## FILM STUDY PRESENTS SWEDISH CLASSIC

TORMENT, one of the finest foreign films produced in the last ten years, will be shown in the Lecture Hall at 8:30 P.M. on Monday, December 3rd. It is a realistic study of a sadistic schoolmaster's evil influence on the life of a sensitive young student and their entanglement in an unusual love triangle with a neurotic shop girl. The portrayal of the claustrophobic atmosphere of the authoritarian school and the exposure of the meanness of education conducted under such tyranny are integral to this whole work of film art. AWARD: Grand Prix du Cinema, Cannes International Film Festival. Featured are Stig Janel, Mai Zetterling, Alf Kjellin.
