BELGIAN AMBASSADOR TO VISIT BNL

His Excellency Louis Scheyven, Belgian Ambassador to the United States, will visit the Laboratory on May 3. He will be accompanied by his wife and Dr. Louis Groven, the Belgian Embassy's Scientific Consultant.

They will visit the major facilities at BNL.

PUBLIC SALE

Public sale of forty-nine (49) motor vehicles. One sedan, three station wagons, balance consists of pick-up trucks, panels and carry-alls. Inspection starts May 4, 1960. Public opening of bids 10:00 a.m., May 25, 1960, Office of the Purchasing Agent. Forms for bidding are available at Police Headquarters.

DU BRIDGE BOOK

As announced in THE BULLETIN BOARD of April 20, the first George B. Pegram Lectures, delivered at BNL in September 1959 by Dr. Lee A. DuBridge, President of the California Institute of Technology, have been published by the Columbia University Press under the title, "Introduction to Space". The ninety-three page volume, handsomely printed, contains 24 photographs and diagrams. If enough people are interested, Personnel Services will place a group order for the book. Please call Ext. 2107 if you would like to buy the book. The price is \$2.50.

HELLO, JOE?

Thought I'd give you a call to see if you and the gang were planning to come to that bowling party on May 21st. I hear they're having a band and refreshments in the way of beer and set ups. —Nope, I ain't kidding, costs nothing! They're giving out bowling trophies and a prize for best table decoration. —You say that's right up your alley? It's up mine too.

Well I'll see you about 8:30 p.m. in the Gym. So long for now.

FOLK DANCING ENDS MAY 9

Due to rising temperatures and falling attendance, after May 9 the Monday evening folk dance sessions will no longer be held.

OCCUPATIONAL THERAPY

The occupational therapy program at BNL's Medical Research Center Hospital provides patients with a wide variety of activities. Patients can pursue their own hobbies or develop new interests. Learning a new skill is a challenging and satisfying process.

The facilities for this program are spacious and modern. In the main room of the occupational therapy unit, patients work leather and metal, make belts out of gold and silver cord, braid rugs, knit on spools, engrave plastic, tool copper, sew, paint, and perform many other activities. Needlework is done on frames attached to the tables by weighted vises. There are several looms including both a large floor model on which rugs are woven, as well as smaller table looms for items such as place mats. In this mechanized era, when very little clothmaking is done in the home, weaving is a particularly interesting skill to learn.

There are two smaller rooms off the main occupational therapy room - one is for ceramics and the other is for woodworking and plastics. The ceramics unit has work tables and a kiln for firing. Patients decorate tiles and make pottery of various types here.

In the woodworking room there are electric saws and other tools. In this room there is also a hood for carrying off the gases produced when metals are etched through the use of acids.

The patients, who are treated on the prescription of a doctor, meet each day in one of two groups but the patients work individually. The sessions are NOT classes; instead the occupational therapist provides instruction whenever it is needed and guides the patient to the completion of the product. Many of the finished items are extremely attractive and the patients find great satisfaction

(Continued on Page 2)

OCCUPATIONAL THERAPY—Cont'd

in taking their handiwork home from the hospital with them or making presents of them to friends or relatives. However, the most important aim of occupational therapy is to enable the patient to perform an activity which is interesting and meaningful to him, and which also is helpful in the treatment of his illness.

Patients who cannot be moved easily are treated individually by the occupational therapist in their rooms. For these patients it is desirable to choose projects which require a minimum of equipment.

Among additional facilities is a patients' library with both books and magazines, as well as a phonograph and a good collection of records. There is a movie program - films are shown every other Wednesday evening.

Since the Laboratory site is comparatively isolated occupational therapy is an important part of the patients' free hours at the BNL hospital. From the reports of the patients, it is clear that occupational therapy plays a vital role in the overall medical program.

UMPIRES WANTED

The softball season is about to begin and once again the call is out for help with the umpiring duties. This year the leagues have voted to hire 2 umpires for each game and to pay each two dollars. Here's your chance to pick up that extra few dollars you're always missing plus some exercise and sunshine. Don't hesitate! Call G. Sabine, Ext. 391.

CAMERA CLUB

The BNL Camera Club will hold its season-end color slide and black and white print contest on May 19. Further details will be sent to the club members and will appear in THE BULLETIN BOARD.

UPTON RIFLE - PISTOL CLUB

At the last Thursday small-bore shoot Roy Domish blasted a victory with a score of 248. Second was P. Colsmann with a score of 226. A. Lukas edged out E. Hart by one point to take third place with a 224 score.

This tournament is still open to newcomers for another week. Come and join the shooting. At the monthly meeting this Thursday there will be a one and a half hour showing of movies on large game hunting, reloading and bullet casting. Everyone is invited.

TV TROUBLE SHOOTERS GUIDE

An order of Do-It-Yourself TV Trouble Shooter Guides has arrived at Personnel Services. They are on sale at 40¢ each.

LAWN PAMPHLETS AVAILABLE

Copies of "Planting and Maintaining a Lawn" by Ed Hunter of Plant Maintenance are available at Personnel Services. The pamphlet was revised in November, 1959.

PROPERTY MANAGEMENT

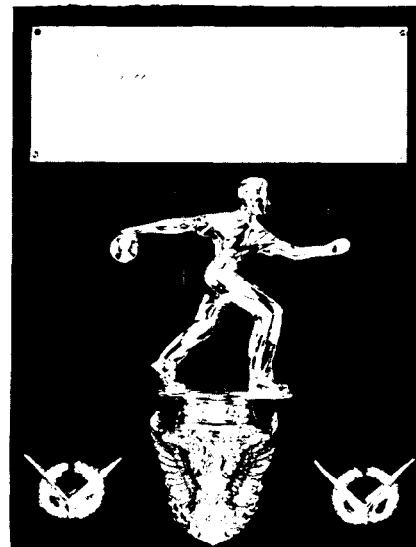

A recent change in the General Services Administration regulations provides that items up to \$3,000 in acquisition cost can be obtained at no charge to the Laboratory, except for packing and shipping charges. Among recent acquisitions found on excess lists have been a spectrophotometer, an electric fork lift, emergency surgical lamps, portable air compressors and some heavy machine tools. An electron microscope is on its way to the Laboratory. Have you kept Property Management informed as to your future needs?

PERSONNEL RECORDS

TO ALL EMPLOYEES: Be sure to report any changes in home address or telephone number to Personnel Records.

BNL SAFETY RECORD

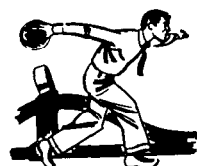

**24 Days Since Last Disabling Injury
(April 8, 1960 - May 1, 1960)**

**BOWLING
SWEEPSTAKES****NEXT!**

This is the final week of regular league bowling to determine the award winners for first and second places. Trophies for high game, high series, high average and most improved bowler will be on the line as all five BNL leagues roll their last three games in an effort to capture the prizes. Several winners have already clinched their positions. An announcement of the final standings will be made in the next issue of THE BULLETIN BOARD.

Next week the bowlers will compete in their annual sweepstakes. This is a handicap event which requires each man to bowl 4 games across 8 alleys. There will be an entry fee and the top bowlers of the evening will share in a percentage of the awards. To be eligible bowlers must have rolled at least nine games during the regular season.

At the same time bowlers competing at the Patchogue Bowling Center will take part in a buffet supper which will be provided by the management (come early). Bowlers rolling their event at the Patchogue Recreation (Maggio's) will be given four games of free bowling.

On May 18th all league winners will compete in a playoff at the Patchogue Bowling Center to compete for the Laboratory Championship Plaque.

In honor of the opening of the BNL Slo-Ball season:

CASEY AT THE BAT
Baseball's Famous Poem

—Ernest Thayer

It looked extremely rocky for the Mudville nine that day,
The score stood two to four with just one inning left to play;
And so, when Cooney died at first, and Burrows did the same,
A sickly silence fell upon the patrons of the game.

A straggling few got up to go in deep despair. The rest
Clung to the hope that springs eternal within each human breast;
They thought if only Casey could but get a whack at that—
They'd put up even money now, with Casey at the bat.

But Flynn preceded Casey, and so did Jimmy Blake,
And the former was a washout, and the latter was a fake;
So upon that stricken multitude grim Melancholy sat,
For there seemed but little chance of Casey's getting to the bat.

But Flynn let drive a single to the wonderment of all,
And Blake whom all had sneered at tore the cover off the ball;
And when the dust had lifted, and they saw what had occurred,
There was Jimmy safe on second and Flynn a-huggin' third!

Then from the gladdened multitude went up a joyous yell,
It rumbled in the mountaintops, it rattled in the dell,
It struck upon the hillside and rebounded on the flat;
For Casey, mighty Casey, was advancing to the bat.

There was ease in Casey's manner as he stepped into his place,
There was pride in Casey's bearing, and a smile on Casey's face;
And when, responding to the cheers, he lightly doffed his hat,
No stranger in the crowd could doubt 'twas Casey at the bat.

Ten thousand eyes were on him as he rubbed his hands with dirt;
Five thousand tongues applauded when he wiped them on his shirt.

Then while the writhing pitcher ground the ball into his hip,
Defiance gleamed in Casey's eye, a sneer curled Casey's lip.
And now the leather-covered sphere came hurtling through the air,
And Casey stood a-watching it in haughty grandeur there;
Close by the sturdy batsman the ball unheeded sped:
"That ain't my style," said Casey. "Strike one!" the umpire said.

From the benches, black with people, there went up a muffled roar,
Like the beating of the storm-waves on a stern and distant shore;
"Kill him! Kill the umpire!" shouted someone in the stands.
It's sure they would've killed him hadn't Casey raised his hand.

With a smile of Christian charity great Casey's visage shone;
He stilled the rising tumult; he bade the game go on;
He signalled to the pitcher, and once more the spheroid flew,
But Casey still ignored it; and the umpire said, "Strike two!"

"Fraud!" cried the maddened thousands, and the echo answered "Fraud!"
But one scornful look from Casey and the audience was awed;
They saw his face grow stern and cold, they saw his muscles strain,
And they knew that Casey wouldn't let that ball go by again.

The sneer is gone from Casey's lip, his teeth are clenched with hate;
He pounds with cruel violence his bat upon the plate;
And now the pitcher holds the ball, and now he lets it go,
And now the air is shattered by the force of Casey's blow.

Oh, somewhere in this favored land the sun is shining bright;
The band is playing somewhere, and somewhere hearts are light;
And somewhere men are laughing, and somewhere children shout;
But there is no joy in Mudville—mighty Casey has struck out!

**BERA
BOWLING****LADY KEGLERS COLUMN**

With only position night left to determine standings, the Strugglers succeeded in tying 2nd place even though they took only 1 from Chemistry, while Medical lost all 4 points to Sam's Gals. Nightingales moved back into 4th spot by taking 3 from the Frisbees, and the All-thumbs losing all 4 to the Odds and Ends. The only split conversion of the night was made by Theresa Barbato, 5-8-10. High games for the night: Grace Siemen 175, Regina Svendsen 167, Helen Kelly 164, Chris Podlaski 160.

Next Wednesday, May 4th, POSITION NIGHT, 6 p.m. It should be exciting with Medical bowling against the Odds and Ends, while the Strugglers will bowl the Nightingales. Both teams in there fighting for 2nd - it's anybody's guess what will happen. Come down and watch the fun, if you think last week was wild - YOU AIN'T SEEN NOTHING YET!!!!

BLUE LEAGUE

The Techs took 3 from Downunders with Larsen bowling a 214-574 series. Hildenbrand rolled a 206-202-553 series. Thumpers took a big 3 from the Fire Department to hold second place. Ather-ton rolled a 210-214-573 series. "Mighty Joe" had a 213-511 series. Texeira tried to stop the avalanche with a 280-570 series. The Irregulars were ready to collect four from the Cosmotron Dept. but the Cosmos put in all the second string boys and split for the evening. Potter had a 203 (last game) and the team rolled a 900 series no handicap.

The Skins took 3 from Biology with Steve Palermo 206-564 series and Weinmann had three 167 games on the nose across the board.

GREEN LEAGUE 4/25/60

Chemistry forfeit to the Fire Department which gave them no contest as League winners.

Electrons won three points from Second place Old Timers. Weilbrenner 189-412, Brockman 180-468. For the losers, Gilmartin 188-481.

The Reefers took three points from the Teasers after warming up in the first game, bringing in a new high average and game. Murphy 193-492, Ratyca 254-626, and Lucas 235-555.

**BOWLING DANCE AND
TROPHY PRESENTATION**

Saturday, May 21, in the Gymnasium

GYMNASIUM

The gymnasium will be closed for evening activities during the month of May. Shower and locker rooms will be open for softball and tennis players.

BERA FISHING CONTEST

The New BERA Fishing Contest gets into full swing on May 1st, which is this coming Sunday.

The following fish are eligible for entry: Striped Bass, Sea Bass, Blackfish, Bluefish, Cod, Flounder, Fluke, Kingfish, Mackerel, Porgy, Tuna, Weakfish, Brook Trout, Brown Trout, and Large Mouth Bass.

There is no minimum weight requirements on entries so enter all that you catch. An award will be given for the heaviest fish in each species, and an award will be given to the FISHERMAN OF THE YEAR, on the basis of total points accumulated for first, second, and third place entries in each of the species.

Entry blanks and copies of the contest rules are available from members of the contest committee and at the recreation office. The committee members are:
