FILM STUDY GROUP PRESENTS JAPANESE FILM

On Monday evening, Nov. 7, at 8:30 PM in the Lecture Hall, the Film Study Group presents "The Imposter", the only Japanese post-war film available in 16 mm.

A part-historical and part-fictional jidai-geki...period drama...set in the 17th century, this is the story of the clash between two claimants to the royal heritage and the unmasking of the imposter in a Kabuki theatre play within a play by a picaresque Samurai and his handsome aide.

The players include Utaemon Ichikawa and Miss Chikako Miyagi and a distinguished case, including famous Kabuki theatre pantomime players and sword dancers.

"...altogether a rewarding film... the denouement is excitingly developed as part of a Kabuki presentation... settings and camera placements are often pictorially extremely effective; and in Chikako Miyagi we are introduced to a handsome and dynamic young actress new to Western eyes."

...By Arthur Knight, as written for Saturday Review.

CAMERA CONTEST

It's time to start choosing your colored slides to enter in the annual Camera Club contest. There are three classifications: "homey", scenic, and bizarre. No more than 3 slides can be submitted by one person, and no more than two can be in the same category. Each slide should be labeled with owner's name and "H", "S", or "B" to indicate classification. Slides can be left at the Recreation Office or brought to the showing.

The Contest and public showing will be held Tuesday, Nov. 1 at 8:15 PM in the staff lounge.
