BERA FILM SERIES

THE ORESTEIA

April 26 Lecture Hall 8:30 p.m.

Aeschylus's great play is authoritatively done in authentic classic manner under the supervision of The Greek Department of Randolph-Macon College.

The first two parts of this famous trilogy show the murder of King Agamemnon by his wife upon his return from the capture of Troy. Years later, Orestes, Agamemnon's son, returns to avenge his father's death. The third act introduces the famous Areiopagos, the oldest court of our civilization to try Orestes for his act. Music: National Symphony Orchestra. Direction: Nicholas Webster. In color with Greek dialogue and English narrative commentary.

DAYLIGHT SAVING TIME

Don't forget to set clocks forward one hour before going to bed Saturday night. Daylight Saving Time goes into effect in the wee hours of Sunday, April 29.

VISITORS THIS WEEK

On Thursday, April 26, a Japanese radiation safety study team will visit the Laboratory to study the operations of the Health Physics Division. BNL's high-energy accelerators and radioactive waste disposal area are among the facilities the group will tour. The Japanese team which is composed of thirteen members, is currently making a study tour of various installations in the United States whose activities involve the use of radioactive materials.

MOTOR VEHICLE SALE

A 1948 eight-cylinder Cadillac ambulance will be made available for public sale. The vehicle may be inspected at Building T-87 from April 30 through May 9 (except Saturday and Sunday) between the hours of 9:00 a.m. and 4:00 p.m. This sale will be conducted by General Services Administration. All forms may be obtained at the time of inspection. For further information, call Property Management, Ext. 2509.

Dr. James H. Wakelin presents the Navy's A. Hoyt Taylor award to CDR Jere C. Austin, Commanding Officer of NRRC 3-9. Captain Robert A. Conard, Project Officer for the award winning scientific study, looks on.

AWARD PRESENTED TO BNL RESERVISTS

Dr. James H. Wakelin, Jr., Assistant Secretary of the Navy for Research and Development, presented the Navy's A. Hoyt Taylor Award to Naval Reserve Research Company 3-9 during a simple ceremony last Wednesday evening at the Brookhaven Center. The award, in the form of a handsome bronze plaque, was presented to the company after a reception and dinner attended by the members and their families and distinguished guests from the Navy and BNL.

Dr. Wakelin, in his remarks, congratulated the BNL reservists for being

the first to win the award in competition with over a hundred other Research Reserve Companies. The award is named after Dr. A. Hoyt Taylor, a former reserve officer and naval scientist who pioneered in the development of radar. It is given, as Dr. Wakelin pointed out, only in recognition of outstanding scientific work by a Research Reserve Company.

The award was presented to "Three Dash Nine" for its work on a scientific study entitled "An Evaluation of the Need for Filtration Systems for Protection of Personnel in Structures against the Acute Hazards of Radioactive Contamination of the Atmosphere". It will be published shortly as a Naval Research Report.

BOWLING AWARDS NIGHT - FRIDAY, APRIL 27

The Awards Dance Committee has held its last meeting and completed final arrangements for the big dance. The most important thing now is the decoration of the Gym. Anyone who is willing to help, please contact G. Fales, Ext. 2359. On Wednesday night, teams will be permitted to start decorating their tables. Tables should be done by Thursday night since the Gym will be closed Friday after 5:00 p.m. There will be a change in the prize award for the best table this year – more prizes.

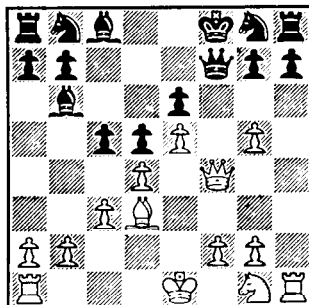

The evening will start at 8:15 p.m. At 8:30 p.m. sharp the first door prize will be awarded – so get there on time. By now everyone should have his tickets. If not, contact your league secretary. The tickets for team's happiness inhaler are being distributed this week to team captains. If for some reason your captain cannot be present, the ticket should be passed on to someone else on the team. No jugs will be given away without a ticket. Several door prizes plus a special prize will be awarded during the evening. Don't forget – there will also be food available later on in the evening.

BASEBALL BOX SEATS

BERA's box between home and third for the New York Met games is still open for May 1 – Cincinnati, May 15 – Chicago, June 18 – Milwaukee, June 22 – Houston, and August 20 – Pittsburgh. Several dates are still open in September. If you hurry, you might be there when they win their first game! Call the Recreation Office, 3 Center St.

CHESS PROBLEM

This week's problem was taken from a game played in New York between W. Shipman, playing with White, and C. Good playing with Black. It is White's move and the game is only ten moves old, but Shipman has a win in sight already. Could you do it? Answer elsewhere in this week's BULLETIN BOARD.

NO FENCING THIS WEEK

Since the Gymnasium will be closed on Wednesday, there will not be a meeting of the Fencing Club this week.

SAVE THIS DATE!

Operation Get-Together, our annual Lab-wide picnic, will be held on Saturday, July 28.

FISHING CONTEST

There is only one week left to try for this month's prize! The leader so far is Dave Papa with a 24 lb. cod.

The monthly prizes will be practical this year; such things as landing nets, gaffs, tackle baits, fishing pliers, etc., etc., are among the many offerings.

Flounder are running well on both shores. Last week, a 4 lb. flounder was caught at Port Jefferson. Note: A 3½ lb. flounder beats a 24 lb. cod.

Go Fishing!

BROOKHAVEN DIVERS CLUB

The first dive of the season will be held on Saturday, April 28. Weather permitting, the dive will be held at Roanoke Point. For all members attending this dive, there will be an organizational meeting at noon on Friday, April 27, in the Divers Club Room. For further information, please contact Bob Young, Ext. 591.

The next meeting of the Divers Club will be held at 7:30 p.m. on Monday, May 7, at the BNL pool.

SWIMMING POOL ADMISSION

I. Admission to the swimming pool will be granted only to:

1. Employees.
2. Members of employee's immediate family (members of same household).
3. Guests.
 - a. An employee or a family member will be permitted to bring no more than five (5) guests per family.
 - b. Employees must accompany and be responsible for their guests.
 - c. If several employees bring a group of youngsters they must accompany and supervise in the Pool Area.

II. Admission through the gates of the Laboratory to use the swimming pool is controlled by the Security Office. However, members of employees' family ARE PERMITTED through to use the pool if they:

1. Are accompanied by an employee.
2. Are in possession of a Season Pool Ticket.
3. Are in possession of a Temporary Identification Card issued by the Security Office.

Family members coming to the pool without the employee will be requested to present evidence of the above.

TECHS 1962 BOWLING CHAMPIONS

They've done it again! It's two years in a row now that the mighty Technicians bowling team has clinched the championship playoff. It looked for a while as if they were going to be dethroned by the Phighting Phoubars, but true to the Phoubar's thirteen-year tradition, they remained bridesmaids again.

The Phoubars, who were leading the pack at the end of their four games, played the role of spectator as the Techs took on the Fading Fire Five in the final match. The Tech crew needed a victory and 977 points to capture the honors. Anchorman Hildebrand contributed a 213 while Meir's 197 and Larsen's 181 upped their team's gross game total to 1026 which was enough to take the match and championship. Rattling around the alleys were cries of "Break up the Techs"!

High games in the competition were as follows:

Laurine	199	Larsen	192
Rhodes	193	Vogt	199, 213, 190
Connelly	210	Brown	209
Hildebrand	204, 213	Gardenier	190
Texiera	191	Dot Rippenger	155

BERA BOWLING

RED LEAGUE

With the season ended it is only right to pay a compliment to our secretary, Nick Rigopoulos. All the team Captains and men appreciate his friendliness, cheerfulness, and also his diligence in having the records ready on time. We salute the Utilities as a fine team, but must also recognize that the Biology team, of which Nick was a member, was made up of real battlers. To be in there battling on the last night for first place with a team average of 144 against Utilities at 163 indicates why we like Nick.

BULLETIN BOARD CLASSIFIED AD POLICY

1. Employees only may place ads in THE BULLETIN BOARD.
2. All items advertised for sale must be property of an employee.
3. Real estate ads will be accepted only when they involve change of residence by an employee, and are accompanied by a statement of ownership and change of residence.
