BERA FILM SERIES

MAKE MINE A DOUBLE

Monday, July 30 8:30 p.m. Lecture Hall

BERA is happy to present another in its series of British comedies. "Make Mine A Double" is a Dean Martin-Jerry Lewis type of slapstick comedy, done with a slightly lighter hand. The story is one of mystery and intrigue, which becomes entangled, twisted, and confused due to a case of mistaken identity. The picture was previously entitled "The Night He Dropped a Clanker."

VISITORS

A meeting of Mathematicians working for the U.S. Atomic Energy Commission will be held at Brookhaven from July 23 to July 27.

In addition, several groups will make one day visits to the Laboratory. The National Science Foundation Institute at Pratt Institute will be visiting the Laboratory on July 24. On the following day, a group of Fordham University students will tour the Laboratory. The National Science Foundation Institute at City College of New York will visit BNL on July 26.

NEW COURSES AT SUFFOLK COUNTY COMMUNITY COLLEGE

Suffolk County Community College will offer new evening courses for business and industry in the fall. These courses are offered as special interest courses and are not applicable to the degree programs. Among the new courses are: Professional Engineers Examination Review Course; Human Relations in Industry; Electronic Computer Programming.

Descriptions of the above courses have been posted on the Cafeteria bulletin board.

Registration will be held on September 18 and 19, from 6:00 p.m. to 9:00 p.m. For further information, contact Mr. Kenneth E. Van Sise, 533 College Road, Selden, New York.

FOLK DANCING

There will be folk dancing every Monday evening at 8:00 p.m. at the Recreation Hall.

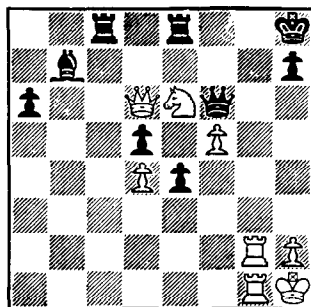

PEDESTRIAN CROSSING AT CAFETERIA

A pedestrian crossing has been established on Brookhaven Avenue from the Cafeteria parking lot to the Cafeteria main entrance. All persons crossing Brookhaven Avenue at that point should use this pedestrian crossing.

Drivers of vehicles approaching this area are required to slow down, or stop if necessary, so as to yield the right of way to a pedestrian using this crossing.

CHESS PROBLEM

In this week's problem it is White's move and win. The power of Knight versus Bishop is often argued. Here the argument lacks fairness in that the Knight is much more advantageously placed. But then that's the point about Knights, they are so powerful in front and center - and offer such changes for alertness! See the win? Answer elsewhere in this week's BULLETIN BOARD.

SOCIAL SECURITY

Question: Can I file my application for Social Security benefits before I actually retire?

Answer: Yes, you can file three months prior to actual retirement. In fact, the Social Security Office recommends that the application be filed at least several weeks before retirement, so that there will be less chance of a delay in receiving benefit checks.

Question: How often should I check my Social Security earnings record?

Answer: It is suggested that you check your earnings record every three years. Form OAR-7004 is available at your Social Security Office at 38 Oak Street, Patchogue, for this purpose.

BRIDGE

There will be a full master point game on Thursday, July 26, at 7:45 p.m., in the Recreation Hall.

Last week's winners were Mr. and Mrs. Paul Michael (N-S), and Mr. Gideon Czapski and Mr. Derek Verdin (E-W).

WEEKLY BEATS STAFF

Monday, July 16 saw the Cosmotron Staff softball team overpowered by a hot Weekly team and an "unbiased" Weekly umpire. There were many spectacular plays, climaxed by the strike out of "big" Joe Lypecky. Refreshments were served by the Staff.

SOFTBALL

by ROGER CALDWELL

What with one thing or another, I wasn't able to take in any of the games this week. Since the team captains hit the theoretical minimum in reporting the results, I guess we will just have to imagine what happened.

Lightning struck twice as Health Physics took two from the Bubble Boys, 1-0 and 33-32. The meter wavers played their usual heads-in-the-sand ballgame; Ed Scalsky actually caught a fly in left field. Don David attempted to get the games called because of impending rain, but Old-Weather-Eye Roberts cocked a thumb at the looming darkness and announced, "Don't argue with the umpire, play ball."

The Old Timers drubbed Cantwell, Inc., formerly known as the Blue Jays, 15-1. The Ancient Gents demonstrated great dedication to the game abstaining from the frosty cans and the smoking grill for at least the first two innings. It goes to prove the efficiency of spartan discipline.

It was all a horrible mistake - but down fell the Untouchables from the lovely pinnacle of the undefeated. They forfeited to Biology. It seems that Mike told Dave, who told Joe, who told Ernie, who told Louis, who told Chuck, who told George, who told everybody else, that the game was scheduled for Wednesday, or was it Tuesday?

There is a local legend told over coffee cups that a team called the Upton Downers haunts the BNL ball diamonds at weekly intervals. They're supposed to be in the National League and to have defeated Electronics the last time around, but you couldn't prove it by me. I never saw them play anybody and no one has ever called in the results for them. I doubt whether they really exist.

KEEP YOUR GUARD UP!

USE PROPER PROTECTIVE EQUIPMENT!
