VOLUME 12 - NUMBER 33

MARCH 25, 1959

CERAMICS CLUB COURSE

The number of persons interested in the ceramics course greatly exceeded the number that can be conveniently handled.

The first class began last Wednesday evening and another class will be started in about 8 weeks on a Thursday evening. Additional classes will be organized if they are needed.

Call G. Sabine, Ext. 391 to reserve a place on the list.

GYM CLOSED

The gymnasium will be closed for recreation activities until Monday, April 6. The locker rooms and swimming pool will remain open as usual.

ATTENTION SPIRITUALISTS

If you have a suppressed desire to dabble in the occult, you may be interested in exhibiting these desires in public. Urgently needed are one medium, one or two beautiful ghosts, and other assorted characters for parts in the theater group's spring production of Noel Coward's *BLITHE SPIRIT*. Try-outs will be held Wednesday, Thursday, and Friday, March 25-27 at 12:30 p.m. in the theater. Also Thursday night at 8:30 p.m. Unknowns are especially sought. If you would like to look over a script beforehand or desire further information, please call Walter Hamilton, Ext. 2125.

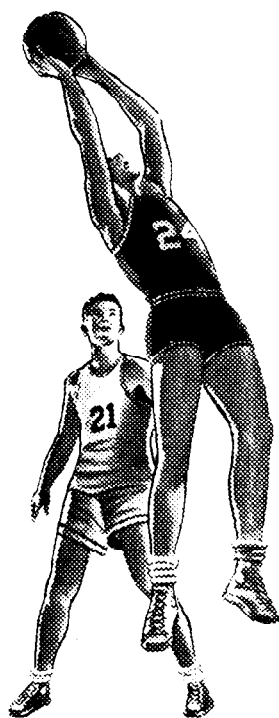

PERSONNEL MONITORS HEALTH PHYSICS IN CINDERELLA VICTORY

In four hotly contested volleyball games, played as if the ball were contaminated, the undermanned, out-weighted Personnel team eeked out a total point victory over the Champion Health Physics team. The victors in capturing the trophy won 12-15, 13-15, 15-5, and 11-15, for a 51-50 total point win. In addition to this upset win, most bookies in the area took a severe loss as the victors went into the contest as 20-1 underdogs. An anonymous spokesman for the victors credited the victory to these extreme odds as well as a crooked referee.

SKIN DIVING CLASS

If enough employees are interested, a class in skin diving, i.e. the proper use of fins, face mask and snorkel, will be given at the Laboratory pool. Call G. Sabine, Ext. 391, for further information.

METALLURGY BNL BASKETBALL CHAMPS

Metallurgy clinched the championship by defeating the Phoubars 55-49 in the playoff game for first place in the second half of league play. Metallurgy had previously walked off with first place honors in the first half. Klamut killed the Phoubars with 19 points, and Lanyi hit 2 field goals and 11 of 12 free throws for 15 points. Jackson scrambled for 16 and Carstens 14 for the Phoubars.

We missed the write-up of the last games of the season 3 weeks ago.

The Phoubars squeaked past Biology 55-52, in overtime, in one of the most exciting (and bruising) games of the year. Reems scored 15, Carstens 14, Sabine 10, and Jackson 9 for the Phoubars. Ray sparked for 17 and Holmquist gathered 12 points, including a couple of spectaculars in the closing minutes.

Metallurgy leisurely took care of their cousins, the Oldtimers, by a score of 61-42. Lanyi got the season's high total of 27, while Klamut bagged 10 and Hambly 8 for Metallurgy. Pontieri poured in 14 and Prach 13 for the Oldtimers.

Chemistry took advantage of a second half let-down by ADD, and went on to win 34-26. Rush led Chemistry with 13, and Lark hit for 9. Stohr and Lawrence each bucketed 7 for ADD.

It was a good league and a good year. We'd like to thank the coaches, the scorers, the referees, and BERA. How about a retirement plan for some of us older players?

—A. EDMUNDSON

MEDICAL RESEARCH REACTOR GOES CRITICAL

On March 15, at 9:44 p.m., the Medical Research Reactor achieved criticality for the first time. The MRR has the distinction of being the first reactor to be designed specifically for medical use. The reactor is an integral part of the new Medical Research Center, which includes a 48-bed hospital for research patients and laboratories for studies on medical applications of atomic energy. The Center was dedicated on December 16, 1958.

Following approximately a month of instrumentation testing and the necessary performance studies, the MRR will be available for medical research, and the production of special radioisotopes for use at the Center.

CIRCUS DISCOUNT

Arrangements have been made through Madison Square Garden for discount tickets to "RINGLING BROS. BARNUM AND BAILEY CIRCUS." They have sent us identification cards which when presented or mailed by an employee or family member will entitle same to a

substantial discount for the performances dated on the card. (March 27, April 6, 9, 13, 16, 20, 21, 22, 23, 27, 28, 29, 30 evenings).

A limited supply of these cards are on hand at the Recreation Office, T-461. Pick yours up and mail early to insure accommodations.

LADY KEGLERS COLUMN

Hear ye! Hear ye! In spite of innumerable obstacles, with everyone, including Tillie Penny, rooting for the Frisbees, the Odds and Ends managed to take 2 from them, increasing their lead on 1st place to 2 games. Health Physics took 2 from the Allthumbs, with Pat Majkowski rolling a 171, against Terry Bianco's 160. Nightingales took 2 from Biology; and Chemistry took 2 from Medical with the help of M. Perrier's 167 and D. Carpino's 162. Other high games: G. Siemen, 184; C. Podlaski, 180; H. Kelly, 174; and R. McCann, 166.

—G. SIEMEN, Secretary

BOWLING BITS

MONDAY: MAGGIOS

As was predicted in this column two weeks ago, the Shamrocks on the eve of St. Patrick's Day clinched first place by taking one point from the Glass House Gang, while the Mixers dropped three to the Fire Dept. Congratulations to Capt. J. Gilmartin and his Irish five. Reilly, Hambley, Tierney, McKenna and Hardman.

The Reefers took 4 from the Hot Pots to keep them in the big battle for second place. The Reefers, Glass House and Mixers are all within a half point of each other. The Fire Dept. only a few more behind.

The hot bowlers last Monday were Holmquist (524) and Gaffga (542) for the Glass House. Len Newman had a 193 game for the Hot Pots. Joe Lucas 202 (530) Reefers. The Fire Dept. had Kinney 199, Strier 219 and Adams 210.

WEDNESDAY: MAGGIOS

The Designers after a shaky first game came back to take the Ptuis for three points. By doing so the Designers climbed into first place and the Ptuis dropped to third. Ed Sperry lead the winners with a 227, 594 series, Rocklein with a 183, 512 series and Cuccia's 213. For the losers D. Stelmaschuk had 178, 171, W. Lambeck 177 and R. Taylor 170.

The Phoubar's being shutout by the Chain Gang 4-0 dropped to second place. Maile for the winners rolled 209, 526 series, Bull 189 and Whitaker 178. For the losers Red had 188, 529 series, D. Vogt 195, 521 series and OLe's 189, 521 series wasn't quite enough to help the cause.

The Dirty Birds and the ADD Techs had an even split 2 to 2. A. Guthke of the ADD Techs had 193, 542 series while for the Dirty Birds, P. Pion had 171.

The Fiscal team had a bye.

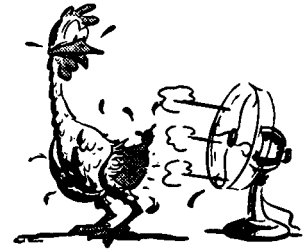

WEDNESDAY: PBC

Techs clobbered the Irregulars 4-0 as Dick Larsen rolled 214, 552 series; Bob Dvorak's 188, 508 series and Ed Heins' 183, 496 series. Captain Cross just couldn't inspire his team like he did last week against Fiscal. Metalliks fought S&M fiercely and STRUGGLED to a 3-1 victory. Captain Galen paced his team by rolling an outstanding 180, 222, 197 for a 599 series followed by Stan Pollock's 200, 513 series. S&M on the other hand, racked up the following scores in the tussle; Charles Boulin 190, 188, 522 series; Lou Adamec 201, 517 series and Steve Palermo's 515 series. S&M moved into 3rd place as the Fire Department dropped 4 points to the Bismuth Kings. Gil Spira rolled 188, 198, 535 series and Walt Kalinowski a 185 for the Bismuth Kings. Steve Takats was the only man on the Fire Department team who didn't muff strikes. Steve rolled 197, 201 and 167 for a 565 series! Biology defeated Polsecs 3-1 as Captain Lloyd Schairer came through with a 198, 503 series. Polsecs were handicapped without Remy and Lento. Captain Frank Bugala increased his average by rolling 189, 527 series. Down Unders and Loopers split 2-2. Bob Sick had another good evening with a 218, 192, 562 series for the Loopers. Harvey Lotko rolled a 201 for Down Unders. Hot Lab took Nuclides 3-1 as Charles Ruege rolled a 196, 505 series and Chick

Williams rolled a 181. Scotches defeated the Woodbutchers 3-1. Captain Jerry Tiller led his Fiscal team to a 4-0 victory over Chemistry by bowling a 189, 513 series. The noise coming from these two teams was caused by Ted Middleton's "startling" 181, J. Webster's fine "footwork" and Jim Nash's "antics".

—BILL BENEDICT, Sec.

BNL SAFETY RECORD

**Be Extra Cautious
around Moving Machinery!**

NATIONAL SAFETY COUNCIL

**11 Days Since Last Disabling Injury
(March 12, 1959 - March 22, 1959)**

The fourth disabling injury of the year occurred on March 11, 1959 when an employee received a splinter under his thumbnail, and did not obtain medical attention until five days later. By that time it was so badly infected that he was unable to work and is still unable to return to work! This makes three (out of the total of four) cases where delayed reporting of a minor injury was followed by serious infection.

CLASSIFIED ADS

For Sale

FORD - 1951, 4 door Fordomatic. Reliable, good rubber, r&h, inspected. \$175 or best offer. G. Lilja, Ext. 657 or ROn-konkoma 9-9026 after 6.

CENTURY RUNABOUT - 1948, 16 feet, 62 h.p. Gray engine, hull and engine in good shape. Asking \$875.00. Call Ext. 2220.
