MAY 7, 1963

## DR. H.H. SMITH TO JUDGE AT ALBUQUERQUE SCIENCE FAIR

Dr. Harold H. Smith of the Biology Department is one of a panel of eleven judges appointed by AEC Chairman Glenn T. Seaborg to select winners of AEC Special Awards at the 14th National Science Fair - International in Albuquerque, New Mexico, May 7 through 11.

The special AEC awards, made last year for the first time, are presented to ten high school students with the most outstanding nuclear-related exhibits at the Fair. Because of the large number of nuclear exhibits at the 1962 National Fair in Seattle, the number of judges has been increased from five last year to eleven for the 1963 Fair. Eighty of the three hundred eighty exhibits at Seattle were either devoted to some phase of nuclear science or involved in the use of nuclear research tools. With more judges, it will be possible to identify the eligible exhibitors more rapidly and evaluate their efforts more thoroughly.

## BNL LITERARY DIGEST

Persons interested in submitting material for possible inclusion in the proposed literary digest may do so by sending the material to A. Nappi, Building 465.

All manuscripts will be considered for publication by a voluntary editorial committee. The manuscripts may be poetry, short stories, character sketches, or any other form of literary expression.

This opportunity is available to all BNL employees, summer and temporary guests, and their families.

## COOKING EXCHANGE GROUP

The Cooking Exchange Group will hold its last regular meeting on Thursday, May 16, at the Recreation Building from 3:00 p.m. to 5:00 p.m. The final meeting will be an international "pot-luck" luncheon at the home of one of the members on Thursday, May 23, at 11:30 a.m. Anyone who has participated in the group is invited to the luncheon. For reservations, information and transportation, call Mrs. Bresciani, Ext. 719, or Mrs. Phillips, Ext. 724 by Friday, May 10.

## TWENTY-SEVENTH BROOKHAVEN LECTURE

By: DR. SAMUEL GOUDSMIT  
Physics Department

Title:  
"THE EARLY DAYS OF THE  
QUANTIZED ATOM"

Lecture Hall Wed., May 15 8:00 p.m.

A buffet supper (\$2.75) will be served at the Brookhaven Center before the lecture, beginning at 6:00 p.m. Reservations should be made at least one day in advance, by calling Ext. 2302 before 5:00 p.m., or Ext. 2453 in the evenings.

Refreshments will be available in the Exhibit Hall following the lecture.

## BERA FILM SERIES

"SCHOOL FOR SCOUNDRELS"

Lecture Hall Thurs., May 9 8:30 p.m.

Starring

TERRY THOMAS AND IAN CARMICHAEL

The "SCHOOL FOR SCOUNDRELS" is probably the best comedy to come out of England in recent years. The story is concerned with the adventures of a naive young man, Ian Carmichael, as he is transformed into a scoundrel in a school devoted to the art of "one-upmanship."

Terry Thomas is superb in the role of an experienced scoundrel whose pranks induce Ian Carmichael to matriculate in the School for Scoundrels.

## TIAA — CREF

Participants in the Laboratory Retirement Plan may elect to have all premiums applied to TIAA, the fixed annuity, or may elect to have a percentage of premiums applied to TIAA and the remainder (up to 50%) to CREF, the variable annuity.

These percentages may be changed once a year, effective July 1. All participants who wish to change current percentages must make application at the Personnel Office **prior to June 1, 1963.**

## VISITORS

The National Research Council Subcommittee on Use of Radioactivity Standards will meet on May 8.

## PERSONNEL SERVICES

At the Recreation Office, 3 Center Street  
Daily 9:00 a.m. to 1:00 p.m.

### BAKED SUGAR-CURED HAM

Sweet Potatoes & Green Peas  
Strawberry Shortcake  
Nuts & Mints  
Beverage

**\$.99**

## CHESS PROBLEM

This week's problem was an entry in the 13th International Tournament of the Sidney Morning Herald. It is White's move and mate in two. How? Answer elsewhere in this week's BULLETIN BOARD.

## NIMRODS ARCHERY CLUB

The members of the Nimrods Archery Club wish to extend their welcome to all prospective archers. The Club hopes that many will join for the 1963 season. Many plans are being made for an interesting and active season.

The Nimrods Archery Club is open to all employees and their wives or husband. The dues are \$3.00 per calendar year.

Members have the use of the indoor range during the winter months (at the present time this is the use of the Gym every Monday night and/ any Saturday or Sunday on request), and the use of the outdoor practice range (this has targets for beginners and the Flint Round range). Also there is a field course which is just being completed. There are seven targets on the field course now in use and there will soon be seven more. The outdoor facilities may be used at any time.

The Club plans to have many activities in the way of intra- and interclub competitive shoots. We hope to have all types of shoots so that all classes of archers will find one in which they feel they may participate. Handicaps are established to enable the different classes to compete with each other.

The Club is able to supply the use of equipment so that the prospective archer may try his or her skill before investing in a set of bow and arrows. If you wish to use this equipment, call Mary Hall, Ext. 2629, to arrange the time when you may try your hand at archery. If there is enough demand, a class for beginning archers will be organized.

The evening shoot is at the outdoor range which is located in the fire break on Fifth Street. It will begin between 5:00 and 5:30 p.m. and continue until dark. This will be the regular evening shoot during the Spring, Summer and Fall. Join and find out what fun archery can be.

If you wish any further information concerning the club, call one of the following: Al Tierney, President, Ext. 439, John Post, Vice-President, Ext. 772, or Mary Hall, Secretary-Treasurer, Ext. 2629.

## FOLK DANCING

There will be folk dancing every Monday evening from 8:00 p.m. to 11:00 p.m. at the Recreation Hall.

## SOFTBALL GLOVES

A limited amount of softball and baseball gloves are on hand at the Recreation Office for purchase at a 50% savings.

## NON-TAXABLE SICK LEAVE

The Internal Revenue Code of 1954 provides that payments made to employees for sick leave under the Laboratory sick leave policy may under certain circumstances be excluded from gross income for Federal income tax and Social Security purposes. Payments received under the following circumstances may be excluded:

1. If absence from work is caused by **sickness** extending beyond seven consecutive calendar days, sick leave payments up to a weekly rate of \$100 attributable to the eighth and all consecutive days of absence thereafter may be excluded from gross income.

2. If absence from work is caused by **sickness**, and the employee is **hospitalized** for one or more days during that absence, sick leave payments up to a weekly rate of \$100 attributable to the first day of absence thereafter may be excluded from gross income.

3. If absence from work is caused by **personal injury** (either occupational or non-occupational), sick leave payments up to a weekly rate of \$100 attributable to the first day of absence and all consecutive days of absence thereafter may be excluded from gross income.

Any employee who has sick leave payments during 1963 which fall in one or more of the above three categories should fill out form No. 989-A, obtained through your department, **immediately after the illness** and return the form to the Payroll Section. It is important to note that Form 989-A SHOULD BE COMPLETED UPON THE EMPLOYEE'S RETURN TO WORK so the information can be reported on the W-2 form next year. If you fail to report non-taxable sick leave at the time it occurs, it will be assumed that the sick leave payments are taxable.

If an employee elects to use vacation leave to provide wages while absent because of illness or injury, vacation pay may be considered in computing the amount of sick pay exclusion.

## GYM CLOSED

The Gymnasium will be closed during the week of May 6 in preparation for the Bowling Awards Presentation Evening.

## LAWN BOOKLET

What are you going to do for your lawn this spring? If you need help, come down to the Recreation Office, 3 Center Street, and get your free copy of the booklet "Planting and Maintaining a Lawn" by Ed Hunter of Plant Maintenance.

## EXPECTANT MOTHERS' CLASSES

A new series of classes of Expectant Mothers', sponsored by the Suffolk County Department of Health, is scheduled to begin on May 9, at 2:00 p.m., in the Ross Building on the grounds of the Suffolk County Community College. The series will include eight classes which will be held each Thursday afternoon through June 27. Certificates are awarded upon completion of the course.

In addition, breathing and relaxation exercises will be included. Any expectant mother, who is past the third month of pregnancy, who wishes to participate in this portion of the class, may do so with written permission from her physician.

This is a free service. Miss Susan Van Popering, R.N., will conduct the classes. Please register by calling SEden 2-3949 or write to the Suffolk County Department of Health, Box 97, Selden, New York.

## SOLUTION TO CHESS PROBLEM

Knight to Queen threatens 2 N-B3 mate. Black has four ways of defending his King. He could capture the Rook with King, Bishop or Queen, or take the King Pawn with his Rook. These moves defeat the treat, but open new mate possibilities for White.

## FOR SALE

- 1959 TRIUMPH - TR-3, Powder blue, r&h, w/w, tonneau, jump seat, 33,000 miles, good rubber. Ext. 2196 or SH 4-2992 after 5:30.
