OPERATION GET-TOGETHER

— JULY 26 —

10,000 HOT DOGS

AND HAMBURGERS ORDERED

A sufficient number of booths to provide rapid serving of food is planned. Appetites are not to be dulled by long waits, according to the many food committee members. The menu will include hamburgers (made from choice beef, ground fresh on the morning of the picnic, formed into patties and refrigerated until delivery on-site, just in time for the first customers). The highest grade, fresh, all-beef frankfurters will be delivered at the same time. Premium prices are being paid to insure that all the meats are of the highest quality and are also fresh. Rolls and buns will also be fresh (baked Friday night). These will be accompanied by all of the usual trimmings like sliced onions, catsup, sauerkraut, mustard, relishes, etc. Sweet corn in abundance, and baked beans aplenty will round out the "foundation" part of the menu.

Then there will be watermelon without limit, ice cream in dixie cups, lots of cold coca cola and barrels of cold beer. It might be wise to bring your own pitcher so you can serve beer speedily to your own group.

It is planned to confine food serving to the 3 hours between 4 and 7 p.m.

THE FOOD COMMITTEE

In the army it is said to be the practice to choose a man who likes to eat and looks the part to head up the food commissary. Jerry Sadofsky of Nuclear Engineering is the people's choice for Chairman, and he will be ably assisted by Don David, Cloud chamber; Chris Podlaski, Medical; Marlene Schmidt, Physics; Rosa Hughes, Health Physics; Marianne Kugler, Physics.

HOLIDAY FRIDAY

FOURTH OF JULY

Independence Day, Friday, July 4, will be observed as a regular Laboratory Holiday. The PEOPLE'S NATIONAL BANK will maintain the same hours on Thursday, July 3, that they normally maintain on Fridays. Checks for weekly-paid employees will be distributed at the same hours and the same places as on Fridays.

FILM STUDY GROUP FEATURES

"THE LAST BRIDGE"

PICTURE TO BE SHOWN

AT 7 P.M. AND AT 9 P.M.

A brilliant performance by MARIA SCHELL, one of Europe's most distinguished actresses, winner of the Victoires du Cinema Francais for her playing in *GERVAISE*, marks this important post-war Austrian film which stands comparison with the realistic Italian post-war productions. *THE LAST BRIDGE* presents MARIA SCHELL as a young German doctor captured by Yugoslav partisans and compelled to care for the wounded. She follows them at first reluctantly, but finally voluntarily, and dies on "the last bridge" from both German and Yugoslav gunfire. The tact and humanity of the story have been signalized in the international prizes awarded to the film.
