PHOTO CONTESTS PLANNED

At a special meeting of the Camera Club held Wednesday, October 26, plans were made for four amateur photo contests to be held bi-monthly from November, 1949, to May, 1950.

The first contest, black and white prints, for members only, will close December 1. Prints must be submitted only at a meeting to be held at that date, and the winners will be decided by a vote of the members present. The second and third contests, for members only, will be held on dates to be announced later. The fourth contest will be open to all staff members and both black and white and color prints may be entered.

Staff members who would like to enter the early contests may join the Club by attending the next meeting to be held November 9, in the Club Room, Building T-317.

The Camera Club's dark room in Building T-317 is fully equipped and ready for use by Club members only.

For further information about the contests or membership, call Marshall Bull, president of the Club, Ext. 2180.

"LISTEN TO MUSIC" THURSDAY

The Listening to Recorded Music Group will display its new high fidelity amplifier and loudspeaker system at their meeting Thursday evening, November 3, at 8 p.m. in the Research Staff Lounge.

Music to be heard will include some organ music by Bach and by Buxtehude, some Chopin Mazurkas, and the Ravel orchestral transcription of Moussorgsky's "Pictures at an Exhibition".

These recorded concerts are open to all Laboratory employees and their families. Normally they are given on alternate Tuesday evenings.

THEATRE GROUP MEETS

There will be a special meeting of the Theatre Group on Wednesday, November 2, at 12 Noon, to discuss party, ticket sales, publicity, and schedule. All members are urged to attend.

FRYING PAN PRATTLE by Selma Rapps

Murder! Excitement! Intoxication! Deception! Affection! Confusion! These descriptive words tell only too well the situations poor Dotty Coburn must explain to her dad, a member of the Boston Board of Censors, in order to persuade him to let her remain in New York. But, altho Dotty has been living a rather normal, innocent life away from home, these certain unforeseen incidents baffle her Dad and lead him to believe otherwise. He actually believes his daughter has been led astray by the young enthusiasts she lives with.

But don't jump to conclusions-- just make it a date to see the cast in action in "Out of the Frying Pan", to be presented Thursday and Friday evenings, December 1st and 2nd, at 8:30 p.m.

SQUARE DANCE NOVEMBER 8

How about starting the good Fall month of November off properly at a Square Dance Tuesday, November 8, 1949? All staff members are invited to another Brookhaven square dance at the Recreation Building in the Apartment Area (Building T-317) at 8:00 p.m. Remember that more musicians and more dancers are always welcome. Refreshments will be available.

COMING EVENTS

| Square Dance - | Nov. 8 |
| Theatre Group Meeting - | Nov. 2 |
| Listen-to-Music - | Nov. 3 |

RIFLE CLUB SHOOT by "Bob" Shaw

On the 23rd of October, a group of 21 Rifle & Pistol Club members gathered at the Club's Range to fire a qualifying course for the allotment of ammunition for next year. The major portion of the membership has now fired this course and some very good scores have been recorded. It is apparent that the formation of intra-club competitive teams is a development for the near future.

The increase in enthusiasm and active participation in Club affairs can be directly traced to the hard and persistent efforts of some of our members.

We particularly note and welcome the growth of interest among the fair sex in our activities. Husbands and/or prospective husbands, beware! These girls are good shooters. Make sure your excuses are legitimate.

HORSESHOE PITCHING POPULAR

This is the season of Fall colors, apples, cider and horseshoe pitching. Clanking sounds that come from the rear of many buildings during the noon-hour this month are made by the horseshoes hitting the pegs as Laboratory horseshoe pitching fans indulge in one of their favorite sports.

The fact that this pastime is being pursued in 12 different locations on the Laboratory site will give an idea of the number of staff members taking part. Matches are being played daily by the Heavy Machine Shop, Grounds Maintenance

LEROY LEAF LEADS IN FISHING CONTEST

Leroy Leaf, Nuclear Reactor, caught a 21-lb. 10 oz. striped bass at Long Cove, Fire Island, October 12, which places him in the lead in both the Biggest Fish of the Year Contest and the October Striped Bass Contest. Second in both contests is Howard Farrell, Nuclear Reactor, who caught a 20 lb., 9 oz. striped bass at Long Cove on Saturday, October 22.

Frank Fourney, Biology Dept., who has recently become a member of the Fishing Club, caught a 20-lb. striped bass in Shinnecock Inlet on Saturday morning, October 22. He reported that 32 stripers were caught in the Inlet late Friday evening and early Saturday morning, some of them weighing as much as 35 lbs.

The rattling noise that we will hear after this edition is published will undoubtedly be the sound of BERA Fishing Club members gathering together their gear and taking off for Shinnecock.

The local Gulf Gas Station is ready to prepare cars for cold weather driving. Cleaning radiators, checking hose connections, as well as furnishing any type of anti-freeze, are part of the services offered.

Group, Graphite Shop, Utility Maintenance Group, Paint Shop, Carpenter Shop, Meteorology Group, Accelerator Project, Photography and Graphic Arts Group, Central Drafting, Pile Operations Group and the Fire Department.

WELCOME ADDITION TO BNL BAND

The addition of Raymond C. Wanta, head of the local U.S. Weather Bureau station, to the BNL Band will enable Director Edelman to obtain official information as to which way the wind instruments are blowing. Strangely enough, Ray plays a trombone. Weather (sic) he plays hot or cold probably depends on the temperature. In any event, he is a welcome addition to the Band, which is rehearsing every Wednesday at 8 p.m. in the Research Staff Lounge.

Staff members who blow, saw, or thump on any instrument are invited to attend the rehearsals and become members of the Band.

BOOKS WANTED FOR HOSPITAL

The Hospital Visiting Committee is endeavoring to assemble a library for the use of the patients in the BNL Hospital. All types of books are acceptable, paper covered or cloth bound, but no magazines are wanted.

Staff members having books which they wish to donate for the library should forward them to The Bulletin Board, 55 Pascal Place.

presents

"OUT OF THE
FRYING PAN"
by F. Swann

Main Theatre - Good Seats
Dec. 1 and 2 - Eve. 8:30

"Always a Good Show"

FACT 'N FISSION

YOUNG family man needs extra money. Will accept anything--(Adv. in Patchogue Advance)

His name is Legion.

A stout, amiable, bald tennis player panted, "My brain immediately barks out a command to my body, 'Run forward, but fast', it says, 'start right now! Drop the ball gracefully over the net and then walk slowly back.'"

"Then what happens?" he was asked.

"And then," replied the stout man, "my body says, 'Who, me?'"

The dime appears larger than it did ten years ago. In fact, it now looks like a nickel.

A gentleman wishing to settle a point on art, approached the Information Desk of a public library.

"Where," he asked, "shall I find something on Correggio and his 'Flight into Egypt'?"

The clerk replied, "Everything about aviation is in Room 22."

CLASSIFIEDFor Sale

1939 2-Door Chevrolet - Newly painted - 4 good tires - Transmission overhaul and new clutch one week old - Body and motor in top shape - Matthew Lefkowitz, Ext. 458 or Bellport 601-J.

Wanted

Rider, with car, to join car pool from Patchogue to Laboratory - P. Kurz, Ext. 328.

Ride wanted, or would like to join car pool from vicinity of Waverly Ave. and Farm-to-Market Rd., Holtsville, to Laboratory. Hours 8:30 to 5 - Anderson, Ext. 478.

Unfurnished Apartment For Rent

Located in Medford on Chio Avenue - Rental: \$60 per month.

Three-room apartment with one bedroom and bath. Steam heat, gas cooking stove, no refrigerator. Garage. A very

clean, comfortable, attractive apartment. Available November 15; occupied at present by Hazel Williams. For further information call the owner, Fritz Hartl, at Patchogue 4179-W, or the Housing Office, Ext. 2218.

New Houses For Rent
St. James - \$59 per Mo.

These are attractive two-bedroom houses erected on quarter-acre plots at Gaynor Park in St. James.

At. \$59, no refrigerator or stove is included. If these are required, they will cost \$2.00 per month extra for each item. Baths have plastic tile with colored fixtures. Floors are of pre-finished oak. Heating is by hot air, oil fired. The builder, Mr. George Firth, estimates that the total heating bill for the winter season will not exceed \$50.

The house now nearing completion is rented, but four more are projected for that location. Mr. Firth will erect these in groups of two or three, or possibly even a single house in any location where the cost of a quarter acre of land does not exceed \$500. He is interested in two or three year leases.

For further information call Mr. George Firth at Stony Brook 88, or the Housing Office, Ext. 2145.
