JUILLIARD QUARTET HERE JANUARY 31

HELP FIGHT POLIO!

The March of Dimes Campaign is underway for 1950 and ENL is anxious to help the drive as much as possible. The money collected during the drive goes to the National Foundation for Infantile Paralysis, which in turn helps victims of polio.

It is estimated that 80% of the victims of the polio epidemic last year were aided by the March of Dimes Fund. Effects of the epidemic will also be felt sharply next year, when fully 17,000 patients will need continuing care, in addition to patients from previous years and whatever new cases 1950 brings. The March of Dimes Funds paid salaries, travel expenses and maintenance of more than 2500 nurses recruited by the American Red Cross for emergency duty in 39 states. In addition, the National Foundation rushed 160 physical therapists to epidemic zones, many of them trained under scholarships financed by the March of Dimes.

These are only a few of the many services rendered by the National

LISTENING-TO-MUSIC GROUP NEWS by Dave Kleinman

The Listening-to-Music Group wishes to call everyone's attention to its new meeting time, Monday at 8 p.m. in the Research Staff Lounge.

Last week a small (but select) gathering heard the opening program of 1950, consisting of two piano quartets by Mozart, the Third Symphony by Brahms, and the Nevsky Cantata by Prokofieff. The Club is indebted to Everett Hafner, George Vassilopoulos, and Bill Hornyak respectively, for these

SECOND PROFESSIONAL CONCERT TO PRESENT NATIONALLY FAMOUS QUARTET

The Brookhaven Concert Group, under the sponsorship of B.E.R.A., is pleased to announce a concert to be given by the Juilliard String Quartet of New York. The time will be 8:30 p.m., January 31, in the Research Staff building.

We are looking forward to this concert with the sincere hope that it will have the support of all staff members.

TICKETS WILL NOT BE SOLD FOR THIS CONCERT! ADMISSION WILL BE BY DONATION AT THE DOOR. Laboratory staff members will be allowed to bring guests to this concert under provisions to be announced later.

Watch for next week's Bulletin Board for full particulars.

CAMERA CLUB MEETING

There will be a Camera Club meeting, Wednesday, January 25, in Building 317 (Apartment Area) at 5:15 p.m.

All staff members are invited to join the Club and will be eligible to enter our next print competition, which will be held on Wednesday, February 8.

FIRST SOLO FLIGHT

Joe Logue, Cyclotron, became the first BNL Flying Club student to earn his solo ticket on Saturday, January 14. Joe, who had never done any flying previous to joining the Flying Club, put in 10 hours of flying time with an instructor before making his solo flight. When asked how it felt to fly alone, Joe remarked, "The plane flies better without an instructor!"

Week-end weather has slowed the activities of the Club somewhat, but the onset of Spring should find most of the members in the air.

Jerry Selvin will show slides of the flight he and Paul Lee made to Mexico last month at the next meeting, which will be on Wednesday night, January 25 at 5 p.m., in the Research Staff Bldg. Any interested pilots or prospective pilots are invited to attend this meeting and also to join the Club.

BALLET LESSONS ON SITE

Ballet lessons are being given on the site Wednesday nights at 8:30 in Bldg. T-317 in the Apartment Area. Julia Cross is the instructor and the price for ten lessons is \$15.

The first class was held January 18, but staff members who are still interested in taking these lessons may call Lila Snow on Ext. 407.

SQUARE DANCE JANUARY 26

There will be a Square Dance on Thursday, January 26, at 8 p.m. in Bldg. T-317 in the Apartment Area.

MEMBERS NEEDED FOR CHESS CLUB

In our January 23rd edition, we printed a notice that some of our staff members were interested in forming a Chess Club.

To date there are six members in the Club but more are needed. If you are interested in signing up for a little relaxation and enjoyment during your lunch period, all you have to do is dial 391, the Recreation Office.

RAILROAD CLUB

(Contd. from Page 3)

The raptured look on the faces of all who attended gave evidence of the fascination in this hobby. Such intimate details as couplers, trucks and reefer hatches were cussed and discussed, and the merits of various gages were aired.

The next meet of The Brookhaven Model R.R. Club will be Thursday noon, Jan. 26, at the same place, T-317. Don't forget to bring your lunch and an interested friend. For other particulars call Ext. 423 and ask for Jim Hallock.

NAVAL RESEARCH UNIT 3-9 TO MEET WEDNESDAY

Volunteer Naval Research Unit 3-9, of the Office of Naval Research, will be established at 8:00 p.m. on Wednesday, January 25 in the Theatre at 36 Brookhaven Avenue.

It is requested that for this formal ceremony only, each officer will wear an appropriate uniform. Blue hat covers are official in the Third Naval District at this time of the year.

All former Navy, Coast Guard and Marine personnel are invited to attend.

RAILROAD CLUB MEETS by Jim Hallock

Last Thursday noon over 35 rail fans and potential brass hats met at T-317 to hear an interesting discourse on model railroad equipment and see for themselves what can be done with commercial car and loco kits furnished by various manufacturers. There to tell 'em and answer numerous questions was Jack (I'll let you pronounce it) from Jack's Hobby House of Riverhead.

recordings, all very fine.

Tonight the lovers of fine music can look forward to an all-Beethoven program to be presented by Aksel Bothner-By.

Anyone who owns records is invited to present a program. The sponsor is always given the privilege of making program anotations, adjusting amplifier controls and handling his own records. Arrangements are made simply by dialing 681 and asking for Lave Kleinman.

FACT 'N FISSION

He called her an angel
before they were wed,
But that did not endure.
Before many months had
passed over his head,
He wished she was one
for sure.

A fellow asked his boss
for a raise. He told the
boss that he must have
one, as several other
companies were after
him. It wasn't until weeks
later that the boss dis-
covered that they were the
gas company, the water
company, and a furnishing
company.

Some husbands are won-
derful. Mike has been
married for twelve years
and has never stopped be-
ing romantic. Of course,
if his wife ever finds out
about it, she'll break his
neck!"

Boss: "Pneumatic is
misspelled in this letter.
Why did you type it new-
matic?"

Steno: "The 'K' on my
typewriter isn't working."

Funny people, Ameri-
cans. You take a glass,
put in sugar to make it
sweet, lemon to make it
sour, gin to warm you up,
ice to keep you cool, say
'here's to you,' and drink
it yourself."

Clerk: "Shopping bags?"
Girls: "No, just looking
around."

SKIING CONDITIONS

by Gloria Brown

Skiing conditions as of
Wednesday, January 18,
were reported as follows:

No skiing in:

New York

Massachusetts (Berk-
shires)

Vermont

Lower New Hampshire
MaineUpper New Hampshire
reported better conditions:

Jackson Thorn and Jack-
son Black Mountains both
had excellent skiing on
upper and lower trails
with four inches of powder
surface snow and moder-
ate to heavy snow falling.

North Conway and Bink-
ham Notch reported fair
to good skiing on four
inches of powder surface
snow and a moderate to
heavy snowfall at time of
observation.

Waterville Valley had
fair skiing on two inches
of powder. Weather con-
ditions were cloudy.

Last night I sat upon a
chair,

A little chair that wasn't
there.

It wasn't there again to-
day,

But I can't sit down any-
way.
