VOLUME 12 - NUMBER 31

MARCH 11, 1959

SWIMMING POOL CLOSED

The swimming pool will not be open on Friday, March 13 because of the St. Patrick's Dance.

LABORATORY ART EXHIBITION

It has been proposed by an interested group that the BERA sponsor a two-week art exhibit to be held semi-annually or annually at the Laboratory, as a part of the cultural activity program of BERA for the benefit of Laboratory employees.

The exhibitors would be professional contemporary Long Island artists with well-established reputations. It is hoped that the artist or some other qualified speaker would be available at the opening of the exhibit for an informal lecture.

There would be no remuneration to the artists and no sales or other commercial activity involved.

Since there is no apparent method of having an activity of this nature support itself, it has been suggested that the BERA underwrite the costs which cover shipping and insurance charges.

The purpose of the questionnaire below is to sample the opinions of employees regarding this proposal.

Please fill in and return to George Sabine, 3 Center.

NAME

BLDG.

Yes No

1. Would you be interested in attending such an exhibit? ☐ Yes ☐ No
2. Would you be interested in meeting the artist or attending a lecture in connection with the exhibit? ☐ Yes ☐ No
3. Do you prefer abstract ☐ or descriptive art ☐ ?
4. Would you prefer to see Oils

other?

ST. PATRICKS DANCE THIS FRI.

PROMISES TO BE BEST EVER

This Friday evening will herald in one of the most memorable occasions ever—the BERA St. Patrick's Dance. Everything from flowers to entertainment has been planned to provide you with an evening of fun and gaiety.

Bring your own bottle; beer and set-up will be provided at cost. Potato chips and pretzels will be free. In the late evening, frankfurters and coffee will be sold.

Under a green and white decor with soft lighting, you'll dance the tango, cha cha, rumba, fox trot, and waltz to Mike Greco and his band. Carnations, colorful balloons and perfect entertainment will all be yours from 9 p.m. until 2 a.m.

The cost is just \$1.00 per person. Tickets will be sold at the door. Don't forget—a huge door prize will be given away so hold on to your ticket stubs. See you there!

LADY KEGLERS COLUMN

Odds and Ends gained a mite on their lead on 1st place, now holding it with a margin of 2 games. They took 2 from Medical, with a very tough battle, we might add, rolling all three games over 700 series. Chris Podlaski was in their fighting for her team, however, coming through with a beautiful 220 game. VERY NICE BOWLING! This beats her high game for the league of 202 (this whole match brought forth the general chaos which we forecasted last week, what with the Frisbees rooting Medical on. If you have any doubts, just ask anyone within two blocks of the bowling lanes). Health Physics took 3 from the Nightingales, (which puts a little more pressure on Medical), with the help of Pat Majkowski's 173 game. Allthumbs, coming out of their slump by taking two again, this week from Chemistry, with Elaine Daniels nudging them along with her 167. And last, but far from least, we come to the Frisbees who now hold 2nd place. What has hap-

pened to this miraculous team, we can only guess; but they lost 2 to Biology (Carmel Audet rolling a 165).

High games and series: C. Podlaski 220, 508; G. Neuhoff 167; G. Siemen 180, 517 (new high series for league).

League standings	WON	LOST
Odds and Ends	43	26
Frisbees	41	28
Health Physics	40	29
Medical	37	32
Chemistry	35.5	33.5
Biology	29	40
Allthumbs	28	41
Nightingales	21.5	47.5

—G. SIEMEN, Sec.

HELP!

Since Monday evening the decorating committee, under Fredi Hoffmann, has been going full steam ahead. More help is needed and there is still plenty of beer on hand (all free). Come on down to the gym, Tuesday, Wednesday, and Thursday evenings. Work and fun get under way at 7:30 p.m.

GIRLS NEEDED!!

Girls are needed to give just fifteen minutes of their time at the St. Patrick's Dance to hand out green carnations. If you would like to volunteer please call Marianne Kugler, Ext. 602.

NOTICE

Will the person who borrowed the Saber Saw from T-248 please return it. Thank you. J. Quinn, Ext. 792.

BOWLING BITS

MONDAY: MAGGIOS

Reefers 0 - Mixers 4

The Refrigeration boys have cooled off going into the stretch, and were pushed out of second spot by the Mixers. The Mixers finally got a good anchor man. Helping the team the most was Paul Levy 206 (530 series) and Carl Cantera 194 (526 series). For the losers Joe Lucas was high with a 522 series.

Hot Pots 2 - Glass House 2

The Hot Pots with steady bowling by Newman and Sucher took 2 points from

the G.H.G. Bob Gaffga the most improved bowler in the league was high for the Glass House with a 512 series.

Shamrocks 3 - Fire Dept. 1

It is evident now that the Shamrocks will sew up first place by St. Patrick's Day, and they better indeed. With only a couple or three more weeks, they need one more point to cinch it.

WEDNESDAY: MAGGIOS

The first place Phoubars, by the skin of their teeth, just managed to squeeze out the fourth point from the Dirty Birds. Leading bowlers for the Phoubars were Red with a 186, 542 series, R. Vogt with a 200, 541 series, T. Marrior 186, 531 series and R. Brown 197, 520 series. For the losers Meyer had 187 and Gould 166 and P. Pion 166.

The second place Ptuis just about took three points away from the Fiscal team. R. German had a 185 and A. Beckwith 179. For the losers Saletros 179 and Boehm 165.

The Designers also had a close battle as they took the last game by one point thus taking three points. A. Dick had a 180, 511 series backed up by Ed. Sperry's 200, Rocklein's 210, and Chirco's 181. For the losers Maile had

a 203, 516 series, Brems 190, 513 series and R. Walton 183.

The ADD Techs had a bye.

—D. STELMASCHUK

BNL SAFETY RECORD

**20 Days Since Last Disabling Injury
(Feb. 17, 1959 - March 8, 1959)**

FOR MEN ONLY!!

Have you asked your favorite girl to the coming St. Patrick's Dance, Friday, March 13??
