VOLUME 12 - NUMBER 23

JANUARY 14, 1959

## THEATRE GROUP READING

On Thursday, January 15, at 8:15 p.m. there will be a reading of "The Cave Dwellers" by William Sorayon, at the home of Lee and Lulu Grodzins, in East Patchogue. All are welcome.

**DRIVING DIRECTIONS:** South Country Road to Munsell Road, (E. Patchogue). Turn North onto Munsell Road, then onto first left, first right, first left, and first right. The house appears as second from the right.

## EVENTS AND MEETINGS

### RECREATION BUILDING, T-317 (York Lane - Apartment Area)

**CLUB ROOM** facilities are available daily and working space is provided for the following:

**CAMERA CLUB:** Fully equipped photographic dark room. Regular meetings - 2 - held on the second Monday and last Tuesday of each month.

**CERAMICS GROUP:** Work space and necessary capital equipment (kiln, potter's wheel, etc.) Meetings and classes to be announced.

**MODEL RAILROAD CLUB:** Extensive layout of electric H.O. Gauge trains. Regular meetings - every Friday evening - 7 p.m.

**RIFLE-PISTOL CLUB:** Regular meetings - general membership - first Thursday of every month - 7:30 p.m.

Membership in any of these groups is always open to every employee of the Laboratory. Newcomers are invited. For additional information, call G. Sabine, Ext. 391.

In addition to the organized clubs the main floor of the Recreation Hall is in use by various dance groups:

**SQUARE DANCES:** To be held monthly (when possible). Next dance to be held Tuesday, January 20, 8:30 p.m.

**DANCE CLASSES:** A course given by professional instructors from the ARTHUR MURRAY DANCE STUDIO will begin on Wednesday, January 21 at 8:30 p.m.

**RECORD DANCES:** Are now under consideration - possibility of 2 per month.

**FOLK DANCE GROUP:** A gathering of approximately 40 assemble at the Recreation Hall every Monday at 8:00 p.m. Newcomers always welcome.

The Recreation Hall is open each evening Monday through Friday from 5 p.m. to 11 p.m. You may lounge, read, play records, etc. For additional information, call the Recreation Office, Ext. 391.

## BNL HOLIDAYS 1959

The following holidays will be observed by the Laboratory during the 1959 calendar year:

Thursday	January 1	New Year's Day
Friday*	January 2	Holiday
Monday	February 23	Washington's Birthday
Friday	May 29	Memorial Day
Friday	July 3	Independence Day
Monday	September 7	Labor Day
Thursday	November 26	Thanksgiving
Friday*	November 27	Holiday
Thursday	December 24	Half Holiday
Friday	December 25	Christmas

The two holidays marked with an asterisk are so-called "Floating Holidays" which each year are so placed as to provide for a four-day week-end.

## SQUARE DANCE

### "FEARSOME FOURSOME" TO RIDE AGAIN

This is it! The most economical, enjoyable evening you will have all winter. Mark it on your calendar right now!

**TUESDAY, JANUARY 20, 1959 - 8:30 P.M. - ADMISSION - ZERO**  
**RECREATION BUILDING (YORK LANE APARTMENT AREA)**

Music will be provided by WILLIE, CHRIS, OLE', AND EWEN - better known as "The Fearsome Foursome."

Liquid refreshments will be available!

## STAMP COLLECTORS

The Alaska Statehood Commemorative Stamp now on sale at the Upton, N.Y. Post Office. —S. GARRETT

## THEATERGOERS

LENA HORNE - RICARDO MONTALBAN  
IN JAMAICA

There are some theatre exchange tickets on hand at the Recreation Office to "JAMAICA".

It is suggested these tickets be exchanged for discounts well in advance to insure accommodations.

## ATTENTION! ATTENTION!

The Laboratory Residents' Association is sponsoring an international coffee hour. This activity is designed with the sole purpose in mind of affording the members of the Laboratory to become acquainted with one another. With this purpose in mind, we are inviting you to come out and join us on Thursday evening, January 15, 8 p.m. at the Recreation Hall in the apartment area. Color slides will be shown of the Western part of the U.S.

—M. KUGLER, Social Chairman  
Laboratory Residents Association

## BOWLING BITS

### MONDAY: MAGGIOS

The Monday League has been bowling right along through the Holiday Season, and we've had some new firsts for the BNL Monday League. We had our first position night and our first 600 series.

#### Shamrocks (45-23)

##### Fire Department (26-42)

The Shamrocks widened their lead to eight full points by taking 3 points from the Fire Dept. Al Tierney (Shamrocks) had a 605 series with a 201, 217 game. This is the first 600 series that I remember in our Monday League. For the losers Dick Adams put a few strikes together for a 215 game.

#### Reefers(37-31) - Mixers(35.5-32.5)

The fast moving Refrigeration Team took three points from the Mixers and moved right into second place. A big reason for their move has been J. Lucas' steady bowling. Joe finally caught fire last night to take over high series from Al Tierney. Joe hit 221-223-168 for a 612 series. For the Mixers Joe Cardamone hit a 203.

#### Glass House (36.5-31.5)

##### Hot Pots (24-44)

The Glass House Gang didn't get any handicap last night, but they still took two points from the Hot Pots. L. Newman hit a 181 for the Hot Pots, who seem to be short of men again.

—G. HARDMAN

### WEDNESDAY: PBC

The Techs increased their lead by defeating Polsecs easily 4 to 0. Bob Dvorak rolled a 223, 183 and 201 for a 607 series, followed by L. Redmond's 496 series for the Techs.

Chemistry went from 14th to 11th place by taking Biology 4 to 0. Metaliks, with Stan Pollack's 230, 524 series; Barry Galen's 190, 521 series and Bob Jones 536 series, defeated the Irregulars 4 to 0 and climbed into 4th place.

Fire Department took the Hot Lab easily 4 to 0. Steve Takats (who was absent) was high man with a 498 series. Joe Nocar's 514 series and Fred Cermak's 183 was enough for the Scotches to down the Nuclides 4 to 0. Scotches are now in 2nd place. Bismuth Kings took the Down Unders 3 to 1 despite Gene Fales' 213, 508 series for the losers.

Woodbutchers split with the Loopers as Benson rolled a 196, Seitz 185 and Fred Ruppert a 509 series. Frank Walsh tried to inject a winning spirit into the S&M team with his 509 series but all they could do was split with Fiscal 2-2. Jerry Tiller was high man for Fiscal with a 523 series. Charlie Boulin rolled a 212 for S&M.

BILL BENEDICT, Secretary

## WEDNESDAY: MAGGIOS

### Phoubars 3 - Ptuis 1

The Ptuis with all the rest couldn't do much with the oncoming Phoubars who took them 3 to 1. The spark for the Phoubars was Ole's 191 - 513 series and for the losers D. Stelmaschuk's had 173.

The Chain Gang took three points away from the ADD Techs. The Chain Gang had a little advantage as they rolled against only three men. No high games to speak of was rolled.

The Fiscal and the Dirty Birds split 2 to 2. For the Fiscal, R. Brouwer rolled 161 and 160.

The Designers had a Bye.

### BNL SAFETY RECORD

30 Days Since Last Disabling Injury  
(Dec. 13, 1958 - Jan. 11, 1959)

### CARE TO DANCE?

Did you go out last Saturday night with your favorite partner? Did you go to dinner and later dance the night away 'mid soft lights and music? Or do your evenings out mean a movie and the diner for coffee?

Soft lights and music sound romantic, don't they? Why should you and your one-and-only be left sitting on the sidelines?

And for you wizards of the old soft shoe, do the new dance crazes baffle you?

Well for both of you we'd like to offer a solution. Bring yourself and your partner, or come alone, to the ARTHUR MURRAY DANCE CLASS which will be held at the Recreation Hall, York Lane, beginning Wednesday, January 21. You will choose the dances to be taught and more's the fun that's in store while you're learning.

Come alone, bring a friend or descend on the Recreation Hall "en masse". Remember - Wednesday, January 21, 8:30 p.m.

—M.S.

## SET SHOTS

A fired-up Chemistry team, which had won only one game previously, upset unpredictable Biology 30-27. Rush led Chemistry with 14 points, and Lark contributed 8. Steffensen scored 7 for Biology.

Metallurgy clinched the championship for the first half of league play by trouncing ADD 45-9. Frei dumped 19 and Klamut 9 for Metallurgy. ADD, deprived of the services of Stohr and Guthke, could not locate the basket.

The Phoubars swept into undisputed second place, as they clubbed the Oldtimers 48-39. Carstens collected 18 and Reems 12 for the Phoubars, while Kenney netted 18 and Prach 11 for the Oldtimers.

In the final standings for the first half, Metallurgy established a 6-1 record and the Phoubars were 5-2. Biology and the Oldtimers tied for third with four wins and three losses. Chemistry and ADD followed with 2-5 and 0-7 records respectively. The second half begins with clean slates for all teams and the winner of this half (if not Metallurgy) will meet Metallurgy in a playoff for the league championship.

### Games This Tuesday

6:15 - ADD vs. Old Timers

7:30 - Phoubars vs. Chemistry

8:45 - Metallurgy vs. Biology

## LADY KEGLERS COLUMN

That mystical, outer space team of which we've been writing, the "Frisbees", have proven to be earthlings after all! Chemistry has come through with a total victory over the "High Flying" Frisbees to prove that they are beatable. This has helped the morale of the Ladies League no end, since opinion had it that it just couldn't be done. To be completely fair, we must report that Chemistry went haywire, bowling a 790 series the 2nd game. Helping this along was Mary Perrier's 162-419 series, Dot Carpino's 181-462 series, and Ellie Norton's 182. Nice bowling gals! Even the Frisbees secret weapon, Janet Bohl, couldn't pull the team through by converting the 3-7 split.

Odds and Ends took 3 from Nightingales, with the help of R. McCann's conversion of the 6-7-10 split. This puts them back in 2nd place and the gap between 1st and 2nd has been narrowed down to 3 games.

Medical helped break the tie for 2nd place by taking 2 from Health Physics, and Biology held their own - winning 2 from the Allthumbs, with their Doris Wimber converting the 7-8-10 split.

Looks like anything may happen from here on in, so by all means, don't miss next week's installment of this fascinating serial.
