6. Hot Lab	5	9
7. Chemistry	3	8
8. Electronics	1	12

CAMERA CLUB

The Camera Club will hold its first meeting of the fall season Wednesday, Sept. 27 at 6:30 P.M. in the Recreation Bldg. on York Lane. Interested employees are invited to attend.

BNL RAILROAD

A group of eight members met Wednesday, September 13th, and a future course of action was decided upon. This group is going to be responsible for getting the large single loop of track laid and powered. After testing, an Alcoa switch engine and some rolling stock will be at club members disposal.

Following this, the small loop will be completed and powered, and will be opened to the club members. The two loops will then be joined by twenty-two feet of straight track with crossovers and switches; then the final touch, such as scenery, townes, etc., will be added.

ATLAS ON SALE

The new volume on sale for the month of September is the "New International Atlas of the World". A sample copy may be seen at the Recreation Office.
