VOLUME 11 - NUMBER 18

NOVEMBER 27, 1957

## THANKSGIVING HOLIDAYS

To assure that all members of the staff are familiar with the Thanksgiving Holiday Announcement, it is being reprinted for your information.

As previously announced, Thursday, November 28th and Friday, November 29th, will be observed as regular Laboratory holidays.

All members of the staff will therefore be paid on Wednesday, November 27th. Those paid on a weekly basis will receive their checks at the same hours and the same place as on Fridays. Distribution of the monthly checks will be made at 1:00 p.m. on Wednesday.

The Peoples National Bank facility will maintain the same hours on Wednesday, November 27th, that they normally maintain on Fridays; and will be open from 10:00 a.m. to 3:00 p.m. on Friday, November 29th.

Weekly employees on a shift basis who will be off on Wednesday, November 27th, may obtain their checks after 4:00 p.m. on Tuesday, November 26th, from the Cashier.

## EARTH SATELLITES

On Wednesday evening, December 4th, the Brookhaven Chapter, Federation of American Scientists, will present a talk by Dr. Lloyd V. Berkner entitled "Earth Satellites." It will take place in the Research Staff Lounge at 8:30 p.m.

Dr. Berkner is President of Associated Universities and Vice-President of the International Scientific Union which is the parent organization of the International Geophysical Year.

Employees are invited to come and bring their interested friends. Arrangements will be made to have exit passes available at the meeting for non-employees. If further information is needed call M. Kugler, Sec-Treas.

## CONSTRUCTION WORKERS NEEDED!

Excellent positions open in active Theater Group, with production in preparation. Both skilled and unskilled personnel needed for varied and interesting set construction jobs. Pleasant working conditions with contented co-workers guaranteed. For working hours, contact our Mr. Schwarz, interviewing officer in charge of set construction, Extension 628.

## DANCE COMMITTEE GIVES THANKS

Last Friday evening under a canopy of yellow and orange streamers 250 persons were on hand at BERA's Thanksgiving Dance. The music was good and everyone seemed to have had a grand time. We would like to thank all those who helped decorate for three days prior to the dance.

Don David, Tom Coyle and Bill Scott made the beautiful canopy which was decorated with brown and gold streamers with the help of Inger Nielsen and Ted Constant.

Michael O'Shea was in charge of lighting and with Gene Raka did a marvelous job of fixing the spotlights to give the gym that "romantic" atmosphere.

Bill Scott and Don David were responsible for the net full of balloons which caused quite a sensation when dropped at midnight.

One of the most time consuming jobs, putting up the 160 streamers was done with the "consulting" assistance of Rudy Haas and the help of Paul Kienle, Marianne Kugler, Bill Link, Al Tuttle, Rita Straub and Skelly.

Rose and Jean Hughes helped paint on the main features of the Turkeys while Bill Link expertly stuck them to the walls.

The Decorating Committee would also like to thank George Sabine for his assistance, the Theatre Group for the use of the spotlights, Jerry Constant for selling tickets at the door, and all others not mentioned above who helped. We especially thank those who rallied together Monday evening to take down the decorations.

MARIANNE KUGLER - SOCIAL CHAIRMAN

## BNL ON TV

On Sunday, December 1, CBS, Channel 2, will broadcast a live TV show from BNL at 12:00 noon. The action of the show known as "Lets Take a Trip" will take place at the Reactor Complex, centering around two children with "Sunny" Fox, of "\$64,000 Challenge" fame, acting as emcee. Dr. D. Hughes will be their escort.

## BOWLING NEWS

**Monday:** The "Good Guys" on this night were the Fire Dept. I team, Metal Men and the Splitters, the latter two winning 4 points and the Fire Dept. I team taking 3. Salvaging 1 point for the "Bad Guys" was the Glass House Gang, and this by a margin of only 1 pin. To round out this category were the Reefers and Operators. Honorable mention goes to J. Lucas and H. Marshall, both with 187 for the losers and B. Jones 206, B. Hambley 201, J. Gilmartin 192, and A. Tierney who had a consistent 160, 174 and 178 for the winners. T.H.

**Wednesday:** Tonight saw the lead teams strengthen their respective positions as Designer, Fire Department and the Phoubars shut out their opponents, Purchasing, Ptuiss and ADD Techs. The Phoubars, led by Gardenier's 204 and

Tom Marrion's 221, turned in 3 strong games of 800 plus, to swamp the ADD crew. E.S.

**Thursday, League No. 1:** The Mixers split with the Latticites to maintain a slim 1 point lead over the Technicians who dropped three points to the Metaliks paced by the steady bowling of Galens high game of 198-559 series. S&M and Latticites have a postponed game to make up within the week which will make a true standing of the teams. G.T.

**Thursday, League No. 2:** The Loopers took three points from the Toolmakers to grab the league lead by one point from the Hot Lab who split with the Wood Butchers. The Bismuth Kings took three points from the Two-O-Niners on Kalinowski's high game of 201 thereby moving into a tie for second place. G.T.

## LADY KEGLERS COLUMN

The "Odds and Ends" increased their lead in first place to three games by taking two from the "Health Physics" team. The "Chemistry" team trounced the second place Biology team, by taking three, putting "Chemistry" only one game behind second place and a leading contender to take second place.

High game for the night was Grace Siemen's 176. G.R.S.

## BASKETBALL OPENER

The first twin bill of a 15 week schedule will take place Tuesday, November 26 at the gymnasium, beginning at 7:00 p.m. The opener will see Biology taking on S. Garrett's Phoubar Phive. Nuclear

Eng. will play the second game of the night against Metallurgy who will be captained by Carl Klamut.

A new team has entered the scene as C. Flood and C. Meinhold have corralled ten Health Physics men and entered the league. Health Physics will be idle this week but will play their first game against Nuc. Eng. next Tuesday at 7 p.m.

## CLASSIFIED ADS
