VOLUME 11 - NUMBER 33

MARCH 19, 1958

CAMERA CLUB MEETING

The BNL Camera Club will hold a class in flash photography on Tuesday, March 25 at Building 317, Apartment Area Recreation Hall, at 7:45 p.m. Please try to be on time. Bring your camera and flash equipment with plenty of black and white and color films.

There will be models in costume. You may purchase your No. 5 flash bulbs at reduced price from the club. There will be a short lecture on flash photography before the bulbs start popping. Everyone make an effort to be there.

METALLURGY AND HEALTH PHYSICS ROLL ON

As usual Metallurgy jumped off to a good half-time lead 28-16 and then coasted in to a 48-37 win over the Phoubars. Klamut with 22 points on 5 baskets and 12 free throws (those Phoubars **sure** must be dirty players) was high point man for the evening. The scoring for the losers was pretty evenly divided. Metallurgy is now assured of at least a tie for first place in the second half of the schedule (they won the first half) and need only to get by the red-hot Health Physics team for an undefeated season.

In the second game Health Physics carried a good thing one step too far: they won again - this time from Bio. With their new men Lark and Cole scoring 11 of the points they led at half-time 21-14. Biology changed defenses in the second half and made a real game of it. However, without their big center Ray they lost another real close one (five of their six losses this year have been by 6 points or less with two of them on-pointers). High point men were Carstens of H.P. and Steffersen of Biology with 13 each. This week's game between H.P. and the Phoubars for second place should be another good one.

Second-Half Standings

	Won	Lost
Metallurgy	5	0
Phoubars	3	1
Health Physics	2	2
Nuclear	1	3
Biology	1	4

Games this week

7:00 p.m. - Biology vs. Nuclear

8:15 p.m. - Phoubars vs. Health Physics.

Biology may be in last place but we still CHALLENGE ALL! Anyone for softball?
L. AUGENSTINE

FOR DANCERS ONLY

On Wednesday evening, March 12, the first class of instructions by the Arthur Murray Dance Studio began at our gymnasium. Three steps of the Cha-cha-cha were learned by the group.

Next Wednesday, the first lessons for dancing the Lindy will be taught. Those interested are still welcome to come and join the class, and a **special appeal** is being made **to the girls of the Laboratory, or guests**, as the men still outnumber the distaff side of the group.

The cost is \$12.50 for ten lessons . . . which is very reasonable . . . and the two instructors are very good. Those of us who attend are really having a lot of fun, so come on over and have a "look-see!"

Date....Wed., March 19.

Time....8:30 p.m.

Place....Our Gym.

NOTE OF THANKS

The St. Patrick's Day Dance was a success! A note of thanks is extended to those who worked so hard to decorate the gymnasium in two evenings. Don David, Marlene Schmidt, Lowry Miller, and Mike O'Shea are among those who put long hours and devoted service into the job. Rudi Haas, Paul Kienle, Bob McCracken, Ike Cole, Rose and Jean Hughes, Bill Tuttle, Gene Raka, Bill Link, Bruno de John, and many others helped to give the gym a festive look. Special thanks are given to the Theater Group for the use of the spotlights, Mr. Timpe for making the posters, Al Fairbanks for his morale boosting efforts, George Sabine for his help, Jerry Constant for taking tickets at the door, and especially all those who rallied together Monday evening to take down the streamers and canopy. M. KUGLER, Social Chairman

THEATRE GROUP

An informal reading will be held at the home of Gerhart Friedlander on Tuesday, March 25, at 8:15. The program will feature a reading of Shaw's "Heartbreak House".

Directions: Take Rt. 27A to Blue Point. Turn south on Blue Point Ave. Turn left (east) on Middle Road. At the first corner turn left (north) into Arthur Ave. Look for the fourth house on the left (No. 18).

BNL SAFETY RECORD

11 Days Since Last Disabling Injury
(as of March 16, 1958)

LADY KEGLERS COLUMN

This is the next thrilling episode of the story we promised you; but alas and alack, there are no changes, just more tension. First place in the league is all tied up - yet! Medical tripped up Chemistry last night for three points and Odds and Ends did likewise to the Handicappers. So there is no progress to report. However, another tie has developed for third place between the Chemistry and Biology teams. The remaining weeks to bowl has slimmed down to three, so quite a battle should ensue. Good luck to one and all.

High game for the night was Helen Stern's 173, with a follow up of 167 by Dorry Lowe. Another thrilling, action-packed installment to appear in next week's edition. GRACE SIEMEN

STAMP COLLECTORS

3¢ Gardening Stamp; 100-3¢ coils of stamps with plastic containers on sale at Upton, Post Office.

CIRCUS DISCOUNTS

Arrangements have been made through Madison Square Garden for discount tickets to "Ringling Bros. Barnum & Bailey Circus." They have sent us identification cards which when presented by a BNL employee or family member will entitle bearer to a substantial discount for the performances dated on the card. These booklets have been sent to all departments and are available at the Recreation Office. T-461.

BOWLING BITS

Monday: Here is a short rundown on the previous week's bowling which was not written up. Fire Dept. 1 hosed down the Splitters 4 to 0. The Reefers smoked out the Operators 4 to 0 and the Glass House Gang potted the Metal Men by 4 to 0 also. The standing of the three top contenders are: Fire Dept. and Metal Men tied for first and the Splitters a close third, one game off the pace.

March 10, 1958: The question now is who will wind up in first place. To date this position has been bouncing around like a rubber ball and with only three weeks of bowling remaining it's anybody's game. This week saw the Fire Dept. (just off the dogwatch and bleary-eyed) get bumped for 3 points by the Glass House Gang and back to third place they go, one game down.

The Metal Men managed a 2-2 split with the Operators to stay in a tie with the Splitters who took three points from the Reefers.

Hot hands for the night with 197, 193, and 212 were Al Tierney, "Curly" Hardman and Tom Holmquist respectively.

T. HOLMQUIST

Wednesday: The battle for first place continues. The head-on collision between the leaders produced only headaches. The Designers won two games but a brilliant 927 game by the Phoubars carried total pins for them and a 2-2 split. There were two many individual achievements to recount. The Dirty Birds could not maintain last

week's 4-0 pace and had to settle for a 2-2 count with the Ptuis. Paul Pion's 202 was high for this match. The Bureau of Missing Persons once again gave up trying to locate the Fiscal team, this gave the Firemen an opportunity to practice for their coming match with the Phoubars. (Go get 'em Tex.) The ADD Techs saw the error of their ways (and the hot breath of the Dirty Birds) and managed to split with Purchasing. The three matches actually played all ended in cravats.

CARL CANTERA

Thursday, League No. 1: The Mixers took 3 points from the Fiscal No. 2 team on "Ringer" Cardamones 202 game, 556 series but had their lead cut by one point as the Technicians blasted the Biology team for 4 points on Larsen's 200 game 568 series, and Hildenbrands fine 220 game, 594 series. The T. Totalers took 4 points from the Latticites on Dvorak's 200 game, 570 series. The S&M - Metalliks match was postponed since most of the S&M team is bedded down with the flu.

NOTE TO ALL TEAM CAPTAINS

Please collect monies and complete sheets for the sweepstakes for your teams as soon as possible. G. TILLER

Thursday, League No. 2: Week of February 27 (OOPS - Sorry just a little late!) The Hot Lab only took one point, even with B. Sylvester's 532 series from the sharp grinding Toolmakers. Lead by their Captain, Manger's 457 and backed up their quiet anchor man, Joe Nocar turkeyed out in the last frame.

The Wood Butchers came right up through the wood to take 4 points from the Loopers. The Wood Butchers were

led by R. Lewis's last game of 202 to give him a 505 series and the team a 900 series (they bear watching).

The Bismuth Kings led by the pipe smoking W. Kalinowski 455 series and backed up by Matus, took three points from the all men of the Nuclides.

Well this is a time to remember for the Joy Riders with the outstanding bowling of S. Card's 535 series backed up by F. Baumfalk's 447 series and H. Shipley's turkeyed out in the first game took all four points from the quiet Tee-two-O-niners. (There is Joy in the old home town tonight.)

Week of March 7: The tall men of the Nuclides split with the Hot Lab (two for two). With the coming up bowling of B. Isler - 491 against C. Ruege (Dad's) 506.

The Loopers took three points from the ever quiet Tee-two-O-Niners. T. Malloy is really drawing a tight circle.

Those hard carving Wood Butchers are at it again, led by W. Ruppert's 468, they trimmed 3 points from the Joy Riders (there is still a little job left from last week's game in the Joy Riders).

The Toolmakers led by Steve-o-reen-o (S. Pollis) backed up by P. Reeny took three **hard** points from the Bismuth Kings. The dark horse of the Bismuth Kings was not riding tonight.

ATTENTION

Don't forget the sweepstakes. Get your \$1.00 to your captain so he can turn it in to G. Tiller.

Buffet dinner at the alleys - 6:00 p.m. Bring your own stirrers. BOB WATSON

CLASSIFIED ADS

For Sale

SKIS - 2 pairs with steel edges and bindings. 1 pair 7 ft.; other 6 ft. 6 in. with Ebonit bottoms. \$5/pair. Call E. Stanton Ext. 2148 or SAYville 4-0579.
