

# The Bulletin Board

Brookhaven Employees Recreation Association, Upton, N. Y.

VOL. II

MONDAY, JANUARY 16, 1950

## BETTER LATE THAN NEVER!

That is the motto of the enthusiastic bowlers of BNL. As there will not be bowling on the Site this year, the captains of the bowling teams (ladies' and men's) met in the Gymnasium on Monday, January 9, to decide what could be done about the situation.

As a result of this meeting, and much hustling and bustling by the captains to get their teams together, bowling will start next week at the Patchogue Recreation alleys for the remainder of the season.

There will be two men's leagues of 8 teams each. One will meet Wednesdays at 5:30 p.m. and the other on Thursdays at 5:30 p.m.

The Ladies' League will meet on Tuesdays at 5:30 p.m. and there will be 8 teams in this league.

The teams and their captains are listed below:

### Men's - Wednesday Night

Central Lrftg. - Adolph  
Oltmann  
Cyclotron - Jack Mann  
Cosmos - Harold Pfeiffer  
Machine Shops - Albert  
Manger  
Paint Shop - William Phil-  
lips  
Pile Operations - William  
Scully  
Physics - Herbert Lehr  
Purchasing - Leroy Sutter

(Contd. on Page 3)

## BERA ELECTS NEW OFFICERS

A meeting of the BERA Board of Trustees was held in the Recreation Office on Tuesday, January 11. Election of officers was held at this meeting with the following results:

President: John Binning-  
ton  
Vice-President: Walter  
Thorne  
Secretary: Marge Chiu-  
chiolo

Each chairman of an activity was asked to give a report of what his activity had done in the past year and what is planned for the future. The activity, its chairman, and the report given are as follows:

### Theatre Group (Saul Harris) -

The last production given by this Group showed a profit of \$101.93. The Group is planning a modern drama for presentation sometime in the Spring, but as yet no title has been selected. Ben

(Contd. on Page )

Before last week's edition was prepared for publication, the editor went home to play host to a herd of germs. Like the "Man Who Came to Dinner", the editor's guests are still with him, so we again prepared an edition with whatever material was available.

## DR. GEORGE B. COLLINS NAMED CHAIRMAN OF ACCELERATOR PROJ.

Dr. George B. Collins, now Chairman of the Department of Physics at the University of Rochester, has been appointed Chairman of the Accelerator Project at BNL, it was announced Thursday, January 12, by Dr. Leland Haworth. Dr. Collins will take the place of Dr. Milton G. White, who has been on part-time leave from Princeton University and who now returns to fill the Higgins Professorship in Physics there.

Dr. Collins will have charge of all the accelerators now being designed and built at Brookhaven. Included are the multi-billion volt proton-synchrotron, or cosmotron, a 3.5 MEV Van de Graaff generator and a 60-in. cyclotron. The two latter machines are of design familiar to experimental physicists. The cosmotron is an entirely new machine of novel design and when completed will enable scientists, for the first time, to produce particles (protons) of energies equivalent to those of some natural cosmic rays. Much new knowledge about the nature and structure of matter may result from its use, since never before have scientists had the opportunity to attack the proton itself with energy enough to stand a chance

(Contd. on Page 3)

# DR. GEORGE B. COLLINS (Contd. from Page 1)

of smashing it.

Dr. Collins has been a trustee of Associated Universities, Inc. since 1947. He has relinquished his post at Rochester in order to devote himself to Brookhaven's development and use of the nuclear apparatus and techniques designed to be cooperatively used by research scientists of the north-eastern area.

Born in Washington, D.C. in 1906, Dr. Collins attended the University of Maryland for three years and then the Graduate School of The Johns Hopkins University, where he obtained his Ph.D. degree in Physics under the "new plan", which obviated the BS and MS degrees. He was appointed an instructor in physics at Notre Dame University in 1933 and became a full Professor there in 1946.

During World War II he took leave to become a member of the staff of the Radiation Laboratory at M.I.T., where he was Head of the Magnetron Group which contributed to the development of sources of high power micro waves used in short wave-length high resolution radars during the War. In September, 1948, Dr. Collins was awarded the Presidential Certificate of Merit for his outstanding service to the Armed Forces.

In 1946 Dr. Collins was appointed Chairman of the Department of Physics at Rochester. One of the major developments there during his stay was completion of the 250 million electron volt cyclotron, which, at the time, was the second largest such machine in the Country.

Dr. Collins will assume his new duties in the Spring, as soon as he is able to complete his work at Rochester, and in the meanwhile will serve as consultant to the Brookhaven Accelerator Project. He is a Fellow of the American Physical Society and a member of Phi Beta Kappa and of Sigma Xi, honorary scientific society.

He was married in 1934 to the former Elsa Leser, an instructor in German at Goucher College. They have three children.

## NEW BOOKS ON BERA RENTAL LIBRARY SHELVES

KING'S CAVALIER - Shellabarger  
GENTIAN HILL - Gouge  
TRANSIENT HOUR - Ayme  
GREAT BETRAYAL - Gardiner  
GYPSY SIXPENCE - Marshall  
THE ASSAULT - Mathews  
ONE ON THE HOUSE - Lasswell  
THE PARASITES - de-Maurier  
BRIEF GAUDY HOUR - Barnes  
SUCH AS WE - Sichel  
SCOTT-KING'S MODERN EUROPE - Waugh  
BETWEEN US AND THE DARK - McCall  
NOBODY'S FOOL - Harrison  
KING OF THE BASTARDS - Millin  
CALL IT TREASON - Howe  
ON JORDAN'S STORMY BANKS - Rowell  
MATHILDE - Frank  
AND THEN YOU CAME - Bridge  
MODERN ARMS AND MEN - Bush  
Also 15 mysteries.

## CAMERA CLUB ELECTS OFFICERS AND PLANS CONTEST

A meeting of the Camera Club was held in the Club Rooms on Wednesday, January 11, at which time election of officers was held. The newly-elected officers are as follows:

President: Gerald Strickland

Vice-President: William Charlesworth

Secretary: Gloria Karp

Treasurer: Harold Euler

Plans were made for the next print competition, which will be held on Wednesday, February 8. This contest will be limited to Club members only. The subject matter will be landscapes and seascapes in black and white prints only. All staff members are invited to join the Club and may enter this contest by doing so.

The next meeting of the Club will be held on Wednesday, January 25.

## BRIDGE CLUB NEWS

An enjoyable session of bridge was held by the BNL Bridge Club last Tuesday evening with enough staff members present for five tables.

Just to break the monotony, and also to prove to George Vassilopoulos and Bernard Byrne that there is still some competition in bridge playing at BNL, Frances Summers and Saul Harris tied the champs for North-South winners. The East-West winners at this session were James Amick and Robert Van Reen.

The next meeting of the Club will be Tuesday, January 24, in the Research Staff Lounge. All staff members are welcome.

BERA ELECTS

(Contd. from Page 1)

Lipetz is chairman of the Script Committee for this production.

BNL Band (Abraham Edelman) -

The Band is now complete and is planning to present a concert sometime in March. The Group is now able and willing to play at Laboratory functions.

Music Listening Group (David Kleinman) -

The Group has been meeting every second Tuesday with an average attendance of 28. The only change in the plans of the Group at this time is that the meetings will now be held every week, rather than every two weeks.

Tennis (William Farrott) -

This Group has no definite plans at this time. A Winter tennis tournament has not been planned because of the lack of interest in indoor tennis, but it is hoped that another teaching program will be set up in the Spring.

Concerts (Alf Christoffersen) -

A concert is being planned for the end of January. The Group feels that it is advisable to plan single concerts for the first year, rather than a series, until the interest is determined.

Men's Bowling (Gerhard Tiller) -

A short season of bowling will be held at Fat-chogue starting the week of January 16.

Ladies' Bowling (Marge Chiuchiolo) -

Same as above.

Fishing (Charles Larson) -

The past season ended favorably with a couple of "big ones" weighed in.

Rifle Club (Bob Shaw) -

The Club now has a membership of approximately 72, of which 75 % have shot a qualifying course. The Club House is 60% complete. The Group is trying to promote .22, but not much interest has been displayed thus far. Participation in inter-club meets is another goal of the Club.

Softball (Walter Thorne) -

Nothing is being done at present, of course, but the Club enjoyed a good season last year with 8 teams entered. It is hoped that more interest will be shown in this sport next season.

Golf (Jay Rowland) for Thomas Marrion) -

Nothing at present, but plans are being mapped out for the coming season.

Film Study Group (John Binnington) -

Good returns have been received from the ballots recently sent out on the proposed foreign film program. Plans are being made to start a series of these films late in January.

The next meeting of the BERA Board will be held on Tuesday, January 17, 10 a.m.

DID YOU ORDER 5 CHILDREN'S BOOKS?

Five children's books have been received at the Recreation Office from The Dividend Book Club. The employee who ordered them evidently forgot to include his or her name and address when ordering them.

Will the person who did order them please call the Recreation Office, Ext. 391.

LISTEN TO MUSIC EVERY MONDAY

Dr. David Kleinman, the new president of the Music Listening Group, has announced that the Group will meet every Monday at 8 p.m., in the Research Staff Lounge, starting this week. Programs for the future meetings will be published in The Bulletin Board each week.

All staff members are invited to attend these meetings.

BETTER LATE (Contd. from Page 1)Men's - Thursday Night

Fiscal "A" - Robert Brouwer  
Fiscal "B" - P. Lixon  
Pile Drivers - Robert Teitel  
Photography - Robert Brown  
Meteorology - Fred Bartlett  
Electronics - Robert Dvorak  
Accelerator Technicians - R. Anderson

Ladies' - Tuesday Night

Communications - Sarah Webb  
Fiscal - Olga Vario  
Purchasing - Delores Jabbonsky  
Medical - Norma Christopher  
Information & Publications - Rose Pappalardi  
Biology - F. Bennett  
? ? ? ? ? - Marge Chiuchiolo  
Director's Office - Carol Gerard

For Sale

1939 LaSalle V-8 Small Sedan - Good Condition - Radio, heater, new front end - Two new tires - Chains - Must be sold - Potts, Ext. 456.

## FACT 'N FISSION

The old-fashioned girl would take two drinks and go out like a light. The modern girl takes two drinks and out goes the light!

\*\*\*\*\*

Dim lights have the highest scandal power.

\*\*\*\*\*

Dumb people are those who don't just happen to know the things that you just happen to know.

\*\*\*\*\*

"We were surrounded by natives," related the explorer. "They uttered savage cries, danced madly and beat the earth with their clubs."

"Sounds like golf," said the bored listener.

\*\*\*\*\*

Waitress: "I have stewed kidneys, boiled tongue, fried liver and pig's feet."

Customer: "Don't tell me your troubles, sister. Give me some chicken pie."

\*\*\*\*\*

Two men bearing identical names, one a clergyman and the other a businessman, lived in the same city.

The clergyman died at about the time the businessman took a trip to southern California. Upon reaching the Pacific Coast the businessman sent his wife a telegram informing her of his safe journey. Unfortunately the message was delivered to the widow of the clergyman. Imagine the surprise of the good woman when she read: "Arrived safely--heat terrific."

MODEL RAILROAD CLUB  
TO MEET JANUARY 19

A guest speaker will address the Model Railroad Club on Thursday, January 19, at 12 noon. There will also be an exhibit of trains and accessories at this meeting. Everybody is welcome. Come, bring your friends and lunch to Bldg. T-317 on York Ave. in the Apartment Area. Toot! Toot!

## CLASSIFIED

Wanted to Buy

Baby's Playpen - August Francois, Ext. 2193.

Boy's 24-inch Bicycle in running condition - Call Ralph Maust, Ext. 583 or Bellport 129.

Wanted

One or two girls to bowl in BNL Ladies' League at Patchogue Recreation, Tuesdays at 5:30 p.m. - If interested call Ext. 2305.

For Sale

Ruud Automatic Water Heater - 30-Gal. Size - Good Condition - Cheap - Ext. 2424, S.C. Madden.

1938 Tudor 4-Door Sedan - Good running condition - Rebuilt motor - \$175 - Call Ext. 2382.

Apartment for Rent

3-1/2 Rooms - Furnished or unfurnished - Hot water and heat - Gas Range - 417 Main St., Port Jefferson, Phone: P.J. 344 or 171.

House for Sale

Located on Brown's

Lane, Bellport.

There are five buildings on the property: an 8-room house with 1-car garage, and a four-room summer cottage with a 1-car garage and tool shed - The entire property can be bought for \$13,000 or the large house and a garage for \$8,500.

The 8-room house has basement with a 5-year old coal steam heating system - 1st floor has kitchen which has just been modernized but not quite completed. Lavatory and laundry open into kitchen. Dining room, living room and front hall have been completely redecorated - There is also a music room. - Second floor has 4 bedrooms, 3 of which are heated - There are storm sash and screens throughout - Size of lot: 100 ft. x 220 ft.

Summer cottage has kitchen, living room, 2 bedrooms and bath with shower - Now rented for \$600 per year.

For further information call Housing Office, Ext. 2218.

Remember, the pedestrian may be right, but it's the car that's left!
