

the Bulletin Board

VOLUME 12 - NUMBER 17

NOVEMBER 26, 1958

CAR TAG REMINDER

Those who have not already done so are reminded to turn in their red car tags and receive in exchange the new luminous sticker. The exchange must be made before December 1, 1958.

Starting December 1, 1958, the guards at the entrance gates will detain any car bearing a red tag. The driver will be requested to remove and surrender the tag.

CHRISTMAS PARTIES

There will be a short meeting of all committee chairmen for Christmas parties planned to be held in either the Gym or Recreation Building, Wednesday, November 26 at 12 Noon, in the Recreation Office.

ALL ABOARD

Word has just been received that the Brookhaven Northern Lines will again serve the Recreational Area of BNL employees. The defunct railroad system has been acquired by a group of men with long experience in model railroading both here and in England and it is expected that operations will start shortly. Already a temporary schedule is in effect after a favorable report was made by a right-of-way crew. All rolling stock, equipment and land-holdings will be overhauled and improved. Making up the present Board-of-Directors are Chairman Jim Hallock, Secretary Andy Olds, and members Cy Fink, Howard Pate, Frank Harrison and Alex Elia. In a statement made at their first Board meeting, the Directors issued an invitation for all rail fans to join in the fun and relaxation of HO Railroading. The club rooms at Building T-317 will be open each Friday night at 7 p.m. Further information may be obtained by contacting any member or George Sabine at Ext. 391.

POOL - GYM CLOSED THURSDAY

Because of the holiday the gym and pool will be closed for evening activities this Thursday. CHILDREN'S SWIM CLASS - MEN'S PHYSICAL FITNESS AND VOLLEYBALL NIGHT will be resumed next Thursday, December 4.

WEDNESDAY ACTIVITY

The ADULT SWIMMING CLASS at 5:15 p.m. and LADIES PHYSICAL FITNESS sessions at 7:30 p.m. will be held this Wednesday.

MY THREE ANGELS

The nephew, played by TED CONSTANT (ADD), objects vigorously to being called Uncle Henry's son. This is not part of the play, but we hereby apologize to him for last weeks misrepresentation! The uncle is played by MORTIMER KAY (Physics). Other talent in this delightful Christmas comedy includes JOHN RUSH and DAVE FISHER (Chemistry), JOHN GIBSON and DAVE RAHM (Physics), ED and GINNIE SAYRE (Chemistry and Administration), BARBARA SWARTZ and PAT TOWEY. The production is directed by JOE JACH (Solid State).

— GET YOUR TICKETS NOW! —
DECEMBER 4, 5, 6 - AT 8:30 P.M. - IN THE THEATRE.

CHRISTMAS CANDY

Beginning Monday, November 17, the Personnel Office will again be taking orders for Christmas candy. This year Swersey's chocolates, hard candy, cookies, fruit cake and a Kiddie Christmas Kit will be offered.

Orders with full payment will be taken through Wednesday, December 17 and can be picked up on Monday, December 22.

SET SHOTS

The Oldtimers caught fire in the last quarter to tie Chemistry, and then went on to win in overtime 35-31. W. Kenney scored 12 (including 3 of the 4 points in overtime) and J. Pontieri 11 for the Oldtimers, and Lark led all scoring with 13 for Chemistry. Chemistry is still looking for the high scoring offense to go with good rebounding and a strong defense.

Biology displayed a unique two platoon system in rolling over a hustling but outmanned ADD quintet, 49-21. For the winners, H. Marshall drove for 10 points, D. Steffensen dunked 9. W. Ray turned in an excellent rebounding performance. Guthke paced ADD with 8 points.

In the most exciting game of the early season Metallurgy squeaked by its

strongest contenders, the Phoubars, by a score of 49-47. A pair of last minute free throws by W. Lanyi decided this one. Lanyi was high scorer of the game with 23 points, while Brandon netted 10 and Hambly 8 for Metallurgy. W. Reems, scoring 16, and Jackson 13, were again the 1-2 scoring punch of the Phoubars, and G. Sabine played a strong floor game to go with his 8 points.

A. EDMUNDSON

Games This Tuesday

6:15 - Phoubars vs. ADD
7:30 - Metallurgy vs. Chemistry
8:45 - Nuclear Eng. vs. Biology

POOL OPENS FRIDAYS

Because of the numerous requests the pool will be open Friday evenings instead of Mondays, beginning Friday, DECEMBER 5. This will give employees a chance to bring their families to the pool with no worry about "school tomorrow."

NEW POOL SCHEDULE

Effective December 2

TUESDAY - 5:00 P.M. TO 10:00 P.M.
WEDNESDAY, THURSDAY AND FRIDAY
7:00 P.M. TO 10:00 P.M.

CRACK - SNAP - POP

The Upton Rifle and Pistol Club held its November 20th meeting with the club's vice-president, Phill Mallory, presiding. 18 members attended this meeting and decided that the monthly meeting would be held on the first Thursday of each month and the Executive Board would meet on the last Thursday of each month.

The members and the Executive board agreed that the December 4th meeting would be a good time to re-write the clubs' By-laws and hold an election of Officers of the U.R.P.C. for 1959.

E.H. Foster, club secretary-treasurer, was assigned additional assistance by the selection of membership assistants and it is now possible to join the Club thru these assistants who are located throughout the entire Laboratory. The assistants are: Paul Hitchborn, Cosmotron; Sal Giannino, Security; Fred Keute, ADD; Pete Columbo, Hot Lab.; Jerry Everly, Reactor.

BOWLING BITS

MONDAY - MAGGIOS

Mixers 3 - Shamrocks 1

The Mixers really earned first place tonight squeezing out a final game 814 to 810. The Shamrocks didn't have the Irish Luck. High game for the match however was the Shamrocks S. Reilly with a 197.

Reefers 3 - Glass House 1

With L. Lucas' 551 (219) series the Reefers poured it on the Glass House Gang. The Reefers averaged 794 per game.

Fire Dept. 3 - Hot Pots 1

Capt. Joe Rhodes had a good night to help his team take 3 points. Joe hit a neat 215. That ends the second round of our league and so far it's been a lot of fun with a lot of good sports.

G. HARDMAN

WEDNESDAY - MAGGIOS

Ptuis 4 - ADD Techs 0

A. Beckwith 254-583 series.

The Ptuis still clung to the first place spot by downing the ADD Techs 4 to 0. Artie Beckwith lead the barrage with a high game of 254, 583 series, backed up by Dick German's 206. A. Guthke's 181, 511 series was not enough for the losers.

The Designers still in second place took 3 points away from the Dirty Birds. L. Chirco lead with a 187, E. Sperry 186, and J. Rocklein's 184. P. Pion lead the losers with a 190, 518 series.

The Phoubars stayed in third by having a bye, but R. Brown rolled a 243 practice game.

The Fiscal team came back to take 3 points from the Chain Gang. H. Bohn rolled a 219, 201 for a 554 series for the winners. For the losers A. Brems had 185, M. Bull's 174 and R. Fuka 173.

WEDNESDAY - PBC

The Scotches "spiked" by J. Nocar's 502 series and steady bowling of "Mac" & "Moose" jumped from 10th to 6th place by taking 4 points from Woodbutchers.

Inspired by Captain Cross' presence the Irregulars with H. Shipley's 226, 516 series took 4 points from the 2nd place Techs. Even so, Ed Heins bowled a 528 series and Bob Dvorak a 204, 525 series for the losers.

Fiscal went from 11th to 8th place by taking 3 points from Chemistry thru the efforts of "sore thumb" Ken Rose and his 517 series and Captain Tiller's 194, 542 series. J. Webster rolled a 515 series for Chemistry.

Metalliks took 3 points from S&M with B. Galen's 551 series, S. Pollack's 530 series and W. Tremel's 205, 511 series. Despite this set back S&M still leads the league. C. Boulin rolled a 204, 581 series, L. Adamec 197, 514 series and S. Palermo 200, 540 series.

S. Takats rolled a 201, 207 and 214 for a 622 series and T. Newham a 219 which made the difference as the F.D. quenched the Bismuth Kings 3 to 1. Iarocci bowled a 199 as the Down Unders beat the Loopers 3 to 1. R. Sick rolled a 515 for the losers. Polsecs out-pointed Biology 3 to 1 with Lou Lento's 501 series. Hot Lab sweated out the evening and squeaked by with half a point as the Nuclides "fissioned" with McNulty's 203, 214, 542 series and Isler's enthusiasm.

There **WILL BE** bowling this Wednesday. Secretary, BILL BENEDICT

NATIONAL SAFETY COUNCIL

BNL SAFETY RECORD

**10 Days Since Last Disabling Injury
(Nov. 14, 1958 - Nov. 23, 1958)**

LADY KEGLERS COLUMN

Alas, the writer of this column must report that there is "no new news". The invincible Frisbees are "still flying high", the altitude sure does agree with them. They took 2 from Health Physics Wednesday with the help of their secret weapon - Janet Bohl - who brought in a 162 in the 3rd game, giving the team a

688 total series, w/o handicap.

Odds and Ends, by taking 2 from the Allthumbs, remain in 2nd place, although Medical closed the gap to only a one point lead by coming through with a complete victory over Biology. Chemistry lost two (2) to the Nightingales, moving them down one spot to a tie for 5th place with the Allthumbs.

Highlights: Mary Hall, 177; G. Siemen, 165; M. Schairer, 164; and J. Bohl, 162.

G. SIEMEN, Secretary

FOLK DANCING

The newly organized folk dancing group has now had three sessions. Under the direction of Liz and Neil Lark, we've learned many new dances originating in such countries as Greece, Scotland, Yugoslavia, Serbia, Czechoslovakia and Israel. The group has been having a delightful time and find folk dancing is fun, good exercise, and a fine way to meet new people. If anyone is interested in joining the group, come meet with us Monday evenings in the gym at 8 p.m. We'll be glad to teach you the steps of the dances already learned, and, of course, there are many new ones yet to be taught.
