VOLUME 11 - NUMBER 36

APRIL 9 1958

## LADY KEGLERS COLUMN

Well, Tuesday night was the last night for the Ladies Bowling League and an exciting night it was.

**Medical Took First Place** - after a good long fight, Medical pulled out in front, taking a two point lead and a well deserved first place in the league. C. Podlaski came through to spark her team on to a three game win with a BEE-U-T-FULL 220 game, following it up with a 187. Odds and Ends, ending in second place, took two from Biology, thereby giving Chemistry team third place.

High games for the night were Dot Carpino's 193, Grace Siemen's 187, Pat Majkowski's 190.

Places: Medical-first; Odds and Ends-second; Chemistry-third; Biology-fourth; Nightingales-fifth; Health Physics-sixth; All Thumbs-seventh and Handicappers-eighth.

Individual Awards:

High game - C. Podlaski - 221;

Eleanor Pitti - 202

High series - G. Siemen - 538

High average - C. Podlaski - 154.

GRACE SIEMEN

## BNL SAFETY RECORD

9 Days Since Last Disabling Injury  
(as of April 6, 1958)

## PLAN AHEAD

FOR

## EDWARD MY SON

### THEATRE GROUP PRESENTATION

May 15, 16, 17

We could tell you that you will see the version that Hollywood did not dare to show, but that would be sensationalism - so we won't.

. . . . .

We could tell you that "EDWARD MY SON" was a smash hit on Broadway (played for two years), but you already know that - so we won't.

. . . . .

We could tell you that "EDWARD MY SON" is a play all parents should see, but we don't want to limit our audience - so we won't.

. . . . .

BUT it goes without saying that you SHOULD SEE IT

## METALLURGY BEATS ALL-STARS

Metallurgy completed their clean sweep of the basketball league by making the All-Stars their thirteenth straight victim. Before the game Dr. D. Gurinski of Metallurgy, acting on behalf of BERA, presented the league trophies to his men.

The game itself turned out to be a closely played defensive battle. Metallurgy drew first blood and quickly got a 4 point lead which they held until half-time, 23-19. Brandon was their big man with 11 up to that point and Frei had 2 less for the All-Stars. Their lead remained 5-7 points through the third quarter as the All-Stars started pressing all over the floor getting most of their points on fast breaks. With 3 minutes to go the lead was down to three points. However, while the All-Stars lost the ball 4 straight times on bad passes Metallurgy ran up a 7-point bulge with Cendrowski's final basket from right under being the fatal blow as they won 44-39. Lanyi was the eventual high-point man for the game with 17 followed by Brandon with 15. The All-Star scoring was evenly divided among 8 players led by Frei's 13.

As predicted last week the game was a match between Metallurgy's speed and teamwork and the All-Stars height and shot-makers. The All-Stars just didn't get enough shots.

With the end of basketball it is now on to SOFTBALL.

L. AUGENSTINE

## ALL LABORATORY RESIDENTS

You are invited to an "Evening Coffee Hour" for the purpose of welcoming new foreign employees. It will

be given by the Council of the Laboratory Residents' Association and all on-site residents, married and single are asked to attend. The date is Monday, April 14 at 8 - 9 p.m. in the Research Staff Lobby, Building 459.

## BOWLING BITS

### Monday Night Champions - The

**Metal Men:** Going into last night's match against the leading Fire Dept., the Metal Men had to come from behind to edge out 3 points and the Monday night honors. After losing the first by 12 pins the M.M. came back strong to take the second by a wide margin, but the third game held all the marbles. This one was close (and tense) all the way and wasn't decided until the tenth frame. The difference was 28 pins which must have seemed pretty big to the Fire Dept. as their spares and strikes were hard to come by, but in true sportsmanship the "Wait'll next year" theme was heard as we closed another season.

The winning team consisted of Capt. Bobby Jones, Mal Basche, R. Bourdeau, "Moose" Milau, Mate Carter and Monty Montag. T. HOLMQUIST

**Wednesday:** The handwriting on the wall is becoming a bit clearer and it seems to say Phoubars.

The Designers have applied for a small miracle and now it remains to be seen if their request is fulfilled. The Dirty Birds did not follow the script and pilfered 1½ points from the Designers. Ed Sperry rolled a respectable 214. The Add Techs removed the Fire Dept. from contention for second place by winning 3. Good luck to you this week oh mighty Techs. The Phoubars did not have too strenuous a night against the P'Tuis who however did manage to take a point by

one pin. Fiscal assured themselves a berth in first division by shutting out Purchasing. H. Bohm had high game for the league this night with a 221. Wednesday will be the last opportunity to remove the names of Takats and Sperry from the high game and high series column, and put your name in. All you have to do is hit the 1-3 pocket. Good luck to all. CARL CANTERA

**Thursday League No. 1:** The Thursday Night league wound up a good season with the first, second and third places being very close right to the last ball.

The "Hustling" Mixers played nip and tuck with the Latticites finally taking the last game by 4 pins and total wood by 2 pins for 3 points to put themselves in first place. The Technicians struggled with the Metalliks finally taking 3 points from them, thereby clinching second spot. The T Totalers paced by R. Dvoraks' 214 game, 538 series and Tomeschs' 554 series took 4 easy points from the "Off The Pace" Fiscal boys. The S&M team sparked by Adamecs' fine 221 game, 548 series took 2 from the Biology team to wind up the season in 7th spot. - SWEEPSTAKES ARE APRIL 10, 1958 AT THE PATCHOGUE BOWLING CENTER. G. TILLER

The Hot Lab really did pick the right name for their team, for they took first place in the BNL No. 2 League on Thursday night. Their move on to victory (3 points against the Wood Butchers) was supported by A. Macaulay's 533, J. Walker's 476, and B. Sylvester's

561 (high series). The Wood Butchers just didn't have the right weapons against the Hot Lab even with the help of Benson's (Benny) 452 and Rupperts' 452.

The second place team was the Loopers who took 3 points in the last game from the Toolmakers. The Loopers hard bowlers were Capt. Malloy's 482, B. Sick's 470, S. Kajeski's 471 and C. Scarlett's 415. The only help the toolmakers got was from S. Pollis' 482.

The Bismuth Kings were dethroned by the quiet Tee-Two-O-Niners who took 3 points from them. The Bismuth Kings efforts to hold their kingdom was supported by B. Matus' 505 (high average), R. Watson's 423, and their dark horse, A. Friedland's, 418. Tee-Two-O-Niners' skilled bowling was done by their captain G. Fales' 513 (on a bet), Iarocci's 432 and Perry's 415 (good game for Fales but just a little too late.)

Once again the tall men (D. Richman, Captain) of the Nuclides overshadowed the Joy Riders to take 3 points from them. The Nuclides' efforts were helped along by B. Isler's 461 and Hilgermir's 450. The Joy(less) Riders were supported by Baumfalks' 456 and J. Cross' 420.

Well, Gentlemen (and Ladies if there are any interested), this is the end of the Winter League, but don't despair, for on we go to the Sweepstakes. Don't forget the bowling dinner at the alleys at 6 o'clock. B. WATSON

P.S. I (Bob Watson) want to take a little space and thank all the captains of the teams for their cooperation.

## CLASSIFIED ADS

### For Sale

**BATTERY** - 6-volt, used two days, guaranteed 29 months, \$10. Call D. Wimmer, Ext. 388.

**HOUSE** - Two bedroom, dining room, fireplace, 990 sq. ft., full cellar, expansion attic, garage, fine residential area, reasonably priced, South Country Road, near Roe Avenue, East Patchogue, owner leaving Lab. Call Ext. 2253.
