## THE ENCHANTED

The Enchanted, a graceful witty comedy by Jean Giraudoux, takes place in a clearing in the woods just outside a small French town. In it you will meet Isabel, a charming young school teacher, sought after by two men: a ghost representing the life of the spirit and a more conventional Eligible Young Man who offers Isabel the adventures of love. Taking part in the struggle are the Town Mayor and Inspector who represent the powers of Government and Science, two eccentric old maids, a few Executioners, Isabel's young pupils and assorted residents of the town. In the ensuing battle of wits, Giradoux pokes fun at some of our more staunchly held beliefs.

Tickets will go on sale this week priced at \$.75 for adults, \$.50 for children. Arrange for your baby sitters now. Friends and relatives who do not work at the Lab are most welcome; however, employees should purchase tickets for friends before the performance.

Thursday and Friday Evenings, June 13 and 14
