JANUARY 15, 1958

MASQUERADE DANCE

A Valentine's Day Masquerade Dance is planned for Friday, February 14, sponsored by L.R.A. (Laboratory Resident's Association). It is by no means restricted to those people who live on site . . . everyone is invited to attend. Trophies will be awarded for the best costumes. Can you think of an unusual idea?

Last year the most original were two fireflies who came equipped with gossamer wings and blinking lights, truly giving the effect of glowworms. One of the funniest costumes was a man in a beer barrel (not the easiest thing to dance in, but quite unique). Other people came in such interesting costumes as a daisy, a reindeer, French painter, Alpine climber, pirate, Egyptian princess, Southern belle and lumberjack. M. KUGLER, Social Chairman

TABLE TENNIS TOURNAMENT

Entries are now being accepted for the 1958 BNL Ping Pong Tournament. Elimination contests will be held in both singles and doubles. Trophies will be awarded, by BERA, to the winners. Call the Recreation Office for details. Sign up now! Ext. 391.

MICROMET

Discounts on Micromet and Micromet Feeders are available through group buying to BNL employees. Order, accompanied with payment, will be taken at the Recreation Office, Building 461, from January 14 through January 20 **Only**.

SKI TRIP

Plans are to leave on January 22 and/or 23 for Bromley. Those interested call E. Raka, Ext. 310 by Thursday, January 16.

BERKNER SPEAKS WEDNESDAY

This Wednesday evening, January 15, the Federation of American Scientists will present a talk by Dr. Lloyd V. Berkner entitled "Earth Satellites." The lecture was postponed in December because of inclement weather. Slides will be shown by Dr. Berkner during his discourse scheduled to be held in the Lecture Hall at 8:30 p.m.

All employees are cordially invited to come and bring their interested friends to hear what promises to be a most interesting and pertinent talk. Hot coffee will be available in the Research Staff Building Lobby, adjacent to the Lecture Hall.

Exit passes will be available for non-employees. For further information contact M. Kugler, Sec. Treas.

SQUARE DANCE - JANUARY 21

On Tuesday evening, January 21, the "Fearsome Foursome" will play for a BERA square dance. It will be held in the Recreation Hall in the apartment area starting promptly at 8:30 p.m. Anything can happen (and usually does) when the "Fearsome Foursome" get together. Everyone can join in the fun - professional square dancers to novice, so be on hand early to enjoy an evening of gay entertainment and, of course, plenty of dancing.

Refreshments will be available and admission is free.

TIME: 8:30 P.M. - PLACE: Recreation Hall - DATE: Tuesday, January 21.

AND MORE TRYOUTS FOR EDWARD, MY SON

(Early Spring Production
of Theater Group)

Cast of Thousands
10 men - 4 women

(Copies of the play may be obtained
at the front desk of the library.)

Thurs. Jan. 16 - 8:15 p.m.
Fri. Jan. 17 - 12:30 p.m.
Tues. Jan. 20 - 8:15 p.m.
Wed. Jan. 22 - 12:30 p.m.
Wed. Jan. 22 - 8:15 p.m.

BNL HOLIDAYS, 1958

The following Holidays will be observed by the Laboratory during the 1958 Calendar Year:

Wednesday	Jan. 1	New Year's Day
Friday	Feb. 21	Washington's Birthday
Friday	May 30	Memorial Day
Friday	July 4	Independence Day
Monday	Sept. 1	Labor Day
Thursday	Nov. 27	Thanksgiving
Friday*	Nov. 28	Holiday
Wednesday	Dec. 24	Half Holiday
Thursday	Dec. 25	Christmas
Friday*	Dec. 26	Holiday

The two Holidays marked with an asterisk are the so-called "Floating Holidays" which each year are so placed as to provide for a four-day Holiday.

BASKETBALL

The effects of holiday food, colds and cheers was readily apparent as the first game between Biology and Nuclear Engineering turned into a real comedy ballet. Biology eventually out-fumbled but outran Nuclear for a 48-22 win. Bill Kenney's 11 points were high for Nuclear, but again Biology had balanced scoring with three men scoring at least 11.

Although the second game was billed as a duel to avoid last place, both teams played as if they were fighting for first. The addition of Red Carsten to Health Physics gave them a new look. In fact they led much of the first half and the score was tied at half-time 26-all. The second half turned into a real scoring duel with Carsten's 27 point total more than matched by Sabine's 24 and Skelley's 19. The Phoubar's second-half 58-45 win pulled them into a third place tie with Nuclear.

BOWLING BITS

Thursday League No. 1: Although this part of Suffolk County had its first heavy snow of the year the Thursday Leagues bowled at the Patchogue Bowling Center even though the parking situation was sad and snowy. The Mixers increased their lead to three games on the steady bowling of Capt. Walsh, L. Lento and J. Cardamone taking four points from the Biology team. The Latticites took three points from S&M on Paul Levy's 202 game and Pinellis' 216, 545 series. The T. Totalers took three points from the Metalliks paced by Capt. Tomesch 201 game and 514 series. The Cellar Dwellers (Fiscal No. 2) came to life and nudged the Technicians for four points on the fine effort of Van der Voort 232, 536 series and Benedict 210, 519 series.

Thursday League No. 2: Paced by the steady bowling of B. Sylvester, 201, 562 series the Hot Lab moved into 1st

place by taking the Toolmakers for 3 points. Nocar of the Toolmakers was high for the losers with a 464 series. The Bismuth Kings split 2 and 2 with the Nuclides. Kukacka of the Nuclides rolled a TV worthy game of 248, being the high game of the season. The T-209ers took 3 points from the Joy Riders. The Woodbutchers nudged the Loopers for 3 points on Benson's steady bowling, 486 series.

CAMERA CLUB MEETING

The BNL Camera Club will hold a meeting Monday, January 27 at the Lecture Hall, at 7:30 p.m. Everyone is asked to attend as there will be a lecture from Eastman Kodak on "How To Develop A Negative." Dr. Morris Slavin will lecture on the development of various present day films. He will hold a question and answer period after the lecture.
