## ABC'S OF RADIATION TO BE DISTRIBUTED

"ABC's of Radiation" is the title of an attractive and informative little booklet to be distributed this week to all employees of BNL. This booklet gives the basic facts about radiation, as well as an explanation of the way in which the Laboratory protects people against possible harmful effects.

Although the "ABC's of Radiation" is addressed specifically to the BNL staff, it is anticipated that families and friends of employees, particularly here in Suffolk County, will be interested. Extra copies may be obtained from the Information and Publications Division, 39 Brookhaven Ave., Ext. 2328, or from the Health Physics Division, 31 Herschel Place, Ext. 590.

## GOLF TOURNAMENT AT BELLPORT JULY 30

The Bellport Country Club will again be the scene for the BNL monthly Golf Tournament when divot diggers tee off at 9:00 a.m. on Saturday, July 30.

Any staff members who have not taken part in past tournaments and wish to enter now may establish handicaps by filing three score cards either with Dick Vogt in the Recreation Office or Tommy Marrion at 35 Brookhaven Avenue.

The Golf Committee has arranged events and handicaps so that even the lowliest dub will have an opportunity to win a prize and anyone who can swing a club is urged to be on hand to take part in the festivities.

The scheduled events are as follows:

### Event #1 - Blind Bogey

After all contestants have teed off, a number will be drawn from a hat. Number drawn will range from 1 to 9. Those contestants whose score is nearest to that number drawn will receive 2 golf balls. Prizes will be awarded in the following brackets:

BNL RACQUETEERS  
LOSE TO  
KETCHABONET KLUB

In a tennis match arranged by Walter Thorne of the Machine Shops, the BNL Tennis Team was defeated by the Ketchabonet Klub of Westhampton Beach on Saturday, July 16, by a score of 5 sets to 2.

BNL players, accustomed to playing on the hard courts here at the Laboratory, found it difficult to adjust themselves to the low bounces and slower game of the clay courts at Westhampton Beach and feel that they will be able to offer stiffer opposition when the return match is played.

Several good doubles combinations developed and the players who took part in the singles have determined to go into training to improve their winds before another tournament.

Plans are being made to challenge teams from other clubs in the surrounding neighborhood.

The results of Saturday's match:

Singles:

Haggerty (K) defeated Merkle (B) - 6-1, 6-3

Turner (K) defeated McReynolds (B) - 6-1, 6-0

Howell (K) defeated White (B) - 10-8, 6-1

Doubles:

Fox and Hartzell (B) defeated Balf and Douglas (K) - 0-6, 6-3, 6-4

Lee and Joline (B) defeated Dana and Alling (K) - 9-7, 3-6, 6-2

**SOFTBALL ANALYSIS**

By Walter Thorne

At the first 'alf meeting of the Softball Committee, it was decided that BNL League Champions would play a post-season game against an All Star Team composed of players chosen from the other teams in the league.

A post-season round-up of all teams might also be held for the players, wives, families and friends. There will be refreshments and games. The games will include sack races, egg throwing contests, timed base running, home run contest, fungo match, pitching through nail kegs, catcher's peg through nail keg at second base, etc. Anyone interested in ordering their eggs early, contact Danny Ryan on Ext. 485. Delivery, stock!

Let's give some credit where credit is due! Ralph White, during the first quarter of the season, had the best team in the league. Then a low-flying stork flew over the Chemistry team, first landing at Buddy Watterson's house, then Arty Dick's, and the next stop, I understand, is Ralph Giannotti's residence. With all of this, Ralph also had difficulty in securing rides for his star first and second basemen. Ralph decided that if he turned the managerial post over to someone else the hex would leave the team, and the stork would fly over some opposing team--so he turned the job over to capable George Samos.

If all the players left a team because of a few losses there wouldn't be much of a league. Come on, George, let's fill in those open positions with some good ball players. Your team is still in the running.
