VOLUME 12 - NUMBER 16

NOVEMBER 19, 1958

## CHRISTMAS CANDY

Beginning Monday, November 17, the Personnel Office will again be taking orders for Christmas candy. This year Swersey's chocolates, hard candy, cookies, fruit cake and a Kiddie Christmas Kit will be offered.

Orders with full payment will be taken through Wednesday, December 17 and can be picked up on Monday, December 22.

## SKI WEEK

### DECEMBER 27 - JANUARY 3

Plans have been made to spend New Years Eve at a ski lodge at Mount Tremblant in Canada. There will be a meeting at 12:30 on Wednesday, November 19 in the Research Staff Lobby to discuss the trip. Anyone interested in going, beginners to experts are invited to attend. For further information call Don David, Ext. 791.

## MY THREE ANGELS

The theatre group winter presentation will open on the Thursday after Thanksgiving for a tremendous three-day run. This delightful Christmas comedy centers around three lovable convicts played by JOHN RUSH and DAVE FISHER (Chemistry) and JOHN GIBSON (Physics). M. and Mme. Ducotel played by ED and GINNIE SAYRE (Chem. and Adm.) and their beautiful daughter, BARBARA SWARTZ (Cosmotron), are awaiting, in a situation fraught with ruin and heartbreak, the arrival in their home on Devil's Island of the rapacious Uncle Henry played by MORTIMER KAY (Physics) and his son Paul, TED CONSTANT (ADD).

Tickets will be available from representatives in every department whose names will be announced in these columns next week. W. HAMILTON

**DECEMBER 4, 5, 6 at 8:30 P.M.**  
**IN THE THEATER**

## THANKSGIVING

## HOLIDAYS

Thursday, November 27 and Friday, November 28, will be observed as regular Laboratory holidays.

All members of the staff will therefore be paid on Wednesday, November 26. Those paid on a weekly basis will receive their checks at the same hours and the same place as on Fridays. Distribution of the monthly checks will be made on Wednesday.

The Peoples National Bank facility will maintain the same hours on Wednesday, November 26, that they normally maintain on Fridays; and will be open from 10:00 a.m. to 3:00 p.m. on Friday, November 28.

Weekly employees on a shift basis who will be off Wednesday, November 26, may obtain their checks after 4:00 p.m. on Tuesday, November 25, from the cashier. Those on a shift basis who are off both Tuesday and Wednesday may have their checks mailed to them if they will leave their life number, name and address with the Cashier not later than Monday, November 24.

## SECOND BERA CONCERT

### FEHER CHAMBER ENSEMBLE

**Wednesday, November 19**

The Feher Chamber Ensemble is composed of a string quartet, oboe and clarinet, all members of the New York Philharmonic Orchestra. The group was organized by George Feher in 1953 on behest of friends who heard its performances at informal gatherings and suggested a special series of concerts at private estates. These concerts have taken place every season since with great success. More engagements near New York have followed as their fame spread. (They cannot go on tour during the concert season).

Here is a brief description of the members of the group and their accomplishments (besides their membership in the Philharmonic).

BERNARD ROBBINS, violinist, was formerly with the NBC Symphony, the Stuyvesant Quartet and the Quartet of Stradivarius.

LEON TEMERSON, violinist, was formerly with the Gordon and Kolitsch quartets and is a graduate of the Paris Conservatoire. He played at Brookhaven in 1956 with the New York Chamber Ensemble.

LEONARD DAVIS, viola, is assistant solo viola in the Philharmonic.

(Continued on next page)

## PHYSICAL FITNESS

Several employees responded to the notice which said there would be physical fitness sessions in the gymnasium if enough people were interested. The purpose of the group would be to have an opportunity to participate in a schedule activity, once a week, in order to get some exercise in the form of calisthenics, group and individual games or athletic skills under the guidance of a physical education instructor. The desires of those attending the sessions will determine the selection of activities. There will be NO CHARGE.

The first sessions will be held:

Wednesday, November 19 for LADIES

Thursday, November 20 for MEN  
7:30 P.M. AT THE GYM

Bring gym clothes. Everybody is invited. It is important for you to be present at this first meeting. Introduce yourself to Art Warren, BERA's new P.Ed. man who will be supervising the evening gymnasium activities.

## LADY KEGLERS COLUMN

What else? The dauntless, unrelenting Frisbees are still forging ahead. Wednesday night came and went leaving them with a complete 3 game victory over Biology. All 3 games were close, what with Biology's Carmel Audet converting the 5-7 split; but the fact remains that nothing - but nothing - dents that armor. (Could it be that this mysterious, unbeatable team is part of the "TAKE ME TO YOUR LEADER" group?).

Odds and Ends still hold 2nd place by taking 2 games from Medical with the help of R. McCann's 460 series.

Nightingales lost 2 to Health Physics in spite of Polly Madden's fabulous bowling in converting a total of 4 spares, two of which were in a row, and Martha Hill's 440 series.

All Thumbs took 2 from Chemistry tying up both teams for 4th place. Medical and Health Physics are tied for 3rd.

High games for the night: Dot Carpino, 163; R. McCann, 163; M. Mayhew, 156; and J. Hughes, 156. SECRETARY

## FEHER CHAMBER ENSEMBLE (Continued)

GEORGE FEHER, cellist, has given concerts as soloist and with string quartets in Carnegie Hall, Hunter College and the Washington National Gallery. He is on the staff of the Mannes College of Music in New York.

Engelbert Brenner, oboist, was formerly with CBS, the Longing Symphony and records for Westminster and Contemporary records.

STANLEY DRUCKER, clarinetist, we all know. Among his accomplishments we can list a beautiful performance of the von Weber clarinet quintet at Brookhaven in 1956. He is assistant solo clarinet with the Philharmonic and has been a soloist with the Budapest quartet and the Kroll quartet.

The strings will play the Debussy quartet, and with Mr. Brenner and Mr. Drucker will play the Mozart oboe quartet and the Brahms clarinet quintet. This is a rare opportunity to hear these woodwind chamber works.

The concert group has had a busy season so far, and this will be the last concert before we take a two month break for the holidays. The concert will be on this Wednesday evening, November 19 at 8:30 p.m. in the Research Staff Lounge. Single admission will be \$2.00 for adults and 75 cents for children as usual, but remember, there are still four concerts left this season and you can save money on a series ticket for \$7.50.

## VOLLEYBALL NITE

Starting this Thursday at 7:00 p.m. nets will be set up and ready to go for anyone wishing to join in, for an hours fun and exercise. If you are planning to use the pool, drop in on the game and try it out. Everyone welcome. If you don't know how to play someone will be on hand to show you.

On the more serious side (of volleyball) rumors have it ADD is rounding up a team to challenge and bring out of retirement L. Gemmel and his Health Physics crew. Let's see more of this and perhaps we can set up a league. If you have a team looking for competition call, Ext. 391.

## CRACK - SNAP AND POP

There will be a meeting of the Upton Rifle and Pistol Club this Thursday evening November 20, 1958. The meeting will be at 7:30 p.m. and will be held in the recreation hall in the apartment area.

It is important that all members attend this meeting and persons wishing to join U.R.P.C. may do so by attending this open meeting. Come one - come all, everybody is welcome.

Have gun, will travel to BNL Range, Sunday, November 23, at 2 p.m. A pistol shoot will be held for the purpose of organizing a new shooting league.

## SWIM LESSONS BEGIN

Lessons will begin for all who have signed up and for any newcomers wishing to join. It has been decided by popular opinion to have:

Adult Swim Lessons: Wednesday, 5:30 p.m. to 6:30 p.m.

Children Swim Lessons: Thursday, 5:30 p.m. to 6:30 p.m.

A seven week course consisting of one-hour lessons will be given at a cost of \$3.50. Please try to accompany your registration with the instructors fee.

The instructors will be Mr. Phil Merriam and Mr. Frank Provenzano, both BERA Lifeguards with considerable background in teaching.

The pool will be opened for you at 5:15 so that you can change and be ready for the water at 5:30. Bring your own suit. Showers-soap-lockers are provided.

## SET SHOTS

### Metallurgy 53 - ADD 17

Metallurgy opened its title defense with a lopsided 53-17 victory over ADD. W. Lanyi scored 22, H. Frei, 11, and C. Klamut 10 points for Metallurgy, while A. Guthke netted 5 and W. Springhorn 4 for the losers.

### Phoubars 49 - Old Timers 34

The Phoubars, loaded with new talent, swept to a 49-34 win over the deliberate Old Timers. W. Reams and G. Jackson led the Phoubars with 14 points apiece. Three of the Old Timers shared 31 of 34 points, with L. Kukacka getting 12, G. Kenny 10, and W. Johnson 9. To this observer Metallurgy still holds a slight edge because of their superior teamwork, but watch those Phoubars after the first two or three games.

### Biology 29 - Chemistry 26

Biology outlasted Chemistry, 29-26, in a bruising game between defensively-minded teams. Forty-three (!) fouls were called, and 37 of 60 (!!) foul shots were MISSED. H. Marshall of Biology and Rush of Chemistry each bucketed 7 points.

The excellent job of refereeing by B. Rogers and S. Fough is gratefully acknowledged.

### Games This Week

6:15 p.m. Nuclear - Chemistry  
7:30 p.m. ADD - Biology  
8:45 p.m. Phoubars - Metallurgy

## BOWLING BITS

### WEDNESDAY - PBC

S and M maintained their lead by taking 3 points from Biology with S. Palermos' 533 series and P. Borzi's 221 - 507 series. Technicians had another "terrific" evening and swept 4 points from Chemistry to take second place. R. Larsen - 561 series, E. Heins - 223 and 577 series, R. Dvorak - 215 and 543 series, R. Hildenbrand - 192 and 527 series. The team rolled a high game of 954 plus a high 3 game series of 2670!

Scotches jumped from 13th to 10th place by taking 4 points from the Fire Department with J. Nocar's 530 series. S. Takats rolled a 501 series for the Fire Department.

J. Perry's 190 game saved the Down Unders from going "down under" completely. Hot Lab took 3 points and B. Sylvester rolled a 516 series. Captain Baumfalk's "strategy" failed as Fiscal beat the Irregulars 3 to 1. Polsecs out-pointed Metalliks 3 to 1 with L. Lento's 524 series. W. Tremel bowled a 200 game for the losers. Woodbutchers, with A. Benson's 549 series, split with the Bismuth Kings. Loopers split with the Nuclides as K. Hoffman rolled a 202 to raise Isler's eyebrows. ABC cards were received from the Eastern Long Island Bowling Association and distributed to 90 bowlers in our league.

High 3 Game Team Series: Techs - 2670  
High Single Game - Team: Techs 954  
Secretary: BILL BENEDICT

## WEDNESDAY - MAGGIO'S

### Ptuis 4 - Fiscal 0

The Ptuis seem to be getting a good hold of that first spot, as they downed the Fiscal team 4 to 0. Dick German lead the barrage by rolling a 190, 542 series, backed up by A. Beckwith's 178, 514 series.

The Designers stayed in the second spot by beating the Chain Gang 4 to 0. L. Chirco's 204, 533 series was the big game. A. Dick's 192 and J. Roeklein's 186 games were a help.

The Phoubars moved into the third position by shutting out the Dirty Birds 4 to 0. Red Gardenier's 190, R. Brown's 188, and of course Mat Rudden's 175 lead the victors, while T. Coyle lead the losers with a 165.

## MONDAY - MAGGIO'S

### Shamrocks 4 - Hots Pots (Forfeit)

The Shamrocks went into first place tonight, thanks to the Hot Pots. They didn't show up.

### Glass House 4 - Mixers 0

The Mixer's in spite of W. Walsh's 552 series with a 216 game dropped 4 points to the Glass House Gang.

### Fire Dept. 3 - Reefers 1

The Reefers salvaged one game with the help of R. Galowski (199). The F.D. still took 3 with what looks like a very promising team. The outstanding feat of the evening I think was Joe Lucas 178 - 178 - 174. It could have been a triplicate but it is still nice consistent bowling.

## CLASSIFIED ADS

### For Sale

HOUSE - Split level three bedroom house just outside the incorporated Village of Bellport. Kitchen has dishwasher, counter-top stove, and automatic wall oven. Recreation room, utility room with washbasin, storage attic, attached garage. Foundation planting, several attractive trees on 80 ft. by 185 ft. lot. Close to schools and other amenities. Owner leaving Lab. Call Cuany, Ext. 465 or BELLport 7-1229-R.
