MENS' SINGLES IN QUARTER FINALS

With all matches played except one in the opening round of the mens' singles of the 1949 BNL Tennis Championship, as of Wednesday, Sept. 21, the following players have earned a place in the quarter finals:

Hartzell (bye)
Merkle
Ungar
McKee
Parrott
Goldhaber
Fox

Parrott and McKee played their quarter finals match on Wednesday, Sept. 20, and Parrott, by defeating McKee 6-1, 9-7, moved into the semi-finals.

In the mens' doubles the following teams have reached the quarter finals:

Hartzell-Fox (bye)
McKee-Parrott
Johnson-McReynolds

Two matches have been played to date in the mixed doubles. The winning teams were M. Kuper - K. Hartzell and M. Moog - W. Merkle.

NEARLY THREE TONS OF FERTILIZER ORDERED

Orders for 5300 lbs. of fertilizer and 395 lbs. of grass seed were placed with the Swan River Nursery by 38 staff members under the discount arrangement made by BERA.

"OUT OF THE FRYING PAN" NEXT THEATRE GROUP PRODUCTION

The Theatre Group has selected "Out of the Frying Pan" as their next production and casting will take place this evening at 5:30 p.m. in the Theatre, 12 Brookhaven Avenue. "Cut of the Frying Pan" is a comedy that concerns the trials of a group of young people who have dramatic aspirations, an appropriate vehicle for an amateur group.

Any staff members who have dramatic aspirations and would like to take part in the production are invited to attend the meeting tonight and try out for a part. If previous commitments prevent attendance tonight, arrangements may be made for a noontime try-out by calling Ellen Reidy, Ext. 2301 or Saul Harris, Ext. 2450.

CHAMPS PLAY ALL STARS WEDNESDAY

The Materials Control team, the 1949 BNL softball champs, will play a post season game with the All Stars on Wednesday afternoon, September 28 at 5:00 p.m.

The All Stars team is composed of players from all teams in the league who were chosen by a committee made up of the managers of the teams.

This game should be one of the hottest contests of the season and the players will be encouraged if members of the various departments turn out and root for their favorites.

BNL BAND BUSY BLOWING

The Wednesday night sessions in the Research Staff Lounge are not to be confused with the Music Listening Group. While the sounds may slightly resemble the recordings selected for music listeners, the fact is, the BNL Band is responsible.

Some 35 staff members have joined the group and when vacations are over, Abe Edelman, director of the Band, expects to have some red-hot sessions.

You, too, can be the life of the party! Come out any Wednesday evening. Bring along your fife, trombone, zither or what have you.

COMING EVENTS

Film Study Group -
Sept. 26

All-Star Softball Game -
Sept. 28

Band Rehearsal -

Square Dance -
Oct. 6

YOUR BERA TRUSTEES

Harold L. Bates is BERA representative from District No. 8, which covers the AEC local office.

Harold was born in Providence, R.I., and after graduating from high school, attended business school where he studied accounting and business administration.

He was employed in the U. S. Army Engineering office in Providence for 5 years and then was transferred to the St. Lawrence Seaway Project with headquarters in Massena, N.Y.

When World War II started, Harold enlisted in the Navy and spent most of his enlistment in the desert in California at the Naval Training Base at a small town called 29 Palms. When the War ended, he had attained the rank of Yeoman, 1st Class.

After a short period with the U.S. Army Engineering Office in N.Y. City, he was transferred to the A.E.C. Office here in November, 1946.

Harold is married and lives in his own home in North Fatchogue. He has two children: David, 6 months, and Robert, 3 years old.

What little spare time he has after tending to the many chores that go with home owning, he applies to his hobbies--leading a Boy Scout Troop and bowling.

"INNER HARBOR",
by Frederick Wight --
(Reviewed by Eleanor
deLaguna)

Mr. Wight's tale is concerned with the psychological renaissance of a young socialite, Christine Brainford. Christine is a sensitive person, entangled in a web of relationships with her family, none of whom is willing to see her free of their neurotic claims. Her brother, Adrian, is jealous of her outside interests. Her mother, despite a succession of lovers, disapproves of any man in whom Christine is interested. Even the memory of Charlie, Christine's dead brother, confines her emotional interests to the family.

Further demands are made by the two men in love with her: Dan Edwards, a boat designer and builder, and Dr. Rinehardt, the psychoanalyst who is helping her to understand her family problems. The action includes some violence brought about in the psychological development of all the main figures.

Mr. Wight lays the scene for his story in a believable Cape Cod community, where the conflict between the native fishermen and the summer colony counterpoints the main plot. You will be happy to realize that no one says "I swan", or "Heavens to Betsy". Mr. Wight does not indulge in deathless prose, but he has a nice ear for conversation.

R.O.A. SECURES
TRAINING UNIT FOR
AIR FORCE
PERSONNEL

The East Suffolk County Chapter of the Reserve Officers' Association announced this week the formation of a training unit for Air Force personnel, tentatively to operate in Riverhead.

The unit has been designated as Flight A of the 9200 V.A.R.T. Squadron, whose headquarters will be located in Hempstead, while the group officers are at 67 Broad Street, New York. This unit will enable all qualified officers and enlisted personnel the opportunity to secure training which will give them credits toward the maintaining of their military status in the reserve, retirement pay benefits and promotion opportunities, and it will also act as a pool from which appointments can be made to T.O.&E. Units that provide monthly pay for training. Other flights have been established in Huntington and Hempstead.

All Air Force personnel interested in signing up for training with Flight A call Roy Sutter in the Purchasing Dept., Ext. 562 or 2161.

Information on an Army Training & Pay Unit at Riverhead will be available shortly; the unit has been definitely authorized but details are lacking.

The R.O.A., thru its newly elected president, Major Arma Andon of Westhampton Beach, expects to complete their services training campaign this fall. Additional projects of interest to all military personnel are scheduled for action.

SOFTBALL ANALYSIS

by G. W. McCormick

We extend our deepest sympathy to Walter Thorne and members of his family at the passing of his father.

BNL Softball League

First place in the league has been captured by Material Control. Congratulations!

Now a close race exists between Machine Shop and Phubars, with Phubars seeming to have the edge. In order to avoid a tie for second place, Machine Shop must win all their remaining games including that very important replay of one inning, where bases are loaded and no outs, Nuclear at bat.

To everyone interested in softball, don't miss the All-Star game Wednesday, September 28, at 5:00 p.m. In action for the All-Stars against Material Control will be:

Manager: Vogt
Pitcher: Foster
O'Laughlin
Catcher: McKee
1st Base: Meyer
2nd Base: Budd
Shortstop: Hardman
3rd Base: Lucas
Shortfield: Chickering
Leftfield: Newham
Centerfield: McCluskey
Rightfield: Samos
Reserves: Garrett
Binge
Thorne
Atherton
Isakoff

This game will just about wind up a successful season in which over a hundred men enjoying a common recreation, have met and had fun and ex-

ercise in competition. Let's hope that next year sees more men and teams in action.

25 BOWLING BALLS ORDERED

Twenty-five staff members took advantage of the opportunity to purchase bowling balls at a discount and had their grips measured by a representative of the American Bowling Company. Full payment for the balls ordered must be made at the Recreation Office on or before Friday, September 30.

HELP WANTED!

The work being done by staff members on the house in Babylon that is owned by the widow of the late George Henry Brewer Jr., former electronic engineer, is almost completed, but Budd Lacey, one of the prime movers in the project, states that help is still needed.

Any staff members who would like to help should call William A. Higginbotham, Ext. 428.

Say It With Safety,
And Save The Flowers.

LAB. K-9'S SCORE
AT RYE SHOW
by Hazel Penny

On Sunday, Sept. 11, Winifred and Charles (Pip) Goldman (Medical) and Hazel (Medical) and Don Penny (Physics), attended the Westchester County Kennel Show at Rye, New York, where their dogs were entered for the first time in a Novice Obedience trial. All three dogs were trained at the dog obedience classes held here last spring.

In order to obtain their C.D. (Companion Dog) rating, a dog is required to obtain a score of 170 out of a possible 200 points in three shows under at least two different judges. When the results were in we were pleasantly surprised to find that Pip's dog (a Springer Spaniel), Gay Baron of Pheasantdale (alias Butch) had obtained a score of 190, Winnie's Springer, Gay Dutchess of Pheasantdale, 185, and Hazel Penny's Woodland Flicka (Cocker Spaniel), 175. Flicka, 10-1/2 months old, was the youngest qualifying dog out of 62 entries.

In addition to the above, Dutchess walked off with a blue ribbon for breed and Don's Doberman Pinscher, Baroness von Ruelson, came home with a trophy, a cash award and a second place ribbon.

On the 24th and 25th of Sept. all of the dogs were again entered in the Long Island Shows at Huntington and Westbury, where it was hoped they would obtain their C. D.

(Results of these trials were not known when this article was written.)

CLASSIFIED

For Sale

1941 Chevrolet, Special Deluxe, 4-Door - All accessories - Seat covers - All good tires - Good condition - Price: \$625 - For information call W. Wilcox, Ext. 2467 or evenings Center Moriches 397-J.
