SCOUTER'S LUNCHEON AT BNL

Wednesday, Feb. 8

12:00 to 1:00 P.M.

Research Staff Lounge

Ted Shearer, Deputy Regional Executive for Region II (New York, New Jersey, and Puerto Rico) will be the speaker at the luncheon. Those who have heard Ted speak know that it would be hard to find a more interesting or convincing speaker on Scouting. Once again, (Scouters being hard to convince) be assured that no list of names is being compiled. No one will be solicited for either time or money.

See your representative, plunk down your buck and a half, come out, relax and enjoy yourself. Everyone, of course, is invited to attend.

"VOLPONE" NEXT IN VIEW

Ben Jonson's VOLPONE is a romantic comedy that has enchanted the world. Acclaimed by critics as a top notch, humorous examination of human foibles, the film stars two of France's greatest actors. As the wily servant, Mosca, M. Jouvet matches wits with M. Bauer who plays the Levantine shipowner, Volpone. The intrigues of Mosca ultimately bring about the ruin of Volpone, who pretends he has a fatal illness so as to watch the actions of his rascally "friends."

Monday, February 6, in the Lecture Hall at 8:30 PM. Admission 50 cents.

THEATER GROUP READING

HARVEY

Some of the plans from the book "No Exit" by Jean-Paul Sartre will be read at the apartment of Lee Grodzins - BNL Apartment 8C on Thursday evening, February 9th at 8:30 PM. Anyone interested is invited to attend.

TELESCOPE MAKERS OF BROOKHAVEN AND OTHERS

Jim Robertson will bring a Spritz Planetarium to the next meeting of the telescope makers; he will demonstrate its operation and give a very informal talk about the constellations. Everyone is invited to come and watch and listen. The meeting will take place at 5 PM on Tuesday, Feb. 7, in the Conference Room of the Nuclear Engineering Building, T-197. Note that this is a change of locale from the club's usual meeting place.

Tuesday, 2/7, 1700, T-197

Start making plans now for your baby-sitters. March 1 and 2 are the dates for performance for "Harvey", the Theatre Group's spring production. You say you've seen the play? You've seen the movie? Well, they were good -- but this production is better! It has John Antal, Ginnie Sayre, and some newcomers you've never had a chance to see before. Don't miss it!
