$8 for everything. 878-0079.

FENCE - 56' cedar shadowboard, 5'h. \$50. C. Brewster, Ext. 2902.

UPRIGHT FREEZER - Old but works fine, med size. \$50. 585-8322.

MAGNAVOX CONSOLE RECORD PLAYER - Twin speakers. \$25. Pete, Ext. 3350.

SPORTS JACKETS - Boy's size 12-16, \$4-5; brand new slacks, size 16 & 18. A. Munsterman, 744-5871.

LADIES BICYCLE - Raleigh 3-spd delux sport 26", very excel cond. Audrey, Ext. 3489.

GM SAFETY INFANT CAR SEAT - \$7. Judy, 751-2776.

BABY CARRIAGE - Imported from Sweden, excel cond. \$40. B. Tuthill, 727-3106 after 5.

7' BLK LEATHER BAR - Portable, 2 stools, never used. \$100. George, 286-0531.

TRAVEL TRAILER - 16', gas stove & heater, good cond, must sell. \$1095. 585-8395.

4 DIN RM CHAIRS - High back, rush seat, w/pads, \$50; recliner chair, \$30; chest of drawers, other items. J. Fischer, 475-7464 am.

AIR COND - 1972 Penn Crest (Penney's), 18,000 BTU w/auto rotating vent, used 2 mos. EM3-6121 after 6.

8' SOFA - W/extra slip cover, excel cond. \$65. R. Manning, Ext. 3887, 286-0353.

2 HEARING AIDS - Almost new; 4 metal folding chairs; used badminton set, good cond. 286-0376.
