BERA'S ST. PATRICK'S DAY DANCE

In order to have a Laboratory-wide dance there must be a committee to help plan and prepare for it.

If you want a dance, we must have volunteers. Call G. Sabine, Ext. 391. There will be a meeting of committee this Friday, noon, at the Recreation Office.

CAMERA CLUB

The Camera Club will hold a demonstration on the developing of color film on Tuesday, February 24, 7:45 p.m. at the Recreation Building.

Those present will photograph each other on a roll of film which then will be developed to demonstrate the technique of developing color slides. Everyone try to attend.

The best black and white pictures from our February 9 meeting will soon be on display in the cafeteria and will later be hung in the Recreation Building.

NEW SWIM CLASSES START

ADULT - Wednesday - 5:15 p.m.

CHILDREN - Thursday - 5:15 p.m.

Classes will begin this week. There is still room for you to join the group. A fee of \$3.50 must accompany your registration at the pool or Recreation Office.

HOME STUDY COURSE IN NUCLEAR ENGINEERING

CREI Atomics, a Division of the Capitol Radio Engineering Institute, Washington, D.C., is offering a Home Study Course in Nuclear Engineering Technology. Copies of a brochure describing the course, and application forms for enrollment, can be obtained from Personnel Services, 58 Brookhaven, Ext. 2107.

WASHINGTON'S BIRTHDAY

As previously announced, Monday, February 23 will be observed as a regular Laboratory Holiday.

SQUARE DANCE TONIGHT

TUESDAY - FEBRUARY 17 - 8:30 P.M.

Come out to the Recreation Building on York Lane and swing your partner to the tunes played by the FEARSOME FOURSOME. Soda, beer, chips and pretzels are available and there is NO ADMISSION CHARGE!

SET SHOTS

Biology bounded ADD, 58-25, as the losers faded badly in the second half. All 8 of Biology's players scored for the second straight week, with Ray connecting for 15, Yount 11, Steffensen 9, and Holmquist 8. Lawrence hit 10 and Constant 7 for ADD.

Metallurgy dominated every phase of the game and obliterated the Phoubars 64-42. Lanyi ripped for 17, Frei 16, Brandon 15, and Hambly 9 for Metallurgy. Carstens, with 19, and Merriam, with 11, sparkled for the Phoubars. By winning this "must" game, Metallurgy vaulted into a three-way first place tie with the Phoubars and Biology.

A surprising Chemistry team put on its best show of the year in subduing the Oldtimers 58-43. Lark swished 19, Rush 13, Fisher 11, and Pixley 8 for Chemistry. Prach bagged 16, Pontieri 11, and Kenney 11 for the Oldtimers.

The most difficult and unsung job on the basketball court is that of score-

keeper. We'd like to acknowledge publicly the efforts of all our scorekeepers, especially Stevenson, Holmquist, Miller, and Mrs. Kenney.

—A. EDMUNDSON

TABLE TENNIS TOURNEY

The tournament will begin the week of February 23. Entries will still be accepted at the Recreation Office through this Thursday.

A schedule of the draw and the regulations governing the play will be posted in the table tennis room at the gymnasium, Monday, February 23. All contestants are requested to stop at the gym to check the schedule.

Tournaments will be run in both singles and doubles. Trophies will be awarded by BERA.

COMING EVENTS

March 2 Movie "The Wild Oat"

10 Concert "Rampal and Veyron-Lacroix"

BOWLING BITS

WEDNESDAY: PBC

TEAM	WON	LOST
1. Techs	58	22
2. Fire Department	50.5	29.5
3. Metalliks	50	30
4. Polsecs	47	33
5. Scotches	46	34
6. S&M	43.5	36.5
7. Fiscal	39	41
8. Chemistry	37.5	42.5
9. Down Unders	37.5	42.5
10. Loopers	36.5	43.5
11. Nuclides	36.5	43.5
12. Woodbutchers	35.5	44.5
13. Hot Lab	34.5	45.5
14. Bismuth Kings	33	47
15. Irregulars	32	48
16. Biology	23	57

The Technician's "poured it on" again and beat the Fire Department 4 to 0. Dick Larsen was high man with his 199, 212, 557 series, followed by Leo Redmond's 172, 200, 526 series; Dick Hildenbrand's 190, 516 series; Bob Dvorak's 186, 510 series and Ed Hein's 181. Polsecs applied the pressure as George Kennedy, Lou Lento, Frank Remy bowled steadily to defeat the Bismuth Kings 4 to 0.

Down Unders, without the usual help of J. Perry, beat the Irregulars 3 to 1. Mike Iarocci's 187 and his steady bowling made the difference. The Irregulars were handicapped by bowling with only 3 men. Biology managed to defeat the Scotches 3 to 1 in another close session.

Metalliks tripped Nuclides 3 to 1 as Captain Galen, Walt Tremel, Stan Pollack and Bob Jones bowled steady games. L. Kukacka's 194 saved the Nuclides from a complete loss. S&M overpowered the Woodbutchers 2½ to 1½. Lou Adamec rolled a brilliant 190, 207, 176, 573 series. Steve Palermo duplicated this feat with a 174, 201, 197, 572 series. Bill Ruppert rolled even games of 160, 170, 180 for a 510 series and A. Benson a 198 for the Woodbutchers. Both teams had a tie in the 2nd game.

Chemistry defeated Hot Lab 3 to 1. Fiscal split with the Loopers 2 to 2, as Jerry Tiller rolled a 176, 203, 531 series.

High 3 Game Series

Lou Adamec, S&M	573
Steve Palermo, S&M	572
Dick Larsen, Techs	557

WEDNESDAY: MAGGIOS

The Ptuis took it on the chin again as the Dirty Birds downed them 4 to 0. For the winners P. Pion had 180 and Charles Gould had 169. For the losers D. German had 157 and Tayler 154.

The second place Designers moved within 2½ points of first place as they beat out the ADD Techs 3 to 1. Rocklein lead with a 196, 579 series backed up by Ed Sperry's 217 and A. Dick's 184. For the losers G. Stark had a 192.

The Phoubars just couldn't seem to do anything over the strong-powered Fiscal team as the Phoubars dropped 4 points. H. Bohn rolled 175, 517 series, backed up by good games of Al Saetras 193, and T. Burchill's 189. Although the Phoubars had two of their good men missing, Dick Vogt couldn't hold up by himself as he rolled 170, 502 series, B. Brown's 183, Tom Marrion's 180 and of course we can't forget that great game rolled by Mat. Rudden, "84".

—D. STELMASCHUK

LADY KEGLERS COLUMN

Frisbees are once again moving out into 1st place, widening the lead to 3 games by coming through with a complete victory over the Allthumbs.

Health Physics and Odds and Ends, vieing for 2nd place, bowled against each other this week, with the result that 2nd place is now tied, with the Odds and Ends taking 2. Medical still remains only 2 games out of 2nd place as a result of their taking 2 games from the Nightingales with the help of Jane

Marshall's 172 game. Chemistry also came through with a 2 point win over the Biology team, with Dot Carpino helping the team along with a 177 game.

CLASSIFIED ADS

For Sale

RUG - All wool, beige with tint of pink, 15 ft., 9 in. by 12 ft., like new, just been dry cleaned. Too large for our living room. \$100. Call BELLport 7-0294.
