## LECTURE ON OPERATIONS RESEARCH

Dr. William J. Horvath will present a lecture on Operations Research, Wednesday May 11, at 7:30 P.M. in the Lecture Hall. All B.N.L. employees are invited to attend this open meeting of the Naval Research Reserve.

The field of Operations Research is an application of elementary mathematical analysis to problems of "operations", whether they be military or industrial. This field grew up originally during the war when a group of physicists, mathematicians, actuaries, chess players and others applied themselves to an analysis of anti-submarine operations. Dr. Horvath was associated with this group headed by Prof. P. M. Morse from its early days. He continued with this work until its scope expanded and he became Deputy Director of the "Weapons Systems Evaluation Group" for the Joint Chiefs of Staff in 1949. He is now a consultant in the field of Operations Research.

Dr. Horvath received his PhD in Nuclear Physics in 1940. He received the Naval Ordnance Development Award in 1945, and the Presidential Certificate of Merit in 1947. In 1954, he served as Vice-President of the Operations Research Society of America.

## THEATRE GROUP MEETING

There will be a meeting of the Theatre Group on Tuesday evening, May 10th, at 8:15 p.m., in the Recreation Hall, on York Lane. The principal business of the evening will be to consider the Advisory Committee's selections for the summer production. The interesting program will be a discussion of the organization, etc. of the Sayville Musical Workshop by Tom Turner.

We welcome new members--and doesn't this look like a good meeting to start with? We hope for a fine crowd, full of ambition for the summer.

## Ladies Bowling 1955

The Central Five team won the BNL championship for the second successive year. The Fiscal team was runner up. On Tuesday, May 3, following the Buffet Supper, the Sweepstakes were held and the winners were as follows:

1st	H. McGuire	709
2nd	D. Brei	694
3rd	S. Hiddink	686
H. Game	N. Foscue	204

WANTED - To join or form a safe speed law abiding car pool from Bay Shore. Call Rod, Ext. 604.

WANTED - Seasoned rider seeks transportation from Bay Road, Brookhaven or vicinity. Call Virginia Neill, Ext.2371.

## Camera Club Meeting

The last meeting of the Camera Club before the summer interim will be held on May 18th, at 8:30 p.m. in the Lecture Hall. The program will consist of a tape recorded lecture, illustrated with color slides, by Francis Wu. The title is "Pictorial Photography from the Chinese Viewpoint". This is one of the newer lectures of the Photographic Society of America series. The distributing secretary of the Society wrote us of Mr. Wu: "There are many aspects of his work which are unusual to the mind of a westerner and in this talk these characteristics of Oriental photography are expounded." Everybody welcome.

The lecture series of the Camera Club will be resumed in September or October, depending on availability of program material.

## CLASSIFIED ADS
