MERRY CHRISTMAS

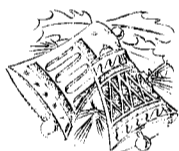

HAPPY NEW YEAR

DECEMBER 24, 1958

Merry  
Christmas

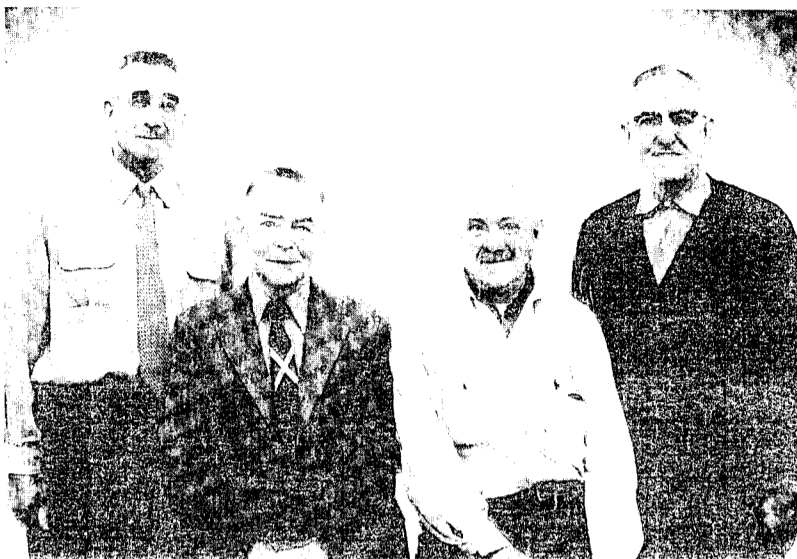

and

Happy  
New Year

## SIX BNL EMPLOYEES TO RETIRE

Employees (from left to right) who will retire from the Laboratory on December 31 are:

ERNEST JEFFRIES, Architectural Planning, who was employed by the Laboratory in 1947. After his retirement Mr. Jeffries intends to devote much of his time to his favorite hobby - making Early American furniture.

CHARLES ROSELIUS, Photo-Duplicating, who has worked at the Laboratory since 1953. Mr. Roselius makes his home in Coram and is active on the school board there.

CHARLES SCHELL, who intends to relax and enjoy his retirement. Mr. Schell came to the Laboratory on the same day as Mr. Jeffries, March 24, 1947. He now lives in Rocky Point.

THOMAS WALSH, Plant Maintenance, who has been employed at the Laboratory since 1947. Mr. Walsh lives in Patchogue and is looking forward to his retirement although he threatens to do an odd job occasionally.

Not included in the picture are:

MAE MISCH, Plant Maintenance, who lives in Mastic Beach, and has been employed at the Laboratory since 1947. Mrs. Misch will be employed all day, every day taking care of her family.

LOUIS KUDRLE, Instrumentation, who is looking forward to a wonderful vacation, has been with the Laboratory since April 1947.

## DIRECTOR AWARDS TEN-YEAR PINS AND CERTIFICATES

The second annual presentation of certificates and pins to employees who have completed ten years of service with the Laboratory was made by Dr. Leland J. Haworth on Tuesday, December 23, in the gymnasium.

Over one hundred "old-timers" and their supervisors attended the ceremony initiated last year as the Laboratory's annual expression of recognition for ten years of faithful service. Now, almost six hundred pins and certificates have been presented, indicating that well over one-third of all present employees have been here ten or more years.

After the presentation, refreshments were served and the group enjoyed the chance to get together and reminisce. To complete the day, Dr. Haworth, in the course of his annual talk to all employees, again thanked the ten-year people for their contribution to the Laboratory. His thanks were echoed, with loud and long applause, by everyone attending.

## BOWLING BITS

### APPROXIMATE MATCHES

#### Class House 4 - Shamrock 1

With the combined efforts of Rob Gaffga and Tom Holmquist, the Glass House Gang put on a fine exhibition of bowling over their heads. Gaffga 558 (210) Holmquist (520). To make things a bit rougher Holmquist converted the 6-7-10 split. Three game total for the Glass House Gang was 2488. Not bad for a 700 team.

#### Mixers 3 - Fire Dept. 1

The Fire Dept in their desperate drive to get into the cellar finally made it, with the help of P. Peters (93). There were a couple of wise guys on the team who didn't follow the rules. Kinney bowled a 220 game and Adams had a 539 series. The Mixers just kept their steady pace.

#### Hot Pots 2 - Reefers 1

Refrigeration couldn't cool off the Hot Pots as the Hot Pots took 3 more for 6 out of eight points in two weeks. Ed Selleck was high for the Hot Pots with 464 series. Lucas was high for Reefers with 494.

### APPROXIMATE MATCHES

#### Phoubars 4 - Designers 0

Due to postponed games the only action seen at Maggios was the Phoubars battling the Designers. Looks like the Phoubars have really started to make their move as they downed the Designers 4 to 0. L. O'Laughlin rolled 211, 543 series, P. Brown 181, 502 series, Red Gardenier 187, 523 series, P. Vogt 189, 512 series and T. Marrian 190, 507 series. For the Phoubars team total pins rolled were 2587, highest so far. Team average per man was 517 pins. For the losers L. Chirco rolled a 177, 500 series while E. Sperry with a 185 and S. Rocklein a 181.

## FOLK DANCERS MOVE TO NEW STOMPING GROUNDS

After a couple of weeks vacation to recuperate from last week's party, the folk dancers will meet regularly again starting Monday, January 5. Dancing begins at 8:00 p.m. and lasts till about 10:15 p.m. Note that we'll now be meeting in the RECREATION HALL in the apartment area instead of the gym.

Encouraged by a successful start with an enthusiastic group who have moved along quickly, we're extending a special invitation to people who have danced a little before to join us now. In order to familiarize them with our present stock of a few dozen dances we'll have a "walk through" of many of them the next couple of weeks.

This will be the last chance for people who have not danced before to begin with ease. Everyone is always welcome, but after this many dances will not be taught again and beginners would find it difficult to "catch up."

LIZ AND NEIL LARK

SAFETY RECORD  
REEL SAFETY RECORD

7 Days Since Last Disabling Injury  
(Dec. 11, 1959 - Dec. 21, 1959)
