The last meeting of the Camera Club before the summer interim will be held on May 18th, at 8:30 p.m. in the Lecture Hall. The program will consist of a tape recorded lecture, illustrated with color slides, by Francis Wu. The title is "Pictorial Photography from the Chinese Viewpoint". This is one of the newer lectures of the Photographic Society of America series. The distributing secretary of the Society wrote us of Mr. Wu: "There are many aspects of his work which are unusual to the mind of a westerner and in this talk these characteristics of Oriental photography are expounded." Everybody welcome.
