## Splash Party Brings Children's Summer Program To A Close

A giant "Splash Party" on Thursday served as a climax for the program involving swim class members and gym session participants. Novelty events of a varied nature provided the fun. . . . . BERA provided prizes, candy AND the opportunity for such an affair. Every child (and they numbered about 150) left the pool, after three hours of festivities, with a smile and something in the way of prizes, bubble gum, lollipops, hard candy and chocolate bars. Events included: Lighted candle carry (across pool), balloon blowing (underwater), inner tube racing, block gathering (small wooden blocks), fetching pennies, funniest dive, plate race (push paper plate across pool without use of hands), "diving" watermelon contest and others. Lab mothers served as judges and assistants. (BERA extends a sincere vote of thanks to all who contributed to making the Splash Party a success.)

During intermission at the Splash Party, trophies were awarded to the outstanding participants of the gym sessions. Winners were determined on a point basis. Instructors at the sessions tried to encourage boys and girls to become participants rather than spectators. Points provided the incentive. Quiet games and table games offered fewer points than games involving vigorous activity. Losers received half as many points as winners in order to keep interest up. Outstanding in the program were: Mike Cantwell-1321(Boy's Champion), Fred Hillerud-1292, Paul Roman-767 and Tom Roman-610 points. . . . . Marilyn Eriksen-807 (Girls' Champion), Patty Pion-634, Kathy Swartz-592, and Doris Eriksen-361 points.

## LABOR DAY HOLIDAY MONDAY

Monday, September 1 will be observed as a regular Laboratory holiday. Remaining holidays during the calendar year:

..... A one act play by JEAN GIRAUDOUX .....

..... WITH CAST OF TENS .....

Followed by a theatre group party. Tickets are \$1.00 for both party and show, or 50 cents if you wish only to see the play.

### BNL SOFTBALL

This past week was one of rest for the rest of the league, while Biology and Metallurgy went at it to determine first and second place.

Biology took the game four to one putting them in first position breaking a tie that stood all season. I think Red Carsten really deserves a hand for the great pitching he's fired out all season.

It has been determined that now since we are going into the third round, all make up games will be indefinitely postponed unless it becomes absolutely necessary to play them in event of a tie, etc. At the end of the season if there is still no need for them they will be forgotten about.

The schedule of third round games will be essentially the same as posted previously in this column with the exception that the dates be moved a week in advance to coincide with this week, starting Tuesday, the 26 of August.

### Third Round Starting

Team	W	L	%
Biology	10	0	1.000
Metallurgy	10	1	.900
Dirty Sox	6	6	.500
Phoubars	6	6	.500
Nuclear Engineering	3	7	.300
Cosmotron	2	9	.182
Potsareebies	1	9	.100

### Games This Week

Tuesday 26 Metallurgy vs Biology  
Thursday 28 Dirty Sox vs. Phoubars
